God's Ambiance Feb 25 2020 The MATRIX OF WISDOM is all about God's Ambiance residing in the soul of the individual. This volume is about unraveling the deep mysteries of God esoterically codified into the world's sacred scriptures, literature, artworks, monuments and architecture in all times and climes via the ESOTERIC SCIENCE: i.e. the harmonious integration of the Seven Liberal Arts: Quadrivium (Four Mathematical Sciences) and the Trivium (Three Grammatical Arts) that are the foundations of the ancient Mystery Schools. The MATRIX OF WISDOM is a 10 x 10 matrix that is the original source material that wrote the sacred scriptures in all religious cultures around the world. From the mystical depths of this 10 x 10 matrix China created the I Ching and the Tao te Ching, Buddhism created their Stupas, Hinduism and Christianity builds their temples, cathedrals and churches, numerous cultures around the world built their pyramids based upon it schematics and the Native American Indians knew of it, Astrology and the Game of

Chess were developed from it, and Pythagoras developed his mathematical theorems from it, and Freemasonry is founded upon it and the city of Washington DC is built on its esoteric design and this latter is provided for in the United States Constitution, Article 1, Section 8; however, this matrix is never-ever discussed explicitly to the general public. Throughout this volume there will be a continuous tsunami of demonstrable evidence directly and indirectly challenging the status quo of academia and the orthodoxy of all religions around the world. The WORD OF GOD will be discussed mainly from the perspective of the Judaeo Christian Scriptures, the secret teachings of the Roman Catholic Church's literature, artwork, monuments and architecture and Freemasonry symbolism designed into the landscape of Washington DC. The MATRIX OF WISDOM (spiritual waters of creation: i.e. sum total or all knowledge) is inherent in the psyche of every human being. The MATRIX OF WISDOM is a commentary or the MONAD, which is the soul's raison d'être: i.e. God/Man Christ (Tao, Krishna, Buddha, Horus. etc.). When the soul comes into the world it splits into a two-part psyche: ego-consciousness and the unconscious mind and this knowledge is esoterically codified into the mythoi of the Judaeo Christian Scriptures; thus, the sacred scriptures of the world are all about explaining to the worthy initiate the dynamics of the soul and its psyche. The sacred scriptures are written first and foremost for the Born Again initiate; though, the average member of the laity has direct access to both its exoteric writings (REVEALED) and its secret esoteric teachings (COVERED). The inexplicable WORD OF GOD (HIDDEN): however, cannot be explained to another in the vernacular. The initiate can know of the ESOTERIC SCIENCE; however that does not avail him or her of the true understanding of the WORD OF GOD. Only God can communicate that unfathomable and inexplicable knowledge to the individual The ESOTERIC SCIENCE can somewhat prepare the worthy initiate for the spiritual Initiatic Visionary Experience, which is gifted only to those that are worthy and truly DESIRE to know the WORD OF GOD. The sacred scriptures around the world are written to explain the spiritual Initiatic Visionary Experience; furthermore, the sacred scriptures in their indigenous languages are the most scientific instruments on the face of the Earth; though, modernity will most likely dispute that fact ad nauseam.

Supporting Children's Well-Being During Early Childhood Transition to School Dec 25 2019 Life transitions differ concerning the intensity of the change and the intensity of the child's reaction to that change. For most children, the first and most significant transition is from the family home to an institution of early care and education, which includes preschool. These transitions can also include children's passage from kindergarten to elementary school. However, the intensity of the child's reaction is related to the size of the change that is happening and also to who or what is involved in that change and the importance a child attributes to that someone or something. Supporting Children's Well-Being During Early Childhood Transition to School is an essential scholarly publication that examines evidence-based practices and approaches that fully support a child's well-being during transition periods in early childhood. It serves as a resource to rethink contemporary transition theoretical models, research studies, and applied practices. Featuring a wide range of topics such as emotional competency, language learners, and professional development, this book is ideal for academicians, psychologists, early childhood educators, daycare centers, curriculum designers, policymakers, researchers, education professionals, and students.

The Amazing Illustrated Word Game Memory Books Volume 2, Set 2 Jul 12 2021 This book, Volume 2, Set 2 of the AIWGMB, is a continuation of a three-set series of stories and illustrations representing all of the 7-letter words captured by The Central Twenty-One Five-Letter Stems that feed into the Central Seven Six-Letter Stems of Volume 1, Set 1. Knowledge and flash, photographic-memory recall of these word lists, together with those of the Auxiliary Seven Six-Letter Stems of Volume 1, Set 2 can be valuable assets for any wannabe, top contender in our rapidly growing, competitive, word-game, social networks. The wordlists, organized in Mentafile(TM) format, are coded with peg-words assigned to each letter of the alphabet. This type of iconic coding-organization can make letter-management, and identification of 7-letter words within scrambled arrays, effortless, almost as though one has an app that automatically brings bonus-words to mind as one plays off letters "on-the-way" to one of the Central Seven Six-Letter Stems. For example, in a board game, where letters must be unscrambled to reveal hidden words, one might hold, in alphagram order, the following seven letters; ADNRSTU. For those accomplished with Vol. 2, Set 2 of the AIWGMB, the identification of the five-letter stem, RNAST, and the letter, D, within ADNRSTU, would be instantaneous, along with the mental search for the story and illustration of "She STRANDS the drunk on a TUNDRA'S plain." Alternatively, one might hold ADNRSST, which would immediately bring up the word STRANDS from that story. STANDER, the only other possibility for a 7-letter RNASTD word would show up with the holding of ADENRST, the only bonus word featured in the drunk file of RNEAST, one of the Central Seven Six-Letter Stems of Vol. 1, Set 1. Therefore, with no E, R or S in the hand, one skilled in the use of The AIWGMB would know, with valuable certainty, that no 7-letter bonus words were available for play. But the fun's not over. It really begins when we add to our search the thirty four, 8-letter RNASTD words of RNAST, RNEAST and INRAST. Having learned to "read" alphagrams from the flashcards connected to the stories and Illustrations of this series, we now watch our opponents shrink in terror as we unleash our knowledge and skill at finding and playing one of these 8-letter winners!
