An Inspector Calls GCSE English Literature 9-1 Revision Guide Sep 02 2020 The only book you'll need to ace your AQA GCSE 'An Inspector Calls' exam Written for anyone preparing for their AQA GCSE 'An Inspector Calls' exam, this book gets you right inside the head of the examiner so that every single thing you write gets a mark. You see, this exam

is as much about technique as it is knowing the play, and once you know the skills the examiner will mark you on, you can focus all your attention on the things that pile on the marks rather than wasting time on vague or irrelevant details. Learn how to: - Get under the skin of each character so you know them better than you know yourself (ok that might be an exaggeration);- Focus in on language, theme, form and structure, so you tick all the right assessment objective boxes;- Plan for the sorts of questions you're likely to get in the exam;- Write in such a way as to give yourself the best possible chance of a Grade 8 or 9. Darren Coxon has been teaching GCSE and A-Level

English Literature for more than twenty years. In that time he estimates he's put at least 1,000 students through various GCSE exams. He can count on the fingers of one hand the number who haven't obtained a Grade 5 or above (and that was always teaching in non-selective schools). He puts this success down to a unique method which he'll share with you inside these pages. By buying this book you'll also have access to the Examiner's Head Facebook community, for further support and guidance. So come with him on a journey inside the head of the examiner! He's with you all the way

Hsk 1-6 Full Vocabulary Guide Mar 28 2020
This vocabulary guide contains all 5000 HSK vocabularies grouped by level starting from HSK 1 and finishing with HSK 6. The vocabularies are based on the changes from 2012 and all come with Pinyin and English translation. If you are just starting out preparing for an HSK test, this book is ideal to slowly and step by step build the vocabulary you need to successfully pass whatever level it is you are aiming for. Shortly before the test, the book can again be very helpful in acting as a checklist to see which words haven't been learned yet or need to be studied again. As common with

most vocabulary books, it's possible to study from Chinese to English as well as English to Chinese. Chinese to English provides you with the opportunity to make quick progress in areas like listening and reading. English to Chinese on the other hand allows you to practice your writing and also has positive effects on your speaking skills. To successfully pass any of the 6 HSK levels there are further topics for you to consider like grammar or listening which are not covered in this book. This book concentrates on helping you to build the foundation that allows you to then accelerate further learning in courses, with mock exams or whatever other form of studying works best for you. Good luck!
