Education for Tomorrow Sep 05 2020 *Education for Tomorrow* A Biocentric, Student-Focused Approach to Education Reform Michael Risku University of the Incarnate Word, USA and Letitia Harding University of the Incarnate Word, USA There are many books on the market which discuss indigenous ways of knowing, and bemoan western society's seeming lack of interest in anything other than scientific fact-based knowledge. Equally plentiful are the writings of critical theorists who consider today's public education system to be divisive, and manipulated by those in power to ensure that their children have the educational advantages needed to maintain the elite hierarchical status quo. *Education for Tomorrow* is unique in that it brings both of these approaches together first by examining the ways that indigenous people and women of all cultures acquire and pass on knowledge, and the deleterious effects that enforced Eurocentric systems have had on that process. The authors then turn to public schools to explore the influences, both good and bad, that today's programs have on the distribution of opportunities afforded to all children in the United States. Finally, they offer suggestions for a revolutionary education system which highlights the need for all students to have the encouragement and freedom to look critically and rationally at their lives and at their relationship with the natural world. This can be achieved by looking back to the pedagogical methods of our indigenous ancestors, and forward to a time when all children, regardless of ethnic or socio-economic heritage, are taught in such a way that every aspect of their lives is addressed, nurtured, valued, and enhanced.

And two, it's a day we will not soon forget. *Sixty Seconds* is an uplifting collection of intimate, heartfelt stories from prominent people who graciously share their personal experiences with the profound. Their moving, life-altering interviews powerfully illustrate that sacred moments of illumination and insight are available to us all.

The Twelfth Insight Dec 29 2019 *The Twelfth Insight*, the long-awaited fourth book in the beloved Celestine Series, offers readers new and profound spiritual wisdom. In this installment of the Celestine Series, we again follow our Hero and his close friend Wil, who have just received a portion of another ancient and mysterious manuscript that describes a secret approach to spirituality that is silently arriving in the second decade of the 21st Century. But the manuscript is only available in fragments. To understand its full meaning for mankind, our Hero and Wil begin an urgent search to find the message in its entirety. As they embrace the power of Synchronicity and begin their search, they are confronted by powerful political forces and religious extremists that stand in the way of these spiritual revelations. Utilizing what he calls the "parable effect," and based on his own sources, James Redfield explores the similarities and differences that exist among the world religions, revealing the essential messages contained within them that can energize our experience of spirituality-- and produce a new wave of integrity and reform that can transform our lives and our world.

Gospel of the Open Road Sep 25 2019 *Gospel of the Open Road* reclaims Ralph Waldo Emerson, Walt Whitman, and Henry David Thoreau as America's spiritual birthright. It rescues them from literary history, and reveals them in their true light: as democracy's prophets of the soul. Emerson, Whitman, and Thoreau were religious seers who developed a new form of spirituality, and *Gospel of the Open Road* explains, in scholarly yet passionate fashion, the deep wisdom that is their enduring legacy. It presents them as a viable spiritual path for those who do not belong, and do not want to belong, to any organized religion. But this book does more. It draws fascinating parallels between the new spirituality taught by Emerson, Whitman, Thoreau and ancient spiritual wisdom as found in shamanism, Goddess worship, Tantra, Taoism, Confucianism, Vajrayana and Zen Buddhism, and Hinduism. This book is an evocative synthesis of humanity's most venerable spiritual wisdom and the most modern of philosophical, social, psychological, political, scientific, and Humanistic concepts. It traces the New Age spiritual revolution to its source in Emerson, Whitman, and Thoreau, and explains how to apply their spiritual teachings to our everyday life here on Earth.
