The French Intifada Feb 08 2021 A provocative rethinking of France's long relationship with the Arab world To fully understand both the social and political pressures wracking contemporary France—and, indeed, all of Europe—as well as major events from the Arab Spring in the Middle East to the tensions in Mali, Andrew Hussey believes that we have to look beyond the confines of domestic horizons. As much as unemployment, economic stagnation, and social deprivation exacerbate the ongoing turmoil in the banlieues, the root of the problem lies elsewhere: in the continuing fallout from Europe's colonial era. Combining a fascinating and compulsively readable mix of history, literature, and politics with his years of personal experience visiting the banlieues and countries across the Arab world, especially Algeria, Hussey attempts to make sense of the present situation. In the

course of teasing out the myriad interconnections between past and present in Algeria, Morocco, Tunisia, Beirut, and Western Europe, *The French Intifada* shows that the defining conflict of the twenty-first century will not be between Islam and the West but between two dramatically different experiences of the world—the colonizers and the colonized.

*A Paris Life* Jun 22 2019 *A Paris Life* is the story of an American expatriate family that went to Paris in 1947, was thrust into the chaos of post-war France, but led an elegant life in a hotel particulière on Avenue Foch. Each member's life was changed by dramatic circumstances. The author became a witness to the enduring courage and sophistication of the world's most daring city. He was encouraged in his intellectual search by Albert Camus, the philosopher; Edith Piaf, the chanteuse, and her lover, Marcel Cerdan; Django Reinhardt, the jazz guitarist; Jean Paul Sartre and others. Christian Dior, Wild Bill Donovan, Howard Hughes, Art Buchwald and various celebrities contribute to the story. The author provides unique detail and insight into Parisian life and thought through the eyes of a precocious teenager. Unrelenting in seeking new information and life experiences, he reminds us of our own emotional journeys when we were young. Yet the tableau is so rich and diverse that his story provides fascinating views of the human condition that can be appreciated today.

Interbellum Literature Mar 12 2021 In *Interbellum Literature* Cor Hermans offers an overview of modernist writing in the interwar years. The ideas embodied in the personalities and works of Proust, Woolf, Joyce, Kafka, Musil, Beckett, Céline and others are captured in a new synthesis.

All We Know Nov 27 2019 Esther Murphy was a brilliant New York intellectual who dazzled friends and strangers with an unstoppable flow of conversation. But she never finished the books she was contracted to write—a painful failure and yet a kind of achievement. The quintessential fan, Mercedes de Acosta had intimate friendships with the legendary actresses and dancers of the twentieth century. Her ephemeral legacy lies in the thousands of objects she collected to preserve the memory of those performers and to honor the feelings they inspired. An icon of haute couture and a fashion editor of *British Vogue*, Madge Garland held bracing views on dress that drew on her feminism, her ideas about modernity, and her love of women. Existing both vividly and invisibly at the center of cultural life, she—like Murphy and de Acosta—is now almost completely forgotten. In *All We Know*, Lisa Cohen describes these women's glamorous choices, complicated failures, and controversial personal lives with lyricism and empathy. At once a series of intimate portraits and a startling investigation into style, celebrity, sexuality, and the genre of biography itself, *All We Know* explores a hidden history of modernism and pays tribute to three compelling lives. *All We Know* is one of Publishers Weekly's Top 10 Best Books of 2012

*Diplomacy and the Modern Novel* Jul 04 2020 Why have so many diplomats been writers? Why have so many writers served as diplomats? This book provides some fascinating insights into the connections between literature and diplomacy.

*On Consolation* Nov 07 2020 As read on BBC Radio 4's 'Book of the Week', a timely, moving and profound exploration of how writers, composers and artists have searched for solace while facing loss, tragedy and crisis, from the historian and Booker Prize-shortlisted novelist Michael Ignatieff. 'This erudite and heartfelt survey reminds us that the need for consolation is timeless, as are the inspiring words and examples of those who walked this path before us.' *Toronto Star* When we lose someone we love, when we suffer loss or defeat, when catastrophe strikes – war, famine, pandemic – we go in search of consolation. Once the province of priests and philosophers, the language of consolation has largely vanished from our modern vocabulary, and the places where it was offered, houses of religion, are often empty. Rejecting the solace of ancient religious texts, humanity since the sixteenth century has increasingly placed its faith in science, ideology, and the therapeutic. How do we console

each other and ourselves in an age of unbelief? In a series of portraits of writers, artists, and musicians searching for consolation – from the books of Job and Psalms to Albert Camus, Anna Akhmatova, and Primo Levi – writer and historian Michael Ignatieff shows how men and women in extremity have looked to each other across time to recover hope and resilience. Recreating the moments when great figures found the courage to confront their fate and the determination to continue unafraid, *On Consolation* takes those stories into the present, movingly contending that we can revive these traditions of consolation to meet the anguish and uncertainties of the twenty-first century.

*Malraux* Feb 20 2022 A portrait of the French author and government minister provides an account of Malraux's life, separating myth from reality to capture a brilliant con man who became a national hero and details his real-life accomplishments.

*New York Magazine* Aug 17 2021 *New York Magazine* was born in 1968 after a run as an insert of the *New York Herald Tribune* and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself, while celebrating New York as both a place and an idea.

*The Music in the Ice* Jun 14 2021 In this collection of essays, Stephen Watson turns to the writers who have endured for him; to the places that have formed him; and always to the nature of writing and literature itself. The range is remarkable: he moves from Leonard Cohen to Dante, from Albert Camus to Allen Ginsberg, not excepting Czeslaw Milosz and T.S. Eliot. Closer to home, there are essays on Robben Island and the meaning of the Cedarberg. More personally, movingly, a final section of the book returns to the site of a love affair, the birth of a daughter, and what it is that defines his native city, Cape Town. Whatever Watson touches on, he gives substance to the line from Pasternak that provides this collection with its title: 'the music in the ice'. In Watson's hands the essay form itself becomes an instance of that music. Here is a book that demonstrates again why Justin Cartwright has called Stephen Watson 'South Africa's foremost essayist'.

*The Metaphor of the Monster* Feb 29 2020 *The Metaphor of the Monster* offers fresh perspectives and a variety of disciplinary approaches to the ever-broadening field of monster studies. The eclectic group of contributors to this volume represents areas of study not generally considered under the purview of monster studies, including world literature, classical studies, philosophy, ecocriticism, animal ethics, and gender studies. Combining historical overviews with contemporary and global outlooks, this volume recontextualizes the monstrous entities that have always haunted the human imagination in the age of the Anthropocene. It also invites reflection on new forms of monstrosity in an era epitomized by an unprecedented deluge of (mis)information. Uniting researchers from varied academic backgrounds in a common effort to challenge the monstrous labels that have historically been imposed upon "the Other," this book endeavors above all to bring the monster out of the shadows and into the light of moral consideration.

*Revisioning Duras* Aug 24 2019 The extraordinary range, complexity and power of Marguerite Duras – novelist, dramatist, film-maker, essayist – has been justly recognized. Yet in the years following her death in 1996, there has been an increasing tendency to consecrate her work, particularly by those critics who approach it primarily in biographical terms. The British and American specialists featured in this interdisciplinary collection aim to resurrect the Duras corpus in all its forms by submitting it theoretically to three main areas of enquiry. By establishing how far Duras' work questions and redefines the parameters of literary and cinematic form, as well as the categories of race and ethnicity, homosexuality and heterosexuality, fantasy and violence, the contributors to this volume "revision" Duras' work in the widest sense of the term.

*Arguably* Apr 24 2022 Shortlisted for the 2012 Orwell Prize 'As soon as we abandon our own reason', wrote Bertrand Russell, 'and are content to rely upon authority, there is no end to our troubles.' For over forty years, Christopher Hitchens has proclaimed truth where others have spun falsehood and written, with passionate commitment, on matters that others fear to broach. This volume of essays encompasses Hitchens' writing over the past decade on politics, literature and religion. In *Arguably* Hitchens explores a wide range of cultural and political issues, past and present. His fresh perceptions of figures as diverse as Charles Dickens, Karl Marx, Rebecca West and Philip Larkin are matched in brilliance by his acerbic discussions and intrepid observations, gathered over a lifetime of travelling and reporting from destinations such as Iran, China and Pakistan. Hitchens'

life has above all else been one of defiance and wit, courage and humility: in an age of digital punditry and twenty-four hour hucksterism, he has been a voice of reason amid the clamour, making an indelible mark on politics and literature on both sides of the Atlantic. Arguably is the indispensable companion to the Anglosphere's pre-eminent political writer.

Authors of the Early to mid-20th Century Jul 24 2019 Starting at the dawn of the 20th century, writers began experimenting with literary styles as never before. As perhaps the most far-reaching movement, Modernism swept across both the United States and Europe and has been embodied in the works of such writers as Marcel Proust, Virginia Woolf, James Joyce, and T.S. Eliot. The existentialism of Jean-Paul Sartre and Albert Camus, Samuel Beckett's absurdist writings, and the range of literary output from around the world also reflect the spirit of the period. The lives and works of these and other authors from across the globe are surveyed in this absorbing volume.

Condé Nast Jan 28 2020 The first biography in over thirty years of Condé Nast, the pioneering publisher of Vogue and Vanity Fair and main rival to media magnate William Randolph Hearst. Condé Nast's life and career was as high profile and glamorous as his magazines. Moving to New York in the early twentieth century with just the shirt on his back, he soon became the highest paid executive in the United States, acquiring Vogue in 1909 and Vanity Fair in 1913. Alongside his editors, Edna Woolman Chase at Vogue and Frank Crowninshield at Vanity Fair, he built the first-ever international magazine empire, introducing European modern art, style, and fashions to an American audience. Credited with creating the "café society," Nast became a permanent fixture on the international fashion scene and a major figure in New York society. His superbly appointed apartment at 1040 Park Avenue, decorated by the legendary Elsie de Wolfe, became a gathering place for the major artistic figures of the time. Nast launched the careers of icons like Cecil Beaton, Clare Boothe Luce, Lee Miller, Dorothy Parker and Noel Coward. He left behind a legacy that endures today in media powerhouses such as Anna Wintour, Tina Brown, and Graydon Carter. Written with the cooperation of his family on both sides of the Atlantic and a dedicated team at Condé Nast Publications, critically acclaimed biographer Susan Ronald reveals the life of an extraordinary American success story.

A Life Worth Living Dec 09 2020 Exploring themes that preoccupied Albert Camus--absurdity, silence, revolt, fidelity, and moderation--Robert Zaretsky portrays a moralist who refused to be fooled by the nobler names we assign to our actions, and who pushed himself, and those about him, to challenge the status quo. For Camus, rebellion against injustice is the human condition.

Malraux Aug 29 2022 Writer, publisher, war hero, French government minister, André Malraux was renowned as a Renaissance man of the twentieth century. Now, Olivier Todd – author of the acclaimed biography *Albert Camus* – gives us this life, in which fact competes dramatically with his subject's previously little-known mythomania. We see the adventurous young Malraux move from 1920s literary Paris to colonial Cambodia, Cochin China, and Spain in its civil war. Todd charts the thrilling exploits that would inspire such novels as *Man's Fate*, but, just as fascinating, he also traces Malraux's lifelong pattern of lies: claiming friendship with Mao, he was called to tutor Nixon, despite having met the Great Helmsman only once; a minor injury becomes in recollections a near-mortal battlefield wound; stories of heroism in the French Resistance omit to mention that Malraux joined up just a few weeks before the Allied landings. With meticulous research, Todd separates myth from reality to throw light on a brilliant con man who would become a national hero, but he also lets us see Malraux's genuine achievements as both writer and man of action. His real life and the one he embroidered come together in this superb biography to reveal how Malraux, the protean genius, became his own greatest character.

The Streets of Paris Oct 19 2021 From the author of *Hidden Gardens of Paris*, *The Streets of Paris* is Susan Cahill's wonderfully unique guide to present-day Paris following in the footsteps of famous Parisians through the last 800 years. For hundreds of years, the City of Light has set the stage for larger-than-life characters—from medieval lovers Héloïse and Abelard to the defiant King Henri IV to the brilliant scientist Madame Curie, beloved chanteuse Edith Piaf, and the writer Colette. In this beautifully illustrated book, Susan Cahill recounts the lives of twenty-two famous Parisians and then takes you through the seductive streets of Paris to the quartiers where they lived and worked: their homes, the scenes of their greatest triumphs and tragedies, their favorite cafes,

bars, and restaurants, and the off-the-beaten-track places where they found inspiration and love. From Sainte-Chapelle on the Ile de la Cite to the cemetery Pere Lachaise to Montmartre and the Marais, Cahill not only brings to life the bold characters of a tumultuous history and the arts of painting, music, sculpture, film, and literature, she takes you on a relaxed walking tour in the footsteps of these celebrated Parisians. Each chapter opens with a beautiful four-color illustration by photographer Marion Ranoux, and every tour begins with a Metro stop and ends with a list of "Nearbys"—points of interest along the way, including cafes, gardens, squares, museums, bookstores, churches, and, of course, patisseries.

**Albert Camus** Jul 28 2022 Albert Camus is among the most significant French writers of the twentieth century. His novels, *The Plague* and *The Outsider*, have a timeless power and appeal and are studied all over the world, and his philosophical work has had an enduring influence. Oliver Todd has been authorized by Camus' family to write the definitive life. Opening with his impoverished childhood in Algiers, Todd brings the historical context to life, shedding light on Camus' later agonising conflict between sympathy for the working class Algerians and for the French colonials with a stake in their adopted land. His was a life of impossible choices and perpetual struggle, from his intimacy with the Gallimard family, despite their collaborationist activities, and his involvement in the conflict between Satre and de Beauvoir; to his own battles with debilitating bouts of tuberculosis and the passionate, restless nature that would never let him settle. With an extraordinary grasp of both his subject and his times, Todd brings to this rich, generous biography a rare immediacy and perception, evoking a great writer and his world with memorable force and engaging subtlety.

**A SECULAR AGE** Jan 22 2022 The place of religion in society has changed profoundly in the last few centuries, particularly in the West. In what will be a defining book for our time, Taylor takes up the question of what these changes mean, and what, precisely, happens when a society becomes one in which faith is only one human possibility among others.

Containing over eight hundred essay-style entries, and covering the period from 1850 to the present, New Makers includes artists, writers, dramatists, architects, philosophers, anthropologists, scientists, sociologists, major political figures, composers, film-makers and many other culturally significant individuals and is thoroughly international in its purview. **Looking for The Stranger** Apr 12 2021 "A National Book Award-finalist biographer tells the story of how a young man in his 20s who had never written a novel turned out a masterpiece that still grips readers more than 70 years later and is considered a rite of passage for readers around the world,"--NoveList.

**The Book on the Floor** Jul 16 2021 In 1954, the French writer, politician, and publisher Andr e Malraux posed at home for a photographer from the magazine *Paris Match*, surrounded by pages from his forthcoming book *Le mus e imaginaire de la sculpture mondiale*. The enchanting metaphor of the *mus e imaginaire* (imaginary museum) was built upon that illustrated art book, and Malraux was one of its greatest champions. Drawing on a range of contemporary publications, he adopted images and responded to ideas. Indeed, Malraux's book on the floor is a variation of photographer Andr e Vigneau's spectacular *Encyclop die photographique de l'art*, published in five volumes from 1935 on—years before Malraux would enter this field. Both authors were engaged in juxtaposing artworks via photographs and publishing these photographs by the hundreds, but Malraux was the better sloganeer. Starting from a close examination of the photograph of Malraux in his salon, art historian Walter Grasskamp takes the reader back to the dawn of this genre of illustrated art book. He shows how it catalyzed the practice of comparing works of art on a global scale. He retraces the metaphor to earlier reproduction practices and highlights its ubiquity in contemporary art, ending with an homage to the other pioneer of the "museum without walls," the unjustly forgotten Vigneau.

**The Free World** Sep 05 2020 "An engrossing and impossibly wide-ranging project . . . In *The Free World*,

every seat is a good one." —Carlos Lozada, *The Washington Post* "The Free World sparkles. Fully original, beautifully written . . . One hopes Menand has a sequel in mind. The bar is set very high." —David Oshinsky, *The New York Times Book Review* | Editors' Choice One of *The New York Times's* 100 best books of 2021 | One of *The Washington Post's* 50 best nonfiction books of 2021 | A *Mother Jones* best book of 2021 In his follow-up to the Pulitzer Prize – winning *The Metaphysical Club*, Louis Menand offers a new intellectual and cultural history of the postwar years The Cold War was not just a contest of power. It was also about ideas, in the broadest sense—economic and political, artistic and personal. In *The Free World*, the acclaimed Pulitzer Prize – winning scholar and critic Louis Menand tells the story of American culture in the pivotal years from the end of World War II to Vietnam and shows how changing economic, technological, and social forces put their mark on creations of the mind. How did elitism and an anti-totalitarian skepticism of passion and ideology give way to a new sensibility defined by freewheeling experimentation and loving the Beatles? How was the ideal of “freedom” applied to causes that ranged from anti-communism and civil rights to radical acts of self-creation via art and even crime? With the wit and insight familiar to readers of *The Metaphysical Club* and his *New Yorker* essays, Menand takes us inside Hannah Arendt’s Manhattan, the Paris of Jean-Paul Sartre and Simone de Beauvoir, Merce Cunningham and John Cage’s residencies at North Carolina’s Black Mountain College, and the Memphis studio where Sam Phillips and Elvis Presley created a new music for the American teenager. He examines the post war vogue for French existentialism, structuralism and post-structuralism, the rise of abstract expressionism and pop art, Allen Ginsberg’s friendship with Lionel Trilling, James Baldwin’s transformation into a Civil Right spokesman, Susan Sontag’s challenges to the New York Intellectuals, the defeat of obscenity laws, and the rise of the New Hollywood. Stressing the rich flow of ideas across the Atlantic, he also shows how Europeans played a vital role in promoting and influencing American art and entertainment. By the end of the Vietnam era, the American government had lost the moral prestige it enjoyed at the end of the Second World War, but America’s once-despised culture had become respected and adored. With unprecedented verve and range, this book explains how that happened.

Post-War French Popular Music: Cultural Identity and the Brel-Brassens-Ferré Myth Mar 31 2020 Jacques Brel, Georges Brassens and Léo Ferré are three emblematic figures of post-war French popular music who have been constantly associated with each other by the public and the media. They have been described as the epitome of *chanson*, and of 'Frenchness'. But there is more to the trio than a musical trinity: this new study examines the factors of cultural and national identity that have held together the myth of the trio since its creation. This book identifies the combination of cultural and historical circumstances from which the works of these three singers emerged. It presents an innovative analysis of the correlation between this iconic trio and the evolution of national myths that nurtured the cultural aspirations of post-war French society. It explores the ways in which Brel, Brassens and Ferré embody the myth of the left-wing intellectual and of the authentic 'Gaul' spirit, and it discusses the ambiguous attitude of post-war French society towards gender relations. The book takes an original look at the trio by demonstrating how it illustrates the popular representation of a key issue of French national identity: the paradoxical aspiration to both revolution and the maintenance of the status quo.

Narrative Faith Aug 05 2020 Narrative Faith engages with the dynamics of doubt and faith to consider how literary works with complex structures explore different moral visions. The study describes a literary *petite histoire* that problematizes faith in two ways—both in the themes presented in the story, and the strategies used to tell that story—leading readers to doubt the narrators and their narratives. Starting with Dostoevsky’s *Demons* (1872), a literary work that has captivated and confounded critics and readers for well over a century, the study examines Albert Camus’s *The Plague* (1947) and Isaac Bashevis Singer’s *The Penitent* (1973/83), works by twentieth-century authors who similarly intensify questions of faith through narrators that generate doubt. The two postwar novelists share parallel preoccupations with Dostoevsky’s art and similar personal philosophies, while their works constitute two literary responses to the cataclysm of the Second World War—extending questions of faith into the current era. The book’s last section looks beyond narrative inquiry to consider themes of confession and revision that appear in all three novels and open onto horizons beyond faith and doubt—to hope.

**The Power of Meaning** May 14 2021 'Life-transforming' Susan Cain, author of *Quiet* Searching for happiness is overrated, learn to find meaning instead There is a persistent myth in our culture that in order to lead a fulfilling life we must pursue happiness at all times. In her groundbreaking work, Emily Esfahani Smith explains that it is actually the search for meaning that will bring fulfilment. She argues that meaning is all around us in vast untapped resources, and that the key is finding it in the right here, right now. Her inspiring TED Talk on the same topic has been viewed over a million times. To explore how we can change our lives for the better, she draws on the latest research in psychology, sociology, philosophy and neuroscience, as well as insights from figures in literature and history such as George Eliot, Viktor Frankl, Aristotle and the Buddha. She shows us how cultivating connections to others, identifying and working toward a purpose, telling stories about our place in the world, and seeking out mystery, can immeasurably deepen our lives. To do this she visits remarkable people and places, such as a tight-knit fishing village in the Chesapeake Bay, a dinner where young people gather to share their experiences of profound loss, and a drug kingpin who finds his purpose in helping people get fit. She explores how we might begin to build a culture that leaves space for introspection and awe, cultivates a sense of community, and imbues our lives with meaning.

**Bamboo** Jan 10 2021 Throughout his career as a novelist, William Boyd has never stopped writing non-fiction, providing a fascinating counterpoint to the world of his novels. *Bamboo* gathers together Boyd's writing on literature, art, the movie business, television, people he has met, places he has visited and autobiographical reflections on his African childhood and his years at boarding school. From Pablo Picasso to the allure of the British caff, from Charles Dickens to Catherine Deneuve, from mini-cabs to *Brideshead Revisited*, this collection proves an engrossing and revealing companion to the work of one of Britain's leading novelists.

**The Wherewithal of Life** Mar 24 2022 *The Wherewithal of Life* engages with current developments in the anthropology of ethics and migration studies to explore in empirical depth and detail the life experiences of three young men – a Ugandan migrant in Copenhagen, a Burkina Faso migrant in Amsterdam, and a Mexican migrant in Boston – in ways that significantly broaden our understanding of the existential situations and ethical dilemmas of those migrating from the global south. Michael Jackson offers the first biographically based phenomenological account of migration and mobility, providing new insights into the various motives, tactics, dilemmas, dreams, and disappointments that characterize contemporary migration. It is argued that the quandaries of African or Mexican migrants are not unique to people moving between – traditional – and – modern – worlds. While more intensely felt by the young, seeking to find a way out of a world of limited opportunity and circumscribed values, the experiences of transition are familiar to us all, whatever our age, gender, ethnicity or social status – namely, the impossibility of calculating what one may lose in leaving a settled life or home place; what one may gain by risking oneself in an alien environment; the difficulty of striking a balance between personal fulfillment and the moral claims of kinship; and the struggle to know the difference between – concrete – and – abstract – utopias (the first reasonable and worth pursuing; the second hopelessly unattainable).

Albert Camus the Algerian Nov 19 2021 This original reading of Albert Camus' novels, short stories, and political essays concentrates on Camus' conflicted relationship with his Algerian background and finds important critical insights into issues of justice, the effects of colonial oppression, and the deadly cycle of terrorism and counterterrorism that characterized the Algerian War and continues to surface in the devastation of postcolonial wars today. David Carroll emphasizes the Algerian dimensions of Camus' literary and philosophical texts and highlights his understanding of both the injustice of colonialism and the tragic nature of Algeria's struggle for independence. By refusing to accept that the sacrifice of innocent human lives can ever be justified, even in the pursuit of noble political goals, and by rejecting simple, ideological binaries (West vs. East, Christian vs. Muslim, "us" vs. "them," good vs. evil), Camus' work offers an alternative to the stark choices that characterized his troubled times and continue to define our own.
