at 4:00 a.m. • How to cope with acts of God and man-made disasters in the kitchen Sophisticated as well as practical, opinionated, and indispensable, *Life Is Meals* is a tribute to the glory of food and drink, and the joy of sharing them with others. "The meal is the emblem of civilization," the Salters observe. "What would one know of life as it should be lived, or nights as they should be spent, apart from meals?"

BONUS: This edition includes an excerpt from James Salter's *All That Is Clio's Lives* Oct 15 2021 Including contributions from leading scholars in the field from both Australia and North America, this

collection explores diverse approaches to writing the lives of historians and ways of assessing the importance of doing so. Beginning with the writing of autobiographies by historians, the volume then turns to biographical studies, both of historians whose writings were in some sense nation-defining and those who may be regarded as having had a major influence on defining the discipline of history. The final section explores elements of collective biography, linking these to the formation of historical networks. A concluding essay by Barbara Caine offers a critical

appraisal of the study of historians' biographies and autobiographies to date, and maps out likely new directions for future work. *Clio's Lives* is a very good scholarly collection that advances the study of autobiography and biography within the writing of history itself, taking theoretical questions in significant new directions. The contributors are well known and highly respected in the history profession and write with an insight and intellectual energy that will ensure the book has considerable impact. They examine cutting-edge issues about

the writing of history at the personal level through autobiography and biography in diverse and innovative ways. Together the writers have provided reflective chapters that will be widely read for their impressive theoretical advances as well as being inspirational for new entrants to the disciplinary area. — Patricia Grimshaw, University of Melbourne *Clio's Lives* brings together a most interesting and varied cast of contributors. Its chapters contain sophisticated and well-penned ruminations on the uses of biography and autobiography

among historians. These are clearly connected with the general themes of the volume. This delightfully mixed bag makes very good reading and, as well, will serve as a substantial contribution to the study of the biography and autobiography. — Eric Richards, Flinders University

*Burning the Days*

captures a singular

life, beginning with

a Manhattan

boyhood and then,

satisfying his

father's wishes,

graduation from

West Point,

followed by service

in the Air Force as

a pilot. In some of

the most evocative

pages ever written

about flying, Salter

describes the

exhilaration and

terror of combat as

a fighter pilot in the

Korean War, scenes

that are balanced

by haunting pages

of love and a young

man's passion for

women. After

resigning from the

Air Force, Salter

begins a second

life, becoming a

writer in the New

York of the 1960s.

Soon films beckon.

There are vivid

Calculated Risk Feb 19 2022 Unlike other American astronauts, Virgil I. "Gus" Grissom never had the chance to publish his memoirs. Killed along with his crew in a launch pad fire on January 27, 1967, Grissom also lost his chance to walk on the moon

and return to describe his journey. Others went in his place. The stories of the moon walkers are familiar. Less appreciated are Grissom's contributions. The international prestige of winning the Moon Race cannot be understated, and Grissom played a pivotal and enduring role in securing that legacy for the United States. Indeed, Grissom was first and foremost a Cold Warrior, a member of the first group of Mercury astronauts whose goal it was to beat the Soviet Union into space and eventually to the moon. Drawing on extensive interviews with

2020 New York in den 50er Jahren: Auf einer Party erhält eine junge Frau das unmoralische Angebot eines distinguierten Herrn, gegen Bezahlung mit ihm zu gehen. Sie könnte problemlos ablehnen, lässt sich aber darauf ein - und zerstört ihr bisheriges Leben. Erst jetzt wird ihrem Freund, den sie verlässt, bewusst, wie sehr er sie liebt. Das Gefühl, die Chance seines Lebens verpasst zu haben, wird ihn für immer begleiten. Eine beklemmende Liebesgeschichte und der kluge Roman eines bedeutenden Autors aus den USA. career as a writer's writer, acclaimed by such literary greats as Susan Sontag, Richard Ford, John Banville, and Peter Matthiessen for his lyrical prose, his insightful and daring explorations of sex, and his examinations of the inner lives of women and men. *Conversations with James Salter* collects interviews published from 1972 to 2014 with the award-winning author of *The Hunters*, *A Sport and a Pastime*, *Light Years*, and *All That Is*. Gathered here are his earliest interviews following acclaimed but moderately selling novels, conversations covering his work as a screenwriter

and award-winning director, and interviews charting his explosive popularity after publishing *All That Is*, his first novel after a gap of thirty-four years. These conversations chart Salter's progression as a writer, his love affair with France, his military past as a fighter pilot, and his lyrical explorations of gender relations. The collection contains interviews from Sweden, France, and Argentina appearing for the first time in English. Included as well are published conversations from the United States, Canada, and Australia, some of which are significantly extended versions.
