Kiss of Broken Glass Jan 19 2022 In the next 72 hours, Kenna may lose everything—her friends, her freedom, and maybe even herself. One kiss of the blade was all it took to get her sent to the psych ward for 72 hours. There she will face her addiction to cutting, though the outcome is far from certain. When fifteen-year-old Kenna is found cutting herself in the school bathroom, she is sent to a facility for a mandatory psychiatric watch. There Kenna meets other kids like her—her roommate, Donya, who's there for her fifth time; the birdlike Skylar; and Jag, a boy cute enough to make her forget her problems . . . for a moment. Madeleine Kuderick's gripping debut is a darkly beautiful and lyrical novel in verse, perfect for fans of Sonya Sones and Laurie Halse Anderson. Kiss of Broken Glass pulses with emotion and lingers long after the last page. Supports the Common Core State Standards

The Bag of Broken Glass Dec 26 2019 "Yerra Sugarman's first book *Forms of Gone* marked the appearance of a mature poet with an invaluable world-view, that of a daughter of Shoah survivors settled in Canada interrogating and recreating a vanishing palimpsest of experience. *The Bag of Broken Glass*, with a mastery of form and of the multi-vocal sequence, enlarges on the poet's project: investigates the permutations of the erotic in the quotidian and the ways the past permeates the present; examines the natural world in its intersections with memory; examines Scripture with a contemporary exile's eye on history, psychology and language. This new book establishes Yerra Sugarman as an important poet on the North American literary landscape, as a "world" poet whose concerns have no borders."--Marilyn Hacker "Standing at prayer, mourning and grieving, preoccupied with suffering, somehow the poetry of Yerra Sugarman breaks through, functions something like a solar system--around a sun that is Beauty and constant, there moves a planet Clarity of Utterance, there are the planets History and Holocaust, and the twin planets Passion and Eye whose gravitational pulls keep it all in motion, then there is Music (a voice distantly related to a cello), and the planet Language (that like our Venus is the brightest of all), finally there is Decency, which is made of iron and has its own star. This extraordinary display in the literary heavens appears in every poem."--Stanley Moss The prize-winning selection, a "day" from Yerra Sugarman's "Journal: Rai'ut Coma Ward, Tel Aviv-Yaffo, July 2003," begins with the question, "What to call it..." and ends with a related, apposite question: "But what happens when language can no longer bear us?" The poem articulates grief and loss by indirection, accumulating sharply etched details of the quotidian to evoke absence and silence; to evoke, in other words, the unsayable. The darkness of the confrontation and its final cri de coeur stand in paradoxical balance with a poetic language almost overcharged in its sensuous appeal.... The free-verse lines are deployed with great skill, and the lyric-elegiac tone eloquently encounters the dust storm (sand storm?) of history."--Michael Palmer, Awarding Yerra Sugarman PSA's 2007 Cecil Hemley Memorial Award

Beyond the Broken Glass: Living with a Narcissistic Mother Jun 19 2019 Narcissistic personality disorder is a term widely used but highly misunderstood. Narcissism refers to excessive self-love but not of the genuine sort. These individuals have an excessive need for admiration and entitlement, which hide the low self-esteem and worth they feel within themselves and from the world. Their lack of empathy and disregard for others' feelings make them extremely toxic, and their words and actions can have devastating consequences on the people around them. A raw memoir on the effects of living with a narcissistic mother and how that shaped the development and perceptions of her daughter, *Beyond the Broken Glass* spans Brielle's life as a young girl filled with self-loathing, struggling to understand and break the abuse cycle; her struggles with an eating disorder, self-harm, and a suicide attempt as a broken teenager; and her difficulties setting boundaries and navigating her own toxic relationships with men in her adult years. She was trying to desperately find the love and acceptance her mother could never give her, until finally she finds her voice and breaks free. *Beyond the Broken Glass* offers inspiration and hope to anyone struggling with mental illness, toxic relationships, and narcissistic abuse due to their dysfunctional upbringing and to prove that no matter how bad the circumstances, we always have the power to break the cycle and take back the power to reclaim our lives.

Broken Glass Jun 24 2022 "It's moral vision, as well as the Miller voice, which remains as strong and unrelenting as a prophet's, that distinguish *Broken Glass*." - The New York Times When Sylvia Gellburg, a young Jewish woman living in Brooklyn, becomes partially paralyzed from the waist down, her husband Phillip is shocked: what could've caused this sudden condition? The answer is Kristallnacht, the horrific, anti-Semitic event occurring halfway around the world. As the Gellburgs reckon with this pogrom and with the breakdown of their own marriage, a terrifying thought emerges: will the Jewish people ever be able to avoid persecution? *Broken Glass* is one of Miller's most moving and personal works, touching on themes of Jewish identity and anti-Semitism, winning him the Olivier Award for Best New Play in 1994. This Methuen Drama Student Edition is edited by Ambika Singh, and Nupur Tandon, with commentary and notes that explore the play's production history (including excerpts from an interview with director David Thacker,) as well as the dramatic, thematic and academic debates that surround it.

Scherbenpark Mar 09 2021 »Die aufregendste Newcomerin der Saison« Der Spiegel Es war die unwahrscheinliche Geschichte eines unverlangt eingesandten Manuskriptes, das den Verlag sofort begeisterte, und es wurde eines der erfolgreichsten Debüts: Mit ihrer Geschichte von Sascha, die ihr Schicksal selbst in die Hand nimmt, hat Alina Bronsky die Herzen ihrer Leser erobert. Was macht ihr Debüt so besonders? Da ist zum einen die siebzehnjährige Sascha Naimann, die aus Moskau nach Deutschland gekommen ist und mit ihren zwei jüngeren Geschwistern im Scherbenpark lebt – einem Hochhaus-Ghetto, in dem eigene Gesetze herrschen, die sie mit wilder Entschlossenheit bricht. Da ist zum anderen das katholische Elite-Gymnasium, das Sascha wegen ihrer Hochbegabung und ihrer prekären Lebenssituation angenommen hat, mitsamt den behüteten und ausstaffierten Mitschülerinnen, die keinen Schimmer von Algebra haben, aber ein volles Freizeitprogramm. Und da ist der Ton, in dem Sascha ihre Geschichte erzählt: Selbstbewusst und geradeheraus, beiläufig und trocken kommentiert sie ihre Umgebung, das verzweifelte Streben nach Glück, Freiheit und Wohlstand, das Scheitern ringsum und das eigene Aufbegehren.

The Night of Broken Glass Sep 15 2021 November 9th 1938 is widely seen as a violent turning point in Nazi Germany's assault on the Jews. An estimated 400 Jews lost their lives in the anti-Semitic pogrom and more than 30,000 were imprisoned or sent to concentration camps, where many were brutally mistreated. Thousands more fled their homelands in Germany and Austria, shocked by what they had seen, heard and experienced. What they took with them was not only the pain of saying farewell but also the memory of terrible scenes: attacks by mobs of drunken Nazis, public humiliations, burning synagogues, inhuman conditions in overcrowded prison cells and concentration camp barracks. The reactions of neighbours and passersby to these barbarities ranged from sympathy and aid to scorn, mockery, and abuse. In 1939 the Harvard sociologist Edward Hartshorne gathered eyewitness accounts of the Kristallnacht from hundreds of Jews who had fled, but Hartshorne joined the Secret Service shortly afterwards and the accounts he gathered were forgotten – until now. These eyewitness testimonies – published here for the first time with a Foreword by Saul Friedländer, the Pulitzer Prize historian and Holocaust survivor – paint a harrowing picture of everyday violence in one of Europe's darkest moments. This unique and disturbing document will be of great interest to anyone interested in modern history, Nazi Germany and the historical experience of the Jews.

Kristallnacht (Night of Broken Glass) Nov 05 2020 Adolf Hitler came to power in Germany in 1933. He then immediately began to pass laws against Jews and other "undesirables." He also opened the first concentration camp in 1933, in which persecuted people were forced to work until they couldn't anymore, and then were murdered. Two years later, he passed the Nuremberg Laws, which were legal persecution against Jews. At this point, Jews were no longer even allowed to go to school, and Germans were encouraged not to buy from Jewish shops. Jews were not considered German citizens anymore. Three years later, a synagogue, or Jewish place of worship, was destroyed, Jews' passports were stamped with a "J," and that year, Kristallnacht happened. In all, during the Holocaust, 11 million people were murdered. That is the equivalent of everyone in Louisiana, Mississippi, and Alabama being murdered. Six million of those people were Jews, or the equivalent of one and a half times the current population of Louisiana. Manfred Klepper was born in Germany in 1931. He witnessed the first seven years of Hitler's reign. This is his story. All of the royalties from this book will go to Temple Shalom, in Lafayette, Louisiana.

From Broken Glass Sep 27 2022 From the survivor of ten Nazi concentration camps who went on to create the New England Holocaust Memorial, a "devastating...inspirational" memoir (The Today Show) about finding strength in the face of despair. On August 14, 2017, two days after a white-supremacist activist rammed his car into a group of anti-Fascist protestors, killing one and injuring nineteen, the New England Holocaust Memorial was vandalized for the second time in as many months. At the base of one of its fifty-four-foot glass towers lay a pile of shards. For Steve Ross, the image called to mind Kristallnacht, the Night of Broken Glass in which German authorities ransacked Jewish-owned buildings with sledgehammers. Ross was eight years old when the Nazis invaded his Polish village, forcing his family to flee. He spent his next six years in a day-to-day struggle to survive the notorious camps in which he was imprisoned, Auschwitz-Birkenau and Dachau among them. When he was finally liberated, he no longer knew how old he was, he was literally starving to death, and everyone in his family except for his brother had been killed. Ross learned in his darkest experiences--by observing and enduring inconceivable cruelty as well as by receiving compassion from caring fellow prisoners--the human capacity to rise above even the bleakest circumstances. He decided to devote himself to underprivileged youth, aiming to ensure that despite the obstacles in their lives they would never experience suffering like he had. Over the course of a nearly forty-year career as a psychologist working in the Boston city schools, that was exactly what he did. At the end of his career, he spearheaded the creation of the New England Holocaust Memorial, a site millions of people including young students visit every year. Equal parts heartrending, brutal, and inspiring, From Broken Glass is the story of how one man survived the unimaginable and helped lead a new generation to forge a more compassionate world.

Broken Glass Apr 10 2021 The true story of the intimate relationship that gave birth to the Farnsworth House, a masterpiece of twentieth-century architecture—and disintegrated into a bitter feud over love, money, gender, and the very nature of art. "An intimate portrait . . . alive with architectural intrigue."—Architect Magazine In 1945, Edith Farnsworth asked the German architect Mies van der Rohe, already renowned for his avant-garde buildings, to design a weekend home for her outside of Chicago. Edith was a woman ahead of her time—unmarried, she was a distinguished medical researcher, as well as an accomplished violinist, translator, and poet. The two quickly began spending weekends together, talking philosophy, Catholic mysticism, and, of course, architecture over wine-soaked picnic lunches. Their personal and professional collaboration would produce the Farnsworth House, one of the most important works of architecture of all time, a blindingly original structure made up almost entirely of glass and steel. But the minimalist marvel, built in 1951, was plagued by cost overruns and a sudden chilling of the two friends' mutual affection. Though the building became world famous, Edith found it impossible to live in, because of its constant leaks, flooding, and complete lack of privacy. Alienated and aggrieved, she lent her name to a public campaign against Mies, cheered on by Frank Lloyd Wright. Mies, in turn, sued her for unpaid monies. The ensuing lengthy trial heard evidence of purported incompetence by an acclaimed architect, and allegations of psychological cruelty and emotional trauma. A commercial dispute litigated in a rural Illinois courthouse became a trial of modernist art and architecture itself. Interweaving personal drama and cultural history, Alex Beam presents a stylish, enthralling narrative tapestry, illuminating the fascinating history behind one of the twentieth century's most beautiful and significant architectural projects.

Mama's Memoir Jan 27 2020 Story I started this journey with faith and strength and love. What a journey it has been. Raising a hurt child can buckle your knees, it can steal your breath, and it will change you. Denise is my daughter, but the struggle is very real, and there is always a looming question of "Will I survive?" It is a spinning ride of misunderstanding and fear. Then the question remains...if I do survive...will she? The looking glass is filled with visual information, but until you step inside for yourself, you will not know the boundaries of your strength...strength of mind...strength of body...strength of will to endure. A win is attainable, but the game spares no one. I knew that I would one day tell this story. What remains will tell itself, but what has been shared here will hopefully serve as someone else's guide to survival in what could potentially become a tangled jungle of parental chaos. We all need a plan. That plan is likely to follow a very personal living and morphing timeline of circumstance. This book may serve to offer some tangible tool of support during that struggle. 4

Rebuilt from Broken Glass May 11 2021 Symbolized by a three-hundred-year-old Seder plate, the religious life of Fred Behrend's family had centered largely around Passover and the tale of the Jewish people's exodus from tyranny. When the Nazis came to power, the wide-eyed boy and his family found themselves living a twentieth-century version of that exodus, escaping oppression and persecution in Germany for Cuba and ultimately a life of freedom and happiness in the United States. Behrend's childhood came to a crashing end with Kristallnacht (the Night of Broken Glass) and his father's harrowing internment at the Sachsenhausen concentration camp. But he would not be defined by these harrowing circumstances. Behrend would go on to experience brushes with history involving the defeated Germans. By the age of twenty, he had run a POW camp full of Nazis, been an instructor in a program aimed at denazifying specially selected prisoners, and been assigned by the U.S. Army to watch over Wernher von Braun, the designer of the V-2 rocket that terrorized Europe and later chief architect of the Saturn V rocket that sent Americans to the moon. Behrend went from a sheltered life of wealth in a long-gone, old-world Germany, dwelling in the gilded compound once belonging to the manufacturer of the zeppelin airships, to a poor Jewish immigrant in New York City learning English from Humphrey Bogart films. Upon returning from service in the U.S. Army, he rose out of poverty, built a successful business in Manhattan, and returned to visit Germany a dozen times, giving him unique perspective into Germany's attempts to surmount its Nazi past.
