Guido Gezelle Jun 14 2021 Excerpt from Guido Gezelle: The Mystic Poet of Flanders The reader will perhaps raise the question: Why do some of the Flemish authors insist on writing in Flemish, a tongue so limited in use? Why do they not follow the larger and easier road to success, international fame and wealth, which Maeterlinck and Verhaeren followed, by writing in French, which for most of them has become a second mother tongue? Why write in the speech of the lower and the middle classes of Flanders, neglecting the richer French-speaking bourgeoisie? Classical Approaches to the Study of Religion May 02 2020 Waardenburg's magisterial essay traces the rise and development of the academic study of religion from the mid-nineteenth to the mid-twentieth century, outlining the establishment of the discipline, its connections with other fields, religion as a subject of research, and perspectives on a phenomenological study of religion. Furthermore a second part comprises an anthology of texts from 41 scholars whose work was programmatic in the evolution of the academic study of religion. Each chapter presents a particular approach, theory, and method relevant to the study of religion. The pieces selected for this volume were taken from the discipline of religious studies as well as from related fields, such as anthropology, sociology, and psychology, to name a few.

I Say Unto You Dec 09 2020 What if Jesus were not a supernatural being conceived by a virgin, but a real human being who had experienced the awakening of consciousness known as "enlightenment" in the East? This extraordinary line-by-line commentary on selected Gospels from Matthew and John tests the hypothesis that Jesus was a mystic, not a miracle worker of supernatural origin. Osho convincingly makes the case that the stories of Jesus' life were never meant to be a factual record of history, but rather are teaching parables designed to provide ongoing spiritual guidance for generations to come. I Say Unto You introduces us to a dynamic, compassionate, intelligent, loving Jesus, who speaks in a plain and simple way that everyone can understand. This is not the long-faced, sad and tortured man often depicted down the centuries. Osho looks with a crystal-clear perception at Jesus' work, inviting us to see the parables and miracles as metaphors of the inner world. He gives insight into Jesus' own search, and his journeys to the ancient mystery schools of Egypt, Kashmir, and Tibet that transformed him into one of the most evolved masters of the paths of love and meditation, with insights that are still relevant for today's world.

The Mystic Sepulchre (Gothic Classics) Aug 29 2022 "Vengeance flashed from his inflamed eye-balls: he drew a poniard from his bosom, and stabbed me to the heart; then, with a horrid shout of exultation, that made the vaulted roof resound, he hurled me headlong down the yawning chasm!" Set in 15th-century Spain during the reign of Ferdinand and Isabella, the novel opens on a stormy night, when a traveller, Carlos, finds an abandoned infant on the side of the road. Seeking refuge for himself and the child, he takes shelter at the nearby Castle of Henares, where Rodorigo, the villainous son of the noble Count Henares, is preparing his evil schemes. Carlos's arrival sets in motion a sequence of events involving intrigue, mistaken identity, murder, and the horrors of the Inquisition! Filled with the usual trappings of classic Gothic fiction - a ruined and haunted priory, a hero confined to a dank dungeon, a pack of banditti in a subterranean cavern, and numerous bloody murders - The Mystic Sepulchre, or, Such Things Have Been (1806) is extremely rare, with only two known surviving copies. This new edition features an introduction by Dr. Joel T. Terranova.

The Mount of Vision May 26 2022 Excerpt from The Mount of Vision: A Book of English Mystic Verse I have used the word religious rather than mystical, not because the terms are precisely equivalent, but because the first is the safer. It is ominous to hear the name of mysticism so easily used, given and taken, without a thought of its cost. It is not long since an interesting novel appeared of which the motive and the whole subject was Mysticism. Visions were easy to come by; and revelations, and such extreme things as the unitive life - things for which the Saints thought fifty years of self-conquest and self-abandonment a paltry price - were discussed as incidents of well-read aspiration. There was no mention of the first step, there was much chatter of the last. No one in the band of confident people engaged in this story in artistic work for a celestial end seemed to have entered upon the indispensable beginnings, to have overcome anything within, to have shut his mouth upon a hasty word, to have dismissed a worldly thought, to have compelled his heart to a difficult act of pardon, to have forgone beloved sleep, cherished food, conversation, sharp thoughts, or darling pride. The Saints, on the other hand, gave themselves to that spade work before permitting themselves so much as one credible dream. About the

Saint Wycliffe of Miami Classic Aug 24 2019 My book is a story of my upbringing on the island, life in the US, adventurous experiences while serving in the military, merchant marines, my mental obstacles, my desire for a higher education, writing poetry as an outlet for peace and inspiration, and using it to uplift others and praise God. Undaunted truth will never fade away. This work will intrigue the reader.

Essay on the Bases of the Mystic Knowledge (Classic Reprint) Feb 20 2022 Excerpt from *Essay on the Bases of the Mystic Knowledge* Must we believe that Mysticism is like "some vast ocean, the empire of illusion" where adventurous thinkers go astray, or is it a state of direct intuition which may be claimed by right, as divinely imparted? The question presents itself to us with this alternative: either Mysticism contains a negation of thought worse than Scepticism, or it is the most perfect activity of the mind. If it be that Mysticism is only obstinate persistence to know the unknowable, we shall have to accept the first conclusion. The pursuit of the impossible perverts our faculties and makes them unfit for their natural use. But, should Mysticism prove to be an experience distinct from what we understand by the word "knowing," it would be worth our while to inquire if something new is introduced into the consciousness, and in what ways. Reason is in possession of too much light to be able to remain quite at ease in the region of clear ideas, but not enough to know first principles of actual knowledge. In this penumbra who can trace the exact limit of perceptions and say where the true disappears in the probable, where the probable vanishes in illusion? Negro Mystic Lore (Classic Reprint) Jan 22 2022 Excerpt from *Negro Mystic Lore* In sending out these stories, nearly all of which came from Uncle Jake's lips, the author hopes to show the real kindly feeling existing between the people of the South and the better class of the negroes. That there are cases where this good feeling does not exist she is painfully

aware, but these are exceptions and not the rule. Uncle Jake was a reality and not a creature of the imagination. He possessed all the kindliness of heart and philosophic views accredited to him, and while he saw no harm in appropriating some of the things belonging to the white folks, he was willing to spend and be spent in their service. He took great pride in never having been longed to, or worked for, by poor white folks, and the blue blood of his Marster's family was a source of as much pride to him as the fact that all the horses on the plantation were thorough breds. A few of the stories the author has used as readings, and the pleasing reception accorded them not only at the South but also at the North gives rise to the hope that this modest volume. Zelma, the Mystic May 14 2021 Excerpt from *Zelma, the Mystic: Or, White Magic, Versus Black* When occult truths shall be more commonly applied to public affairs, the pathways of both legislator and teacher will be less devious and thorny. I have aimed to make this plain, as well as to impress upon the inventive mind the necessity of cultivating the inner or spiritual insight, as a means to success. I have also desired to have the book mechanically and artistically correct. The full-page illustrations have been procured at a large expense, and I trust they will be looked upon with pleasure and profit. Too much credit cannot be given the artists who have joined their interests with mine to make the venture a success. In this connection I have deemed it wise to employ only the best of talent, even though the number of plates should be less. The Mystic Way Jul 24 2019 Excerpt from *The Mystic Way: A Psychological Study in Christian Origins* It is the object of this book to trace out that type of life, that peculiar quality of consciousness, which is called "mystical," from its earliest appearance within Christianity; to estimate, so far as is possible, the true character and origin of the Christian mystic, and define the qualities which differentiate him from those other mystics who have been evolved along other lines of spiritual development, Oriental, Neoplatonic, or Mahomedan. It is now acknowledged by many psychologists - amongst whom Leuba and Delacroix are of special importance,

since their conclusions are entirely free from theological bias - that the Christian mystic does possess such differentiating characters; and represents, so far as the psychical nature of man is concerned, a genuine species apart. Leuba, indeed, does not hesitate to call him "one of the most amazing and profound variations of which the human race has yet been witness." This being so, his origin and real significance have surely a special importance for those interested in the spiritual evolution of humanity. We are still too often told that Christian mysticism is no integral part of Christianity: sometimes, even, that it represents an opposition to the primitive Christian ideal. Sometimes we are asked to believe that it originated from Neoplatonic influence; that Pagan blood runs in its veins, and that its genealogy goes back to Plotinus. Far from this being the case, all the doctrines and all the experiences characteristic of genuine Christian mysticism can be found in the New Testament; and I believe that its emergence as a definite type of spiritual life coincides with the emergence of Christianity itself, in the person of its Founder. A Mystic on the Prussian Throne Jul 16 2021 Excerpt from A Mystic on the Prussian Throne: Frederick-William II The reasons for this are Obvious. It fills an intermediate space between the careers of two men Of Vivid and remarkable personality who, each in his turn, filled the centre Of the stage Of European history and concentrated upon himself the interest of civilised nations - two men, moreover, who were the greatest military geniuses of modern times. Lying thus, a point Of Shadow between two bril liant lights, this period has not unnaturally been frequently overlooked. The eighteenth century belongs to Frederick the Great, the soldier Of uh conquerable spirit who held half Europe at bay; the philosopher-king who loved to gather Choice spirits around him, and found leisure for literary correspondence and Composition in the midst of war's turmoils; the recluse of Sans Souci, about whose eccentric ways and doings such innumerable stories were told. The Mystic Star, Vol. 12 Jun 22 2019 Excerpt from The Mystic Star, Vol. 12: A Monthly Magazine, Devoted to Masonry and Its Literature, 1870 Hoar Woman-tu. Gum Mama, Gem Oil-means, arm Dammit: It is recorded in the volume of the Sacred Law, that gold, silver, and precious jewels, were willingly offered by the people of Israel towards the erection of that glorious house of the Lord which was subsequently erected by King Solomon, and that when these free-will offerings were laid before King David, he blessed the Lord before all the congregation in these words Blessed be thou, Lord God of Israel, thine, O Lord, is the greatness and the power and the glory; for all that is in the heaven and the earth is thine both riches and honor come of thee, and thou reignest over all; and in thine hand is power and might to give strength to all. Now, therefore, our God, we thank thee and praise thy glorious name. Let this, brethren, be the key-note of our song of praise today, assembled as we are on this auspicious occasion; and catching the spirit of the King of Israel, let us ascribe unto the Great Architect of the universe all honor and praise for the bounty thus vouchsafed to us, for putting into the hearts of the brethren to erect these noble buildings now Opened by our Grand Master, for giving us power to carry out this design, and for sparing us to rejoice at its completion; but not less are we bound to praise him for his merciful kindness in protecting the builders in life and limb, so that no death, no bone broken, no drop of blood, no cry of pain has interrupted or marred the progress of a work of considerable extent, and occupying a period of five years, and by this fact reminding us of that notable description of the peaceful growth of the great Temple which, upon Mount Moriah. The Mystic Key to Spiritual Illumination and Occult Mastery (Classic Reprint) Nov 07 2020 Excerpt from The Mystic Key to Spiritual Illumination and Occult Mastery It is the secret of a stupendous truth, a truth so simple that it may be apprehended by the humblest mind, yet so mighty, when apprehended and applied, as to bring complete Spiritual emancipation and enlightenment to the most benighted and depraved soul, and health and vigor to the most weakened and diseased body. This truth gleams forth in all inspired teaching, but was first brought to its full revelation, in the perfect demonstration of practical experience in the life and work of the Christ. The Mystical Vision of Existence in Classical Islam Mar 12 2021 *The Studies in the History and Culture of the Islamic Orient (STIO)* is the series of "Supplements" to the journal *Der Islam*. Both are published by the Section for the History and Culture of the Near East in the Asian-African Institute of the University of Hamburg. The Section was established in 1908, before the foundation of the University of Hamburg. Under its first Director, C.H. Becker, it was the first academic centre in Germany in which teaching and research concentrated on the historical and cultural aspects of the Islamic world, and not just on philological issues. Many of Germany's leading authorities in Islamic Studies have studied and/or taught here. The "Supplements" have maintained the same high quality and met the same high demands as the journal *Der Islam* and have published numerous studies on the history and culture of the Islamic world which have represented milestones in their relevant fields. The "New Series" of Supplements appearing since 2004 carries this tradition forward and provides a platform for publishing studies on the history and culture of the Islamic world from the beginnings of Islam up to the present day.

Ganesha Goes to Lunch Oct 31 2022 Epics of ancient India rank with the timeless myths of classical Greece and Rome in the power of their language and the underlying moral lessons. The Ramayana and Mahabharata, both written in Sanskrit, contain vibrant stories of kings and princes, sages and tricksters, demons and gods, damsels in distress and mighty heroes. Ganesha Goes to Lunch collects some of the most vivid stories from these and other early Indian folklore and spiritual texts including the Vedas, the Puranas, and Sikh writings. These stories feature the gods of India in their celestial and earthly abodes, hapless humans struggling with life's many problems, and gods and humans interacting. Assembled by Kamla Kapur, these stories illustrate the great spiritual and practical themes of the human condition. Kamla Kupur brings her poet's eye and ear to the retelling of these stories, recreating and dramatizing them to illuminate their relevance to modern times.

Stephen Bar Sudaili Oct 19 2021 Excerpt from Stephen Bar Sudaili: The Syrian Mystic and the Book of Hierotheos During the first centuries of Christianity, East Syria and Egypt were the two great centres of false mysticism and pantheism, and between them there ever existed the closest relations. Although Egyptian thought and the Valentinian system exercised a great influence over Syrian thought, yet the latter possessed certain special characteristics; for while the Alexandrian schools threw their universal eclecticism into the mould of Greek thought, and gave a philosophical character to their speculations, the Syrian schools were distinguished by a vivid fancy and a bold speculation, to which they did not seek to give a philosophical or a logical form. On the other hand, if we try to connect by analogy the Syrian Gnostics and mystics with preceding systems of thought, we easily perceive the close relation in which they stood to the later Persian system, to the deified Chaldaean worship, and to the Jewish Kabbala, which probably flourished in their very midst among the Jewish settlements of Babylonia.
