Where the Stars Meet the Sea May 09 2021 Juliet Graham fervently counts the days until her twenty-first birthday, when she can claim the inheritance that will grant her the freedom she has always craved and the guardianship of her younger brother. Until then, she is trapped under her aunt Agnes's domineering will. When forced to accompany the family to a house party at Shaldorn Castle, Juliet's only objective is to keep to herself. That is, until a chance encounter with a boorish stranger stirs up an unexpected whirlwind of emotions in her. Thrown off-balance, Juliet does the unthinkable: loses her temper and insults the man--who turns out to be her unwilling host, the Duke of Halstead. Fully expecting to be sent away, Juliet is surprised when the brusque and callous duke instead takes an interest in her. Drawn to the duke in unguarded moments, Juliet finds herself more and more intrigued by the man who shuns Society's rules as completely as she does, and over the next few weeks, their unlikely friendship deepens into a connection neither expected. But even as Juliet comes to recognize her true feelings, her scheming aunt issues an ultimatum that threatens the future she was just beginning to hope for. Juliet must choose: either break the promise she made to herself years ago, or lose the man who has captured her heart and soul.

Oil in the Sea III Feb 24 2020 Since the early 1970s, experts have recognized that petroleum pollutants were being discharged in marine waters

worldwide, from oil spills, vessel operations, and land-based sources. Public attention to oil spills has forced improvements. Still, a considerable amount of oil is discharged yearly into sensitive coastal environments. *Oil in the Sea* provides the best available estimate of oil pollutant discharge into marine waters, including an evaluation of the methods for assessing petroleum load and a discussion about the concerns these loads represent. Featuring close-up looks at the Exxon Valdez spill and other notable events, the book identifies important research questions and makes recommendations for better analysis of—and more effective measures against—pollutant discharge. The book discusses: Input—where the discharges come from, including the role of two-stroke engines used on recreational craft. Behavior or fate—how oil is affected by processes such as evaporation as it moves through the marine environment. Effects—what we know about the effects of petroleum hydrocarbons on marine organisms and ecosystems. Providing a needed update on a problem of international importance, this book will be of interest to energy policy makers, industry officials and managers, engineers and researchers, and advocates for the marine environment.

Stories of Ships and the Sea Nov 15 2021 Dieses Buch enthält fünf kurze Geschichten über Seefahrer, ihre Schiffe und abenteuerliche Reisen. Der Autor Jack London selbst führte ein bewegtes Leben. Am 12. Januar 1876 in San Franzisko geboren und in ärmlichen Verhältnissen aufgewachsen, schlägt er sich als Fabrikarbeiter, Austernpirat, Landstreicher und Seemann durch, holt das Abitur nach, beginnt zu studieren, geht dann als Goldsucher nach Alaska, lebt monatelang im Elendsviertel von London, gerät als Korrespondent im russisch-japanischen Krieg in Gefangenschaft und bereist die ganze Welt. Am 22. November 1916 setzt der berühmte Schriftsteller auf seiner Farm in Kalifornien seinem zuletzt von Alkohol, Erfolg und Extravaganz geprägten Leben ein Ende. Hierbei handelt es sich um eine englischsprachige Ausgabe.

The Life of Nelson: The Embodiment of the Sea Power of Great Britain Jan 17 2022 Horatio Nelson is the most famous seaman in British history. Many books about him have appeared until today but the study of Alfred Thayer Mahan, published in 1897, is still one of the best written pieces and a standard work in the field of Nelson's biography research. It was part of Mahan's seapower studies and contains Nelson's impressive life story as well as Mahan's own view on naval strategy and warfare tactics. »It is essential to the completeness and rounding off of the author's discussion of the Influence of Sea Power, that he present a study, from his own point of view, of the one man who in himself summed up and embodied the greatness of the possibilities which Sea Power comprehends, - the man for whom genius and opportunity worked together, to make him the personification of the Navy of Great Britain.« Reprint of the original edition from 1897. Volume 2 of 2. Alfred Thayer Mahan (1840-1914) was a US Navy officer and author of influential marine history and strategy books. His work »The Influence of Sea Power upon History«, published in 1890, established the modern US Navy doctrine of maritime predominance: the higher the naval power of a country, the greater its global impact. Mahan's concepts of naval war tactics were adapted by many navies all over the world.

The Sinking of the Titanic and Great Sea Disasters Jan 05 2021 Only a few weeks after the sinking of the Titanic, Marshall Logan was the first author to publish an account of the tragic event. His book contains plenty of information that has become forgotten over the last hundred years and provides a very detailed insight into the shipwreck. Most remarkable about Logan's work is its focus on personal stories of the Titanic's passengers. Told by those who survived, the history of the Titanic is most authentic and absorbing, even for contemporary readers. Reprint of the original edition.

Fire in the Sea Nov 22 2019 The cold, stygian dark of the extreme sea depths is home to some of our planet's strangest creatures. Even their names evoke a science fiction adventure: dragonfishes, greeneyes, viperfishes, mirrorbellies, lanternfishes. Marine biologist Henry "Hank" Compton (1928-2005) of the Texas Parks and Wildlife Department's Rockport Marine Lab was present on some of the earliest Gulf of Mexico cruises on which these fishes were collected for the first time in Texas waters. Upon returning, Compton would retire to the darkroom he had constructed beneath a stairwell at the lab and photograph the specimens. A talented artist, Compton then painted watercolors based on his photographs. He allowed free rein to both his scientific judgment and his artistic vision as he constructed representations of how the specimens might have appeared in the crushing pressure of their alien environment. Compton dubbed the series of deep-water paintings "Fire in the Sea" because of the shimmering bioluminescence common to these deep-water species. Then, along with taxonomic descriptions, he drafted fanciful narratives to accompany the paintings: quirky, humorous, and sometimes cryptic stories of the fishes in their unreachable habitat. Professor, researcher, and author David A. McKee has taken Compton's work, discovered in cardboard boxes following his death, and, along with others, provided chapters on bioluminescence, life in the deep, taxonomic arrangement, and life history information.

Listening to the Sea Dec 04 2020 Environmental politics and policy, while gaining a significant place in the nation's consciousness, constantly comes up against the United States' desire for more development, more profit and a collective lack of foresight. Nowhere is this more evident than in the crucial biodiversity of the world's oceans, which are victim to pollution, overharvesting, habitat destruction, and simplistic and fragmented environmental policies that do not speak to underlying problems.

amerikanische Umweltbewegung May 29 2020 "If present trends continue, the world in 2000 will be more crowded, more polluted, less stable ecologically, and more vulnerable to disruption than the world we live in now." Mit diesen Worten nahm Gerald O. Barney 1979 bereits in der Einleitung des Global 2000 Report to the President die Ergebnisse seiner Studie vorweg. Diese Aussage und die zugrunde liegende Studie zeigen eindringlich, dass ökologische Prophezeiungen und Befürchtungen auf lange Sicht Realität werden und sich in der globalen politischen Agenda niederschlagen können. Gerade in den vergangenen zehn bis zwanzig Jahren hat sich die Weltpolitik vermehrt ökologischen Themen zugewandt, nicht zuletzt beeinflusst durch öffentlichen Druck, welcher zu einem nicht unbeträchtlichen Teil auch durch die Umweltbewegung in der Bevölkerung aufgebaut wurde. Diesen aus dem Weg zu gehen ist heutzutage aus zweierlei Gründen unmöglich. Ökologische Themen genießen einerseits eine ungeheure Medienpräsenz, auf der anderen Seite kann der mächtige Bürger die mit ihnen einhergehende Brisanz unter Berücksichtigung der Verantwortung jedes Einzelnen für den Lebensraum Erde und dessen Ökosystem nicht mehr ignorieren. Diese Tatsachen in Verbindung mit der dem folgenden Zitat innewohnenden These haben die Themenwahl für die vorliegende Arbeit maßgeblich beeinflusst. "Literary works often precede and foretell the articulation of philosophical concepts." So drängt sich gerade unter Berücksichtigung des relativ neuen Forschungsbereichs des Ecocriticism die Frage auf, ob und inwieweit literarische Werke wirklich dazu in der Lage sind, die nachhaltige reale Entwicklung durch ihre Aussagen zu beeinflussen oder in einem weiteren Schritt gar künftige Entwicklungen vorwegzunehmen. Die Wahl von John Steinbeck und *The Log From the Sea of Cortez* fiel hierbei einfach. Denn in vielen von John Steinbecks Werken sind kritische Aussagen bezüglich des Umganges des Menschen mit der Natur zu finden. Auch *The Log From the Sea of Cortez* lässt gleich

Lost to the Sea, Britain's Vanished Coastal Communities: The Yorkshire Coast & Holderness Jul 11 2021 Once there was a Roman settlement on what is now Filey Brig. In Holderness, a prosperous town called Ravenser saw kings and princes on its soil, and its progress threatened the good people of Grimsby. But the Romans and the Ravenser folk are long gone, as are their streets and buildings sunk beneath the hungry waves of what was once the German Ocean. *Lost to the Sea: The Yorkshire Coast & Holderness* tells the story of the small towns and villages that were swallowed up by the North Sea. Old maps show an alarming number of such places that no longer exist. Over the centuries, since prehistoric times, people who settled along this stretch have faced the constant and unstoppable hunger of the waves, as the Yorkshire coastline has gradually been eaten away. County directories of a century ago lament the loss of communities once included in their listings; cliffs once seeming so strong have steadily crumbled into the water. In the midst of this, people have tried to live and prosper through work and play, always aware that their great enemy, the relentless sea, is facing them. As the East Coast has lost land, the mud flats around parts of Spurn, at the mouth of the Humber, have grown. Stephen Wade's book tells the history of that vast land of Holderness as well, which the poet Philip Larkin called the end of land.

The Sea, the Sea; A Severed Head Nov 03 2020 These two major novels—by one of the most influential British writers of the twentieth century—are ferociously dark comedies that combine playfulness with profundity. *A Severed Head* (1961) is one of Iris Murdoch's most entertaining works, tracing the turbulent emotional journey of Martin Lynch-Gibbon, a smug, prosperous London wine merchant and unfaithful husband, whose life is turned inside out when his wife leaves him for her psychoanalyst. The story takes bedroom farce to a new level of sophistication, with scenes that are both wickedly funny and emblematic of the way momentous moral issues play out in everyday life. The Booker Prize-winning *The Sea, the Sea* (1978) is set on the edge of England's North Sea, where egotistical Charles Arrowby, a big name in London's glittering theatrical world, has retreated into seclusion to write his memoirs. Arrowby's plans begin to unravel when he encounters his long-lost first love and finds himself increasingly besieged by his own fantasies, delusions, and obsessions. Both novels are tragicomic masterpieces that brilliantly dramatize how much our lives are governed by the lies we tell ourselves and by the all-consuming need for love, meaning, and redemption. Introduction by Sarah Churchwell

Farewell to the Sea Sep 25 2022 "...a passionate indictment of tyranny." -- The New Yorker Twice confiscated by Cuban authorities and rewritten from memory, this is Arenas' most celebrated novel In this brilliant, apocalyptic vision of Castro's Cuba, we meet a young couple who leave the dreariness of Havana and spend six days at a small seaside retreat, where they hope to recapture the desire and carefree spirit that once united them. In a stunning juxtaposition of narrative voices, the wife recounts the grim reality of her marriage, the demands of motherhood, and her loss of freedom, innocence, and hope; while her husband, a disillusioned poet and disenchanted revolutionary, recalls his political struggles and laments the artistic and homosexual freedom that has been denied him. Rich in hallucination, myth and fantasy, Farewell to the Sea is a fierce and unforgettable work that speaks for the entire human condition.

All Rivers Run to the Sea Sep 20 2019 In this first volume of his two-volume autobiography, Wiesel takes us from his childhood memories of a traditional and loving Jewish family in the Romanian village of Sighet through the horrors of Auschwitz and Buchenwald and the years of spiritual struggle, to his emergence as a witness for the Holocaust's martyrs and survivors and for the State of Israel, and as a spokesman for humanity. With 16 pages of black-and-white photographs. "From the abyss of the death camps Wiesel has come as a messenger to mankind--not with a message of hate and revenge, but with one of brotherhood and atonement." --From the citation for the 1986 Nobel Peace Prize

Seven Tears into the Sea Aug 12 2021 Beckon the sea, I'll come to thee.... Shed seven tears, perchance seven years.... At the age of ten, Gwen Cooke had a strange encounter with a boy with dark, slightly tilted eyes. He came to her on the beach, whispered strange words in her ear, and then disappeared. Shortly thereafter, her family moved away from their seaside home and Gwen never saw the boy again. Now seventeen, Gwen is returning to her childhood home. Her nana asked her to come. But Gwen knows it's time to go back for another reason: She yearns for the sea. Perhaps the sea itself is calling to her. Perhaps the memory of the boy and his haunting words are drawing her back to the place they met. Perhaps it's time for her to face her destiny.

The Sea, The Sea Sep 01 2020 "'I saw a monster rising from the waves.' **A BBC BETWEEN THE COVERS BIG JUBILEE READ PICK** **Winner of the Man Booker Prize 1978** Charles Arrowby has determined to spend the rest of his days in hermit-like contemplation. He buys a mysteriously damp house on the coast, far from the heady world of the theatre where he made his name, and there he swims in the sea, eats revolting meals and writes his memoirs. But then he meets his childhood sweetheart Hartley, and memories of her lovely, younger self crowd in - along with more recent lovers and friends - to disrupt his self-imposed exile. So instead of 'learning to be good', Charles proceeds to demonstrate how very bad he can be. WITH AN INTRODUCTION BY DAISY JOHNSON VINTAGE CLASSICS MURDOCH: Funny, subversive, fearless and fiercely intelligent, Iris Murdoch was one of the great writers of the twentieth century. To celebrate her centenary Vintage Classics presents special editions of her greatest and most timeless novels.

Das verlorene Paradies Mar 07 2021 Endlich wieder in deutscher Übersetzung lieferbar: das Buch, mit dem Abdulrazak Gurnah der Durchbruch gelang Ostafrika, Anfang des 20. Jahrhunderts: Der zwölfjährige Yusuf führt mit seiner Familie ein einfaches Leben auf dem Land. Als der Vater sich mit seinem kleinen Hotel verschuldet, wird Yusuf in die Hände von Onkel Aziz gegeben und landet im lebhaften Treiben der Stadt, zwischen afrikanischen Muslimen, christlichen Missionaren und indischen Geldverleihern. Die Gemeinschaft dieser Menschen ist alles andere als selbstverständlich und von subtilen Hierarchien bestimmt. Yusuf hilft in Aziz' Laden und bei der Pflege seines paradiesisch anmutenden Gartens. Doch als der Kaufmann ihn auf eine Karawanenreise ins Landesinnere mitnimmt, endet Yusufs Jugend abrupt. Die gefährliche Unternehmung bringt Krankheit und Tod und zeigt allen Teilnehmern schmerzhaft, dass die traditionelle Art des Handels keine Zukunft mehr hat. Was Yusuf erlebt, lässt ihn erwachsen werden. So verliebt sich der junge Mann nach seiner Heimkehr kopfüber, aber er und alle um ihn herum werden brutal mit der neuen Realität der deutschen Kolonialherrschaft konfrontiert. Einfühlsam, lebendig und in leichtem, humorvollem Ton, erzählt Abdulrazak Gurnah in »Das verlorene Paradies« vom Erwachsenwerden in Zeiten des kolonialen Umbruchs. Im Original 1994 erschienen, stand der Roman u.a. auf der Shortlist des Booker Prize und stellte für Gurnah den Durchbruch als Schriftsteller dar. Jetzt ist er endlich wieder in der Übersetzung von Inge Leipold auf Deutsch zu lesen.

The Sea West of Spitsbergen Dec 16 2021 Since its discovery in 1596 Spitsbergen - the beautiful island of arctic Norway - has been the destination of many expeditions from different nations. Some of the most important research on the island was led by Gunnar Isachsen. The Norwegian army officer and polar scientist collected valuable topographic and bathymetric data and became the founder of his country's systematic research on Spitsbergen. In 1912, Fritjof Nansen - the popular arctic explorer and scientist - and his assistant Bjørn Helland-Hansen published a summary of the oceanographic observations made by Isachsen on his last journey to the island in 1910. Reprint of the original edition.

Salz für die See Mar 19 2022 Die letzten Kriegstage des Jahres 1945: Tausende Menschen flüchten aus Angst vor der Roten Armee nach Westen. Darunter Florian, ein deutscher Deserteur, Emilia, eine junge Polin, und Joana, eine litauische Krankenschwester. Eine Notgemeinschaft, in der jeder ein Geheimnis hat, das er nicht preisgeben will. Denn der Krieg hat sie Misstrauen gelehrt. Im eiskalten Winter wählt der kleine Flüchtlingstrek den lebensgefährlichen Weg über das zugefrorene Haff. In Gotenhafen, so heißt es, warte die Wilhelm Gustloff, um sie nach Westen zu bringen. Doch auch dort sind sie noch lange nicht in Sicherheit.

A Journey to the Polar Sea Oct 14 2021 British polar explorer and naval officer Sir John Franklin (1786-1847) was fourteen years old when he decided

to become a sailor. He was fascinated by the polar sea and undertook several expeditions to explore the areas of the arctic oceans. This book describes his journey to the north-western territories of Canada in the years 1819–1822. The captain and his crew nearly died during the trip due to a dramatic shortage of food. Desperate as he was, Franklin even tried to eat his leather boots, which brought him the nickname "the man who ate his shoes". Reprint of the original edition from 1824.

Lucy by the Sea May 21 2022 NEW YORK TIMES BESTSELLER • From Pulitzer Prize-winning, #1 New York Times bestselling author Elizabeth Strout comes a poignant, pitch-perfect novel about a divorced couple stuck together during lockdown—and the love, loss, despair, and hope that animate us even as the world seems to be falling apart. “No novelist working today has Strout’s extraordinary capacity for radical empathy. . . . May droves of readers come to feel enlarged, comforted, and genuinely uplifted by Lucy’s story.”—The Boston Globe ONE OF THE BEST BOOKS OF THE YEAR: The New Yorker With her trademark spare, crystalline prose—a voice infused with “intimate, fragile, desperate humanness” (The Washington Post)—Elizabeth Strout turns her exquisitely tuned eye to the inner workings of the human heart, following the indomitable heroine of My Name Is Lucy Barton through the early days of the pandemic. As a panicked world goes into lockdown, Lucy Barton is uprooted from her life in Manhattan and bundled away to a small town in Maine by her ex-husband and on-again, off-again friend, William. For the next several months, it’s just Lucy, William, and their complex past together in a little house nestled against the moody, swirling sea. Rich with empathy and emotion, *Lucy by the Sea* vividly captures the fear and struggles that come with isolation, as well as the hope, peace, and possibilities that those long, quiet days can inspire. At the heart of this story are the deep human connections that unite us even when we’re apart—the pain of a beloved daughter’s suffering, the emptiness that comes from the death of a loved one, the promise of a new friendship, and the comfort of an old, enduring love.

The Sea in your Heart Jun 22 2022 Ein Herz wie das Meer: stürmisch, wild und frei. Lilja lebt für das Meer. Privat engagiert sie sich in einer Umweltorganisation für den Schutz der Ozeane und nimmt an Protestaktionen gegen den Walfang teil. Dementsprechend wenig Zeit hat sie für Männer. Eine Beziehung steht definitiv nicht auf Liljas Prioritätenliste – bis sie im Licht von Islands Mitternachtssonne einen Mann kennenlernt, dessen Lächeln einfach unwiderstehlich ist. Sie verbringt eine magische Nacht mit ihm. Doch was Lilja nicht weiß: Jules ist jemand, auf den sie sich nie hätte einlassen dürfen ... Mitternachtssonne und Vulkanstrände. Band 2 der Island-Reihe, das Sommerbuch. Unabhängig lesbar.

Dust on the Sea Mar 27 2020 In 1972, following the huge success of *Run Silent, Run Deep*, Edward L. Beach's second novel of submarine warfare was published to great acclaim. Like its predecessor, *Dust on the Sea* was lauded for its authentic portrayal of what it meant to be a submariner during the desperate years of World War II. Tense, dramatic and rich in technical and tactical detail, the book draws on Beach's experience as a submariner in the US Navy to describe the commander and crew of the fictitious USS Eel as they

battle overwhelming odds to destroy Japanese ships and save American lives. With no margin for error, the men withstand storms, depth charges and even hand-to-hand combat to defend their boat and themselves. Mistakes, as the title reminds us, result in the debris which serves as a brief grave maker for sunken ships: dust on the sea.

Salt to the Sea Oct 26 2022 It's early 1945 and a group of people trek across Germany, bound together by their desperation to reach the ship that can take them away from the war-ravaged land. Four young people, each haunted by their own dark secret, narrate their unforgettable stories. This novel is based on a true story from the Second World War. When the German ship the Wilhelm Gustloff was sunk in port in early 1945 it had over 9000 civilian refugees, including children, on board. Nearly all were drowned

20,000 LEAGUES UNDER THE SEA (Illustrated) Jul 19 2019 This carefully crafted ebook: "20,000 LEAGUES UNDER THE SEA (Illustrated)" is formatted for your eReader with a functional and detailed table of contents. "20,000 Leagues Under the Sea" is a classic science fiction novel by Jules Verne published in 1870. It tells the story of Captain Nemo and his submarine Nautilus, as seen from the perspective of Professor Pierre Aronnax. The title refers to the distance travelled while under the sea and not to a depth, as 20,000 leagues is over six times the diameter, and nearly three times the circumference of the Earth. The greatest depth mentioned in the book is four leagues. The book uses metric leagues, which are four kilometres each. A literal translation of the French title would end in the plural "seas", thus implying the "seven seas" through which the characters of the novel travel. The book was highly acclaimed when released and still is now; it is regarded as one of the premiere adventure novels and one of Verne's greatest works. Jules Verne (1828-1905) was a French novelist, poet, and playwright best known for his adventure novels and his profound influence on the literary genre of science fiction.

The Last True Poets of the Sea Sep 13 2021 From a stunning new voice in YA literature comes an epic, utterly unforgettable contemporary novel about a lost shipwreck, a missing piece of family history, and weathering the storms of life. "Profound and page-turning." --Madeline Miller, #1 New York Times best-selling author of *Circe* The Larkin family isn't just lucky—they persevere. At least that's what Violet and her younger brother, Sam, were always told. When the *Lyric* sank off the coast of Maine, their great-great-great grandmother didn't drown like the rest of the passengers. No, Fidelia swam to shore, fell in love, and founded *Lyric, Maine*, the town Violet and Sam returned to every summer. But wrecks seem to run in the family: Tall, funny, musical Violet can't stop partying with the wrong people. And, one beautiful summer day, brilliant, sensitive Sam attempts to take his own life. Shipped back to *Lyric* while Sam is in treatment, Violet is haunted by her family's missing piece—the lost shipwreck she and Sam dreamed of discovering when they were children. Desperate to make amends, Violet embarks on a wildly ambitious mission: locate the *Lyric*, lain hidden in a watery grave for over a century. She finds a fellow wreck hunter in Liv Stone, an amateur local historian whose sparkling intelligence and guarded gray eyes make Violet ache in an exhilarating new way. Whether or not they find the *Lyric*, the journey Violet takes—and the bridges she builds along

the way—may be the start of something like survival. Epic, funny, and sweepingly romantic, *The Last True Poets of the Sea* is an astonishing debut about the strength it takes to swim up from a wreck.

The Mirror of the Sea ; And, A Personal Record Feb 06 2021 The Mirror of the Sea offers, in Conrad's own words, "a very intimate revelation...of my relation with the sea." This imaginative piece of non-fiction passionately explores ships and their captains, storms, oceans, and all other aspects of a sea-going life that Conrad experienced for twenty years. A Personal Record, Conrad's autobiography, provides invaluable insight into the thoughts of a writer whose experience of repression in Poland and whose love and knowledge of the sea formed a basis for his novels and tales of adventure.
