Palm of the Rainforest Jan 26 2020 I know who I am Kelvin seemed desperate to win his father’s approval. However, Mr Eze not only seemed unwilling to bestow it, but hell bent in making life unbearable for his acclaimed son. Kelvin thought it would be best to find his true family rather than endure the torture of being the unwanted child. He realised that his quest for recognition was unlikely to succeed, so he set his eyes on freedom. In the meantime, Kelvin expected that a good academic performance would change his luck and put him right with Mr Eze or at least boost his confidence in his abilities. With all his attention on his studies, competing for the best grades against the leading brains in his class, especially Christian, an indomitable rival, he would not let school romance get in the way fo his goal. But slowly and steadily, Chioma, gained his trust and won him over. He would have to make a decision between holding on to his moral principle or satisfying his human desire for friendship. New Home, New Identity Marginalised and decimated, the Biafran people were forced to go to war and secede from Nigeria. But decades after losing the war and embracing the Nigerian identity, they are still not treated as equal citizens in their home country. As a new wave of terrorism sweeps the northern parts of the country, the Biafran people, predominantly Igbo are again decimated as they have been for decades in every crises and this led to renewed discussions about their independence. For Biafra, the fight for equality was over and their Sovereignty was not negotiable. For Kelvin, it wasn’t very different, and so his quest for truth and independence must begin. His compulsory holiday in Igbo land would expose him to the truth that might have indirectly caused him to abandon his academic pursuit. Perhaps, it was just an excuse to free himself from the clutch of Mr Eze and begin his quest for the truth about his identity.

WAEC in Review Oct 27 2022 WAEC in Review is a practical intervention strategy in transforming the weakening educational system of Liberia where academic excellence is unceasingly diminishing. LIPACE Pilot Study Guide is not only a landmark achievement in the educational history of Liberia but a remarkable strive towards the proper preparation of Liberian students for future diets of the WAEC exam. As a member of the National Committee of the West African Examinations Council and a Stakeholder in the Liberian Education System, I wish to recommend the use of this study guide to adequately prepare each and every Liberian student for future examinations thereby setting the stage for an easy transition to the emerging West African Senior Secondary Examinations (WASSCE). I am explicitly confident that you will definitely find your journey through this guide very rewarding as you prepare to sit the next WAEC Exam.—David S. Massaquoi, Sr., director of Education, The Salvation Army–Liberia Command Education Secretariat Our students sit the exam in constant fear of proctors and supervisors. They know nothing about the exam and its structure and this fear lead to them failing massively. We need to build the confidence level of our students and help them to study hard and understand the roles of proctors and supervisors to stop the intimidation during the exam. Thanks to LIPACE and the “Turning the Tide” project, we have helped our students achieved an amazing achievement for the first time in the history of Gbarpolu County where all senior students successfully passed the exam.—Lartey Bemah, principal of Bopolu Public School

No Grammar Tears 1 Jul 24 2022 First of all other, I find No Grammar Tears very informative. What amazes me is the kind of dedication and patience Marthus-Adden spent in writing this book. This is because this kind of genre actually needs full attention. Truly, whatever he has written is precise and correct. I really admire his generosity of sharing his knowledge about English owing to the fact that English is his second language. What is good about the book is that the writer wrote it in a manner that readers can easily understand it. In other words, what makes this book different from the other English grammar books in the market is that it is more user-friendly, which means he wrote it in a manner that can easily be understood, especially by those who just learned English and want to learn more. Correctly put, this book is a guide to those who wants to learn English on their own. As a matter of fact, he has a knowledge check in every subject he has discussed in this book. He catered everything, especially in the part on how to construct sentences, which are very precise and which make it very easy to learn the book. He did not change anything at all in terms of the right way to speak and learn English, but instead he made it easier and more convenient for those people whose English is not their first language. In point of fact, he wrote this book not because he wants to show off to the world that he is a good grammarian, but because he wants to help those struggling to learn English. The book therefore deserves recognition because he is actually giving a favour to those who can't afford to have a private tutor to teach them how to speak English correctly. I must, in conclusion, admit that this book will really help those people who want to learn English language; those people who are striving to speak perfect English; and those people that English is their second language. I will therefore commend the author for this book.

The West African Examinations Council (1952-2002) Apr 28 2020 Gle, a chief priest, abandons his role as custodian and defender of age-old customs to fight voluntarily on the side of the British in the Second World War. When the war ends, Gle and his fellow African soldiers do not receive their promised rewards. But they do not return peacefully to their homesteads or reassure their traditional values. Politicised by their role in the foreign conflicts they join together and march in protest to present a petition to the Governor of the Gold Coast (now Ghana), in an act of self-determination. The colonial forces respond with fire; soldiers are shot dead. The angry protesters descend into Accra and loot the shops, in what became the famous looting of 28 February 1948, and would mark the beginning of Ghana's fight for independence from Britain.

Supervisory Practices adopted by Headmasters of SHSs and External Supervisors in the Adansi Educational Directorates of Ashanti Region May 22 2022 Master's Thesis from the year 2018 in the subject Pedagogy - School Pedagogics, grade: C, Kwame Nkrumah University of Science and Technology (Institute of Distance Learning), course: Educational Innovations and Leadership Science, language: English, abstract: The success of any organization or institution has never been achieved inadvertently. It is realized by putting in place necessary mechanisms among which supervision plays a fundamental role in all the processes. This study was specifically conducted to assess the supervisory practices opted for by supervisors of SHSs in Adansi Education Directorates in the Ashanti Region of Ghana. The study employed mixed method concurrent triangulation design involving both qualitative and quantitative data collection and analysis. Thus questionnaire and interview were the instruments used while Headmasters, teachers, students and External/Circuit supervisors formed the population. The study attested to the fact that effective instructional supervision, both the external and particularly, the internal types are sine qua-non to the achievement of effective and efficient teaching and learning in secondary schools; which in turn translate into higher students' academic achievement. The findings revealed that during supervision, headmasters in particular and external supervisors assessed teachers' scheme of work, lesson plans, instructional times, punctuality, attendance and methods of teachings in the classrooms. They ensured that teachers had the necessary materials for teaching and organized in-service training for teachers to promote effective teaching in their respective schools. It was found that supervisory practices adopted by headmasters and external supervisors depended on performance of students in their terminal and external final exams. The study also discovered that supervisory practices opted for by headmasters in particular, and external supervisors improved teaching and learning process, students' performance in internal terminal and external final exams. It was also revealed that there were inherent challenges posed by teachers, students and government that confront supervision which needs to be urgently addressed through collaborative effort of all stakeholders for the achievement of quality education. The study has recommended that contemporary supervisory models emphasising motivation and autonomy of teachers should be embraced for optimum teacher-output to optimize students' achievement.

Babylons letzter Wächter Jun 11 2021 Als ich erwachte, fand ich mich in einer sterilen weißen Zelle, ohne eine Erinnerung. Nachts durchschritt ich die Träume der Stadt auf der Suche nach mir selbst. Dabei stieß ich immer wieder auf Anhänger des Wächterkults. Was, wenn ein urbaner Mythos Wirklichkeit geworden war? Meine letzte Hoffnung war der Junge. Ich hatte ihn gerufen, damit er den Pfad der Erinnerung für mich abschreitet. Ob er mich aus meinem Gefängnis befreien konnte? Ein beklemmender Roman über theokratische Diktaturen und die Verantwortung des Einzelnen. ERINNERUNGEN AUS DER ZELLE "Als ich aufwachte, fand ich mich in einem weißen Raum ohne Fenster wieder. Ich wusste nicht, wie ich hierher gekommen war, noch meinen Namen. Mein Gedächtnis war so leer wie dieser Raum. Ich schlug die Bettdecke zur Seite und versuchte, die Dimensionen meiner Heimstatt zu untersuchen. Neben dem bereits erwähnten Bett besaß ich einen Stuhl, einen Tisch, und einen Kleiderschrank. Weiß lackiert. Im Schrank hingen weiße Hosen aus derbem Baumwollstoff, sowie dazu passende Hemden. In der Schublade fand ich weiße Socken und Unterhosen. Ich begann die Wände abzuschreiten. Ich schätzte die Weite meiner Schritte und kam auf ein ungefähres Raummaß von fünf mal fünf Metern. Ein Zollstock hätte mir das bestätigt, was ich insgeheim schon wusste: Der Raum war absolut quadratisch. Ich fand zwei Türen, von der die eine nur

durch die dünne Linie, die die glatte Wand unterbrach, zu erkennen war. Sie hatte keinen Griff. Zu ihrer Rechten hing ein kleiner Kasten an der Wand, der eine milchige Platte in der Mitte trug."

My Years in the Early Peace Corps Feb 19 2022 In this book Sonja Krause Goodwin recounts her experience joining the Peace Corps in 1964 and describes the training she underwent to teach in Nigeria at Columbia Teachers College in New York City. Goodwin tells readers about her service as a University teacher in physics while also serving as head of the Physics Department at Lagos University in Nigeria. She also describes her vacation travels during that time, mostly in Nigeria— including an attempt to climb Mt. Cameroon. She writes about her interactions with her students, her fellow University teachers and other University employees, her fellow Peace Corps volunteers and other expatriates, and Nigerians whom she met under during her travels. Goodwin also delves into the politically motivated “university crisis” that led to the exodus from the university and Nigeria of almost all the expatriate teaching staff of the university including the Peace Corps volunteers. She also discusses some of her work for the West African Examinations Council and the Aptitude Testing Unit in Lagos while waiting to be sent to another assignment for her second year in the Peace Corps.

A Petty Trader Driven by Purpose: a Biography of Mofopefoluwa Joseph, FRM Sep 26 2022 A Petty Trader Driven by Purpose: A biography of Mofopefoluwa Joseph, FRM, narrates an inspiring life of a focused and spirit-filled business man that built his petty trading from nothing to what now becomes a formidable business entity. The book encapsulates Mofopefoluwa's humble beginning as a man that surrenders his life to the commandment and direction of God, even before he became a Christian. The biography narrates how Mofopefoluwa listens to the voice of God concerning his education, marriage, conversion, total change of name, and line of business he engaged in. The narration in the book, that of Mofopefoluwa's six decades on earth, should inspire not only the younger generations but also the older ones because it gives a vivid account of how God himself used Mofopefoluwa's life to add values to the lives of numerous human beings through his philanthropic service to humanity. The book will surely encourage prospective business-minded individuals who are desirous of building a career from trading to forge ahead with divine focus while they have little or no working capital because Mofopefoluwa's petty trading that metamorphoses to a multimillion business spanning selling of weighing scales and virtual stamps to real estate commenced without a working capital. Hence, there are many prospective millionaire petty traders out there that Mofopefoluwa's purpose-driven life will inspire to fulfill their destinies.

The Practical School of the Holy Spirit - Part 5 of 8 Aug 25 2022 The Practical School of the Holy Spirit - Part 5 of 8, Activate 12 Ministry Gifts in You, Get Equipped to Counsel Self, Others and Expect Mind-boggling Insights in the Secret Place What is my motivation for writing this book and why would you want to read it? As we engage the marketplace as ambassadors of Christ – 2 Corinthians 5:21, never before has there been a need to be led by the Spirit of God than it is now. As we race towards the end, activities in the realm of the spirit continue to be heightened because the destiny of the human race hangs in the balance. Our ministry of reconciliation cannot be done on human wisdom, intellect, tactics or strategy devoid of the power and the working of the Holy Spirit. As Christians, we should realize that we are spirit with a mind using our bodies as containers to execute. As Christians, our spirit has joined with the Spirit of God at conversion. To be motivated in body, we have to first be motivated in our spirit. The Spirit then communicates to our spirit and this to our minds and our minds instructs our body to take action based on the instruction sent to us by God's Spirit in us. But for lack of understanding and knowledge of the working and ways of the Holy Spirit, some of us have either ignored or grieved the Holy Spirit. As a result, our sensitivity to Him has died or He has chosen not to lead us any longer. This series on the school of the Holy Spirit will help heighten our sensitivity and working with our best friend who is ready and willing to help us be all that God has called us to be and to do. At the end of this series, some of us will begin to dream dreams with more clarity and poise, we will be activated in the realm of visions again, we will begin to pick up promptings, voices, flows from the Holy Spirit and interpret them accurately what the Holy Spirit is saying to us the churches so that we can be effective in the mission field of life. We developed these 41 series and further broke these up into 6 easy to read chapters of 8 books of which this one is our fifth in the series. We hope

you like it and we pray it will make you an effective kingdom disciple-maker, operating powerfully in the Spirit realm in Jesus name, Amen

Public Awareness of Malpractice during the Examinations by WAEC in Nigeria Dec 25 2019 Academic Paper from the year 2017 in the subject Sociology - Individual, Groups, Society, , language: English, abstract: This paper examined the impact of awareness creation and administration of various sanctions on examination malpractice, using the West African Examinations Council as a case study. The effects of the awareness level and the sanctions were also critically x-rayed with a view to applauding the results if encouraging or suggesting an improved strategy for an effective control and noticeable reduction in the rate of examination malpractice in public examinations like the West African Senior Secondary Certificate Examinations (WASSCE) conducted by WAEC. The rate of candidates' involvement in malpractice during the public examinations conducted across West African subregion is of great concern to many stakeholders. In spite of stringent measures taken to curb malpractice, the rate of involvement seems to be increasing geometrically. It is in reaction to this worrisome trend that this study was conducted to probe into the root-cause of continuous indulgence in malpractice during the examinations conducted by the West African Examinations Council (WAEC) in Nigeria. This is with a view to measuring the public awareness level as regards the implications of involvement in examination malpractice and appealing to their moral instinct to eschew this menace, using the proposed theory of awareness-creation and sanction-strategy (SACS). The study employed purposive sampling technique in selecting 10 (ten) states where various stakeholders in education were sampled for the administration of a questionnaire designed to gauge their knowledge of implications of involvement in examination malpractice of different forms. One thousand copies (1,000) of the instrument were administered in the States of Abia, Katsina, Kebbi, Benue, Kwara, Cross-River, Bayelsa, Nasarawa Niger and Edo among the Senior Secondary three Students, their teachers and parents of the same students. These states were purposively selected for their high level of malpractice recorded in the examination conducted by WAEC in recent times. Out of the administered copies of the instrument, nine hundred and forty-two (942) were retrieved for analysis.

Für Noah hingegen ist diese Reise ein letzter Versuch, das Verhältnis zu seinem Vater neu aufzubauen. Nach jahrelanger Funkstille und grundsätzlich unterschiedlichen Lebenseinstellungen ist das jedoch gar nicht so leicht. Zwei Jahre sind vergangen, seit Malin und Noah sich auf einer Kreuzfahrt kennen und lieben lernten. Ihr Leben scheint perfekt. Als sie erfahren, dass sie ein Baby erwarten, geht für beide ein Traum in Erfüllung – sie werden eine Familie sein. Dann jedoch geschieht ein Unglück, das Malin und Noah an die Grenzen ihrer Kraft treibt. Tested Faith Dec 05 2020 Tested Faith describes the many obstacles and jubilation experienced by Rita in her journey from Nigeria to United States. In a gripping display of humor and grace, Rita takes us into her childhood in Nigeria, her journey to God's own country and trials and triumphs. Rita's faith has been under fire too many times to count and has built in her a strong resilience that can only come from God. She also examines the similarities as well as cultural clashes that have influenced her life in many different ways. Each one of us has something to contribute to life. Regardless of how much we have been beaten down, we can still help others. It is very fulfilling for me to realize that the tragedies in my life have empowered me to make a difference in my life and other people's lives. We all have a purpose in this life. One's purpose is unique to that individual alone. Our blessings are equally unique and are ours to grab. I cannot grab your blessings no matter how hard I try; neither can you grab mine. If I live this life without knowing what my purpose is, my purpose will vanish at the end of my life and cannot be inherited by another person. My purpose is not for my good alone; rather, it is for humanity and to the glory of God. God never takes us anywhere that his grace does not abound for our guidance and protection. This we learn from biblical principles typified in the Bible's many narratives. Yet in difficult times, we sometimes—perhaps often—ask ourselves: “Will God ever lead us to a place where he cannot protect us? Is anything difficult for God? Should we expect a life without temptation?” These questions undergird my story even if not always explicitly stated in the narrative that has given me great insight and joyous recollection.

Contemporary Rural Geographies Sep 21 2019 This book provides a cohesive set of research statements on critical related issues in British rural geography, as well as echoing the priorities identified by an influential figure in British rural geography, Richard Munton. This book demonstrates that the rural world needs to be seen in a far wider perspective than that of agriculture/ food production, in order to comprehend how resources are being appraised and exploited in new ways, and to respond to the pressing challenges of sustainability for the decades ahead. Chapters adopt a time perspective to explore a series of key themes: the rise of productivist farming ways of conceptualising agricultural change the evolution of landownership and property rights rural and urban agendas for nature conservation the gap between policy and action for sustainable development. The final set of chapters is devoted to policy-related issues associated with agricultural change and the profound challenge of rural diversification for the future. The last chapter traces the prominent career of Richard Munton.
