[The Miseducation of Monique Ross](#) _____ Oct 19 2021 The Miseducation of Monique Ross, like Ms. Lauryn Hill's debut album, is a love story: unapologetically in a league of its own with no other author ever utilizing its concept. Each chapter in the book is named after a track from the album. Monique likes to think if Lauryn Hill's album were a book, it would be this one and vice versa. It's a controversial feminist memoir that reads like fiction. It's unconventional, touching, strong, immersive, authentic, thought provoking, complex, emotional, powerful, intelligent, uncomfortably bold, direct, daring, unapologetic, inspiring, empowering, uplifting, raw, uncut, erotic and full of emotion and vulnerability. And its word play would leave the late great Maya Angelou proud to know she inspired it. If it could be summed up in one word, it would be self-liberating. There is something in this book for everyone, all told from Monique's perspective. To the author that's what sets it apart from anything else because like her, The Miseducation of Monique Ross says all the things that everyone else is afraid to say. It gives out those inner thoughts - the ones you think to yourself and maybe would share with only your closest friends or family members and sometimes simply keep to yourself because they're that inappropriate. It touches on everything from women's issues, mental health issues, abortion, miscarriages, divorce, dating, parenting, marital issues, family, and most importantly love and other drugs.

[Night Strike Mission 2](#) Dec 29 2019 Faster, Grittier, Darker, Deadlier... Part two of the second Chris Ryan Extreme series. Bundled together as the full book, Chris Ryan Extreme: Night Strike. Disgraced former SAS legend John Bald turfs up in the Florida everglades, an illegal grey man in the most monitored country on earth. The Firm need his help to kill a sleeper before they smuggle military secrets into the hands of terrorists. Shadowing the two sleeper suspects, Bald soon finds himself caught up in a world of hi-tech warfare and deceit as he's hunted through the seedy Tampa underworld by a ruthless ex-CIA hitman. With nowhere to run, Bald is about to find out the hard way that not everything is at it seems.

[Lemon-Aid New Cars and Trucks 2010](#) Feb 20 2022 This compendium of everything that's new in cars and trucks is packed with feedback from Canadian drivers, insider tips, internal service bulletins, and confidential memos to help the consumer select what's safe, reliable, and fuel-frugal.

[Lemon-Aid New Cars and Trucks 2011](#) _____ Oct 31 2022 As U.S. and Canadian automakers and dealers face bankruptcy and Toyota battles unprecedented quality-control problems, Lemon-Aid guides steer the confused and anxious buyer through the economic meltdown unlike any other car-and-truck books on the market. Phil Edmonston, Canada's automotive "Dr. Phil" for more than 40 years, pulls no punches. In this all-new guide he says: Chrysler's days are numbered with the dubious help of Fiat. Electric cars and ethanol power are PR gimmicks. Diesel and natural gas are the future. Be wary of "zombie" vehicles: Jaguar, Land Rover, Saab, and Volvo. Mercedes-Benz -- rich cars, poor quality. There's only one Saturn you should buy. Toyota -- enough apologies: "when you mess up, 'fess up."

Lemon-Aid New and Used Cars and Trucks 1990-2015 Jan 10 2021 Lemon-Aid New and Used Cars and Trucks 1990-2015 steers the confused and anxious buyer through the purchase of new and used vehicles unlike any other car-and-truck book on the market. "Dr. Phil," Canada's best-known automotive expert for more than 42 years, pulls no punches.

American Book Publishing Record Sep 25 2019

Lemon-Aid Used Cars and Trucks 2012-2013 Dec 21 2021 Lemon-Aid guides steer the confused and anxious buyer through the economic meltdown unlike any other car-and-truck books on the market. U.S. automakers are suddenly awash in profits, and South Koreans and Europeans have gained market shares, while Honda, Nissan, and Toyota have curtailed production following the 2011 tsunami in Japan. Shortages of Japanese new cars and supplier disruptions will likely push used car prices through the roof well into 2012, so what should a savvy buyer do? The all-new Lemon-Aid Used Cars and Trucks 2012-2013 has the answers, including: More vehicles rated, with some redesigned models that don't perform as well as previous iterations downrated. More roof crash-worthiness ratings along with an expanded cross-border shopping guide. A revised summary of safety- and performance-related defects that are likely to affect rated models. More helpful websites listed in the appendix as well as an updated list of the best and worst "beaters" on the market. More "secret" warranties taken from automaker internal service bulletins and memos than ever.

Lemon-Aid Used Cars and Trucks 2011-2012 Aug 29 2022 As Toyota skids into an ocean of problems and uncertainty continues in the U.S. automotive industry, Lemon-Aid Used Cars and Trucks 2011-2012 shows buyers how to pick the cheapest and most reliable vehicles from the past 30 years. Lemon-Aid guides are unlike any other car and truck books on the market. Phil Edmonston, Canada's automotive Dr. Phil for 40 years, pulls no punches. Like five books in one, Lemon-Aid Used Cars and Trucks is an expos of car scams and gas consumption lies; a do-it-yourself service manual; an independent guide that covers beaters, lemons, and collectibles; an archive of secret service bulletins granting free repairs; and a legal primer that even lawyers cant beat! Phil delivers the goods on free fixes for Chrysler, Ford, and GM engine, transmission, brake, and paint defects; lets you know about Corvette and Mustang tops that fly off; gives the lowdown on Honda, Hyundai, and Toyota engines and transmissions; and provides the latest information on computer module glitches.

Lemon-Aid New and Used Cars and Trucks 2007-2018 Sep 29 2022 Steers buyers through the the confusion and anxiety of new and used vehicle purchases like no other car-and-truck book on the market. "Dr. Phil," along with George Iny and the Editors of the Automobile Protection Association, pull no punches.

U-Boat Attack Logs Aug 17 2021 During the Second World War over 250 Allied warships from a dozen navies were sent to the bottom by German U-boats. This ground-breaking study provides a detailed analysis of every sinking for which source material survives from both the Allied and the German sides, resulting in detailed treatment of the fate of 110 vessels, with the remainder summarised in an extensive appendix. Uniquely, each entry is built around a specialist translation of the relevant segment of the war diary (log) of the U-boat in question, taken directly from the surviving originals - remarkably, this represents the first large-scale publication of the U-boat war diaries in any language. The book offers a wealth of new information, not only with respect to the circumstances of the sinkings from both the Allied and German perspectives, but also to the technical environment in which they lived as well as the fate of the crews. The entries include background details on the vessels concerned and the men involved, with a selection of rare and carefully chosen photos from archives and collections around the world. Each entry is itself a compelling narrative, but is backed with a list of sources consulted, including documents, published works and websites. A decade in the making, this is probably the most important book on the U-boat war to be published for many a year
