Political Straight Talk Dec 17 2021 In writing the Declaration of Independence and the Constitution, our Founding Fathers established a democratic republic with a solid political basis. What they wrote was the political map that future representatives would need to follow to conduct the people's business in an efficient and effective manner. As long as they faithfully carried out the people's will, our democracy and republic would function in a way congruent with our forebears' wishes. What in the world happened? H. John Lyke, a board-certified psychologist and professor emeritus at Metropolitan State College of Denver, and the author of multiple political psychology books, suggests that ever since George Washington retired as captain of our ship of state, subsequent presidents and members of Congress have failed to use the sailing chart of the Constitution. Instead, they've chosen to pursue their own and their political parties' self-interests. Lyke uses psychological principles to explore the reasons why our government has fallen so low, and in the voice of a kind but determined therapist, he offers simple and viable solutions to get us back to following our map.

Straight Talk Nov 04 2020 Finally! A Man Speaks to Men. Never have books promised to pry men away from their six-packs and remote controls to take a two-part course on the sport of seduction. As an author who has given new meaning to the word 'touch down', he shows you how to 'touch her'. No subject is off-limits -- or out of bounds. So ladies, get ready to play ball!! **Straight Talk: Volume One Playing For Keeps** ***How To Love A Woman And Make Her Love You Back*** Round One - The Try-Outs In this first of two sizzling volumes, Wright gives raw tutorials on winning a woman's affections. In locker room voice former pro basketball player Gerry Wright answers all the questions that aspiring Casanovas are dying (but too proud) to ask. From what to wear, to how to smell, to how to equip the bachelor pad, Volume I gets a man to first base ---without striking out. Loaded with clever, hard-nosed information, **Straight Talk** elevates men from sitting on life's bleachers as all of the quality babes walk by to becoming an All-Star at love. Unlike books like *Men Are From Mars, Women Are From Venus*, this two-book series deals with the real world, and gives the low down of what women really want --- in "guy talk"! Crammed with nuggets of practical information spiked with sporting terms, **Playing For Keeps** is savvy, sexy, and funny. **Straight Talk: Volume Two Papa's Got A Brand New Bag** ***A Man's Guide To Lovin' His Woman Down*** Round Two - The Knockout Volume I **Straight Talk: Playing For Keeps** got a fellow's foot in the door and into her head ---- Volume II **Papa's Got A Brand New Bag** pitches step-by-step details on how to perform in her bed. Gerry Wright, personal trainer and former pro basketball player gets straight to the point --- most men are lousy lovers. Perceptive, real and wise, in Volume II Wright teaches men the blow-by-blow moves that leave a woman crying "time-out!" In the same no-holds-barred locker room style of Volume I, Wright explicitly coaches mankind on the sensual techniques to win over the opposite sex. Based on the shared experiences on different continents as Wright played basketball, he delivers the low down on the sexual "left hooks" and "curve balls" - that American women are dying for men to throw. More than a primer on body parts (and yes) oral sex the book also instructs men to listen to their partners. Perceptive, clever, and graphic -- Wright's instincts brand him as America's personal trainer at love. Wright's hand size (a full 11 1/4 inches spread) afforded him the ability to earn *Sports Illustrated* notoriety as a slam-dunk king. In two erotically raw volumes he gives tips that will have women in the palm of your hand (regardless of how many inches you're wielding). Wright's coaching a new team of men --- and, frankly fellows, she won't be trading you to another team after you read Wright's **Straight Talk**. Letter to Gerry Wright: Dear Mr. Wright, I went to a little book store called "Consider The Alternatives" on Thursday, April 19, looking for a book about relationships. I told Judy, the owner, that I have read many books to try to understand my man. And I couldn't seem to find one about women for men to read that wasn't just about sex. She called me at my home the very next day and left me a message that two books came in about the

subject we were discussing and would I mind coming and taking them to read and review. I went to the store the very next day and read the cover letter, then the contents of the books. I immediately took them home to read. I am 2/3 through Volume 1 and I can't put it down. You must promote this book every where. Your book is heroic to all of us who have been criticized for saying the things you had the balls to say and say it straight. These two books must be marketed ASAP. Get the word out! Thank-you so much for your gift to men and women. Your reward is very great. T.R.

Financial Straight Talk Jun 30 2020 Your #1 goal should be to have money for retirement. We all want the finer things in life; we are a society obsessed with instant gratification. However, all of your decisions (the financial ones, at least) should be primarily based on both your future and your retirement. With this as an overall theme, this book will walk you down the road to retirement, providing you with options and choices that are most appropriate for your particular situation. No one said the road would be easy, but do not worry, we will face those speed bumps head on, and we will do it together. The best time to start planning for retirement is now! A significant change in the last 20 years is the position of global investments. In 1990, 75 percent of investment opportunities were in the United States and 25 percent in other places around the world. Currently, it is almost the opposite with about 75 percent of the opportunities outside the United States. The U.S. is still the #1 financial leader in the world. Japan is #2. In 2010, China overtook Germany to become #3. We need to recognize that other countries are maturing and we want to make sure you have considered all investment opportunities that exist. By the end of this book, you will be comfortable enough to make your own decisions regarding your investments. If you are not, it will allow you to be comfortable asking any financial consultant the right questions. This book is about giving you new tools. So, we brought in Morningstar® to enable you to evaluate your options and introduced a global perspective to help you maximize potential returns. Think of it this way: if this were your favorite coffee blend (with all the right ingredients), you would want a refill.

Straight Talk from the Heartland Feb 25 2020 Ed Schultz is here to slay the "right-wing radio dragon" and revitalize the charge against Bush-era "conservative cruelty" with his own bold, irreverent truth-talk. When the self-described "gun-toting, meat-eating, drug-free liberal" from America's heartland came out swinging with his syndicated radio program, The Ed Schultz Show, listeners realized right away that this was no cookie-cutter liberal, but a tough-talking advocate for everything that's right about the left. "A free press is all that stands between you and a dictatorship," warns

and ultra-conservative talking heads like Rush Limbaugh and Sean Hannity, whom he blames for quashing political debate just when America needs it most. While Big Ed has what it takes to "go bare-knuckle brawling" with his staunchest detractors, it is with a deep compassion and impeccable common sense that he describes how our "government by the rich and for the rich" is imperiling the lives of average hard-working Americans. In Straight Talk from the Heartland, Schultz rails against the havoc that our nation's leaders are wreaking on everything from international relations to homeland defense, from our skyrocketing federal deficit to the disenfranchised families of rural America who are struggling to make ends meet. With a heady mix of patriotism, outrage, humor, and hope, he makes an urgent appeal to universal virtues such as honesty and liberty, and reminds readers of what he calls the Four Pillars of a Great Nation: Defending America: "We have lost faith in our leaders. The world has lost faith in us. Our foray into Iraq, to disarm a nation of biological and nuclear weapons they did not have, has shrunk American credibility like a cheap sweater." A Sound Economy: "The Bushies are like street hustlers. While they show you a meager tax cut with one hand, they steal your wallet with the other." Feeding the Nation: "Bad farm policy and bad trade agreements are running the American farmer off the land. It's killing small towns, and small towns are the heart of this nation." Educating America: "Don't start counting your tax break just yet. Your state and local taxes are rising to support the unfunded mandate of the No Child Left Behind act." "I'm here to give it to you straight," Big Ed says. "I've got faith that, when Americans grasp what's going on around them, they'll start acting like a bear fresh out of hibernation -- famished, ill-tempered, and ready to start raising hell." Straight Talk from the Heartland is the wake-up call America has been waiting for.

WineSpeak Oct 23 2019 If you read wine reviews, you're already either amused or confused by the soaring language wine writers often use to describe what they're smelling and tasting. But do you always know what they mean? Have you ever sipped a complex white and sensed what's so colorfully described as a peacock's tail? Have you ever savored a full-bodied red only to detect the ripe acrid smell of a horse stall? If not, you're in for a treat, because these terms and thousands more are all here to amuse, dismay, enlighten, inspire, puzzle, and utterly shock you. Welcome to the rich linguistic universe of wine speak: a world where words and wine intersect in an uncontrolled riot of language guaranteed to keep you entertained for hours. The author, a lifelong lover of both wine and words, has compiled and organized this unique thesaurus of 36,975 wine tasting descriptors into 20 special collections extracted from 27 categories so you can locate exactly the right term or phrase to express yourself clearly or to understand others. May your path across the galaxy of wine be paved only with labels from the very best bottles on earth. Or, much more cautiously, with wines that could introduce you to angel pee, citronella, eastern European fruit soup, Godzilla, iodine, ladies' underwear, mustard gas, old running shoes, rawhide, hot

tar roads, bubblegum, sweaty saddles, crushed ants, kitchen drains, or even turpentine.

Straight Talk: Biblical Christianity V. Religion May 22 2022 A look at the Creator's answers regarding who we are, our origin, and what life is all about. God has revealed Himself extensively and His revelations are straightforward but we have distorted and clouded them with "religion." He has paid the full price Himself for our violations of His holiness so our failure to respond in faith constitutes rejection and has the consequence of eternal separation from Him. The main reason you haven't responded is that you

haven't taken the time to look - you have simply been going along with the crowd. Shouldn't you at least take the time to look and see where that crowd is taking you? After looking, reject as you wish, just don't reject without looking - that's foolish!

Many of us are confronted by scary conversations every day: standing up to a toxic boss who is verbally abusive, discussing a niggling problem with a close friend, talking to an interfering mother-in-law or confronting a controlling parent, to name but a few. And of course, everyone would rather avoid having them! Yet by putting off these conversations we often exacerbate the problem, or one day our emotions simply explode. In the process, we lose friends and jobs, damage our marriages and become estranged from family members. In this book, the author illustrates how to manage scary conversations so that you no longer need to fear them. Following tried-and-tested methods, she provides readers with real-life examples on which to model their own conversations, so that they will feel comfortable talking to anybody about almost anything.
