Soviet Russia will conquer all the millions of problems that stand in its way, on one condition: as long as the cause of the political education of the broad masses of the people continually advances. We have nothing to be afraid of, if our people fully learns to distinguish who are its friends and who are its enemies. The trial of the Socialist Revolutionaries must and shall be a great step forward in the

(Grigorii Zinov'ev, Pravda and Krasnaia gazeta, 20 June 1922)

For my part, I considered this trial to be unnecessary: the Socialist Revolutionaries had been beaten and represented no visible danger at all.

(Charles Rappoport, *Ma vie*, Paris 1926-1927, Vol. 2, p. 80)

The Bolsheviks seized power in Russia in October 1917 by staging a coup d'etat, and then established a dictatorship. The new rulers suppressed all armed resistance in a bloody civil war, after which they made every effort to uproot and exterminate even peaceful political opposition of all kinds. Even now it is impossible in the Soviet Union to subject these developments to critical

In *Women's Work, Men's Work*, Betty Wood examines the struggle of bondpeople to secure and retain for themselves recognized rights as producers and consumers in the context of the brutal, formal slave economy sanctified by law. Wood examines this struggle in the Georgia lowcountry over a period of eighty years, from the 1750s to the 1830s, when, she argues, the evolution of the system of informal slave economies had reached the point that it would henceforth dominate Savannah's political agenda until the Civil War and emancipation. The daily battles of bondpeople to secure rights as producers and consumers reflected and reinforced the integrity of the private lives they were determined to fashion for themselves, Wood posits. Their families formed the essential base upon which, and for which, they org

their informal economies. An expanding market in Savannah provided opportunities for them to negotiate terms for the sale of their labor and produce, and for them to purchase the goods and services they sought. In considering the quasi-autonomous economic activities of bondpeople, Wood outlines the equally significant, but quite different, roles of bondwomen and bondmen in organizing these economies. She also analyzes the influence of evangelical Protestant Christianity on bondpeople, and the effects of the fusion of

religious and economic morality on their circumstances. For a combination of practical and religious reasons, Wood finds, informal slave economies, with their impact on whites, became the single most important issue in Savannah politics. She contends that, by the 1820s, bondpeople were instrumental in defining the political agenda of a divided city--a significant, if unintentional, achievement.
