Ocean Jul 24 2019 The past one hundred years of ocean science have been distinguished by dramatic milestones, remarkable discoveries, and major revelations. This book is a clear and lively survey of many of these amazing findings. Beginning with a brief review of the elements that define what the ocean is and how it works—from plate tectonics to the thermocline and the life within it—Wolf H. Berger places current understanding in the context of history. Essays treat such topics as beach processes and coral reefs, the great ocean currents off the East and West Coasts, the productivity of the sea, and the geologic revolution that changed all knowledge of the earth in the twentieth century.

Eve of All Hallows: A Tale of the Supernatural: Book Two **The Power of the Christ** Mar 12 2021 *Eve of All Hallows*, *The Power of The Christ* is the second of three books forthcoming in a trilogy written by Doug Michaud. Doug has been an educator for 43 years, and the author of seven books. His first book “*Echoes of An Ancient Word*” is also published and available on The Internet. He is a Christian theologian who has completed doctoral studies, and is well-known throughout many parts of the northeastern and mid-western United States. Mr. Michaud has produced in *Hallows* an inspirational and faith-

building story. Each book of the trilogy will nourish the soul and awaken a sense of God's Spirit moving among us. Hallows delivers on its promises: to help readers discern God's Spirit working in their lives despite the eternally conflicting presence of evil.

The Real Story of Risk Oct 19 2021 We live in a world of risk. It waits for us in our refrigerator and surrounds us on the freeway. It's lurking in our arteries and sitting in our 401(k) accounts. Given that we deal with risk on a constant basis, we should be good at it; as it turns out, though, we're not. We're blind to common risks like heart disease (one in five deaths), but we shrink in fear from rare events like shark attacks (one in a million) and airplane crashes (one in twenty thousand). What accounts for our poor ability to perceive and react to the risks that really matter? Starting from an evolutionary perspective, the author traces our distorted perception of risk back to our ancestors, reminding readers that we are all the culmination of a long line of survivors who fought life-and-death threats such as attacks from wild animals, starvation, and disease. The fact that we have covered Earth with seven billion people is a testament to our skill at overcoming these risks. But our spectacular success has also produced our contemporary artificial world with new threats like climate change, chili dogs, and online gambling. Our brains, which evolved to deal with the ancient world, are ill equipped to process the new threats we face. Croston examines the many facets of our hazardous modern environment that we only dimly perceive. He explains why we let our guard down for a beautiful face, why slow-moving risks (like rising seas) are hard to stop, how a good story (though false) can be more persuasive than dry statistics (even alarming ones), what we fear even more than death, and many other intriguing quirks about our built-in incompetence to adequately handle present-day risks. Offering a wealth of fascinating information about health, sex, money, safety, food, and the environment, this book illuminates an often-misunderstood but crucial aspect of daily life.

The Sword of Judith Nov 19 2021 The Book of Judith tells the story of a fictitious Jewish woman beheading the general of the most powerful imaginable army to free her people. The parabolic story was set as an example of how God will help the righteous. Judith's heroic action not only became a validating charter myth of Judaism itself but has also been appropriated by many Christian and secular groupings, and has been an inspiration for numerous literary texts and works of art. It continues to exercise its power over artists,

authors and academics and is becoming a major field of research in its own right. The *Sword of Judith* is the first multidisciplinary collection of essays to discuss representations of Judith throughout the centuries. It transforms our understanding across a wide range of disciplines. The collection includes new archival source studies, the translation of unpublished manuscripts, the translation of texts unavailable in English, and Judith images and music.

Caught Between Two Spiritual Worlds Feb 20 2022 This is a true story, a series of events that transpired in my life which I deemed necessary to expose and by so doing alert others to vigilance. Naturally, the subject matter is sensitive both for me and all parties involved. I can never discount the relevance of demons, deny their reality and their harassing ways. If and when I was to do so, I would magnify the role of human agents. Frequently, even mature Christians underestimate the magnitude of the spiritual warfare enlisted in from the time of the new birth. We are in a severe struggle, persistently and subtly driven by powerful, spiritual opposing forces beyond our comprehension. Often we rely on human resources and fail to use the spiritual source available to us through the power of the Holy Spirit. I fell in the fourth generation of my maternal fore-parents lineage to suffer unnecessary heartbreaking consequences because of spiritual ignorance. Since I came to see the light of Jesus Christ, I made up my mind to loose all yokes of bondage over my generation and the ones to come after me should Christ tarry. I now know demonic spirits are to be kept afar and never be trusted. Even though at times through subtlety we may be deceived to think that certain spirits work for the good and well-being of a person, such deception should be seen as a trap, a means of securing the individual into a mesh. Sooner or later, such individual will be caught unaware and conquered. It should never be a surprise how the Devil, the starch enemy of the saints, will use anyone, foe and often those who would be considered ally, to win a person over to cause him to fall. Read on and enjoy this treat to your spiritual health!

Returning Home Sep 05 2020 *Returning Home* features and contextualizes the creative works of Diné (Navajo) boarding school students at the Intermountain Indian School, which was the largest federal Indian boarding school between 1950 and 1984. Diné student art and poetry reveal ways that boarding school students sustained and contributed to Indigenous cultures and communities despite assimilationist agendas and pressures. This book works to recover the lived experiences of Native American boarding school students through creative works, student interviews, and scholarly collaboration. It shows the complex agency and ability of Indigenous youth to maintain their Diné culture within the colonial spaces that were designed to alienate them from their communities and customs. *Returning Home* provides a view into the students' experiences and their connections to Diné community and land. Despite the initial Intermountain Indian School agenda to send Diné students away and permanently relocate them elsewhere, Diné student artists and writers returned home through their creative works by evoking senses of Diné Bikéyah and the kinship that defined home for them. *Returning Home* uses archival materials housed at Utah State University, as well as material donated by surviving Intermountain Indian

School students and teachers throughout Utah, Arizona, and New Mexico. Artwork, poems, and other creative materials show a longing for cultural connection and demonstrate cultural resilience. This work was shared with surviving Intermountain Indian School students and their communities in and around the Navajo Nation in the form of a traveling museum exhibit, and now it is available in this thoughtfully crafted volume. By bringing together the archived student arts and writings with the voices of living communities, *Returning Home* traces, recontextualizes, reconnects, and returns the embodiment and perpetuation of Intermountain Indian School students' everyday acts of resurgence.

Overbearing Snake King Apr 24 2022 After taking a bath, a Snake King came out of the water! Heavens, she had never thought about the body of a snake, never played with the emotions of a snake, and never had the guts to fall in love with a snake! Why did this snake tightly wrap itself around her, accusing her of looking at his lower body and being responsible for him! Faint! Even if he saw the snake tail, he still felt guilty! Unfortunately, the weak did not have the right to speak, and Ling Little Bunny was still stripped of her clothes and placed in an array on the spot! His technique was so fast and nimble that it could make anyone's hair stand on end! After making her want to die from the pain, a certain snake actually transformed into a snake and wrapped around her body, letting her sleep soundly for 16 hours! What, him, he was using her as a pillow! A shameless snake saying: "Everyone needs a private pillow when they sleep!" However, his requirements for quality were higher. This cute Beautiful Girl of the hot spring completely met all of his requirements. Her body was very soft and her soul was very quiet and clean. Hugging her, she slept peacefully until dawn. Years of insomnia and a heart attack!

Waterwalk Feb 29 2020 Steven Faulkner and his 16-year-old son Justin are paddling and portaging their way along the 1000-mile, 1673, Mississippi discovery route of French explorers Marquette and Joliet. Tired, hungry, lost, lonely, fogbound, canoe-wrecked, unable to make their way in the darkness, they are having an excellent time—paddling 300 miles along Lake Michigan’s shore to Green Bay, Wisconsin, then 300 miles up the storm-flooded Fox River, down the Wisconsin River, then turning south for 400 miles down the mighty Mississippi to St. Louis. *Waterwalk* is a triple journey: a journey into the heart of this continent 300 years ago—as depicted in Marquette’s own journal (a translation of which Faulkner found in the basement of a University of Kansas library), a modern exploration of the quiet waterways that weave their way through busy, rush-around America, and a voyage through the heart of a father-son relationship. “Something in us,” says Faulkner, “longs to go the way of the river, to lie down on those silken currents and swing away from the bank and move along mile after mile. There’s something there that’s wild and strong and asleep in mystery . . . And all the while, rivers spoke to us in unfamiliar languages, the winds warned us of unheeded perils, statues came alive and shared their stories, and a father and son tried to learn the language of friendship and interdependence.”

Brink & Beyond Dec 29 2019 To anyone who has ever wondered if broken could be powerful and beautiful, the cover portrait depicts you, and everyone who, when at the brink of breaking, chose to heal. This is you - unbound, invaluable, whole. In this collection of stories, walk along the journey of the characters and witness their distinctive ways of escaping and embracing the cracks within them. Losing innocence to hunger. Being married to abuse. A gaping wound left by miscarriage. “One thing I knew back then was that hunger does not starve with you. Hunger slowly eats you. In its rancidity the good, the right, the bad and the wrong corrode alike.” - To the Elysian Fields “Given the social stigma sewn in strongly with incidences of domestic violence, the victims suffer in the embrace of torture without a noise. Is it murder only when you kill a person? What is it when you kill a personality?” - The Bird that Stayed Back “Somehow it is so much easier to spot people who have void in their lives. It shows up on them. He and I share the same void, only it does not show up on him as severely as it does on me.” - By the Name of Faith If you knew you could heal your cracks with something precious, would you still resist healing?

Dark World Jun 26 2022 It was the first night of the Sacrificium, a night of sacrifice and death, a night when the black coins tendered in the Lottery would be tendered back. It was also the Hora Mille Semitis, the Hour of a Thousand paths—for that is the day the Sacrificium had fallen on this year—the hour when best friends might become enemies, when lovers of longstanding might betray oaths, the hour in which anything and everything was possible. And the alignment was felt: from the upper echelons of the capitol to the poorest quarters of the downriver provinces. For the message of Valdus' rebellion had spread—whether it was a tract nailed to a door before quickly being torn down or a blast in the night that caused the power to fail in entire regions. It was a night for dreaming and for huddled collusions, for the breeze to course through rustling leaves, for long dead hearts to awaken and start pumping blood. The Sacrificium had once more come to Ursathrax, but so had the Hour of a Thousand Paths, and Valdus' Revolution, and something else, something elusive but impossible to ignore, nebulous, but as real as the River Dire, which seemed to have stolen into the world on the wind itself ...

The Day My Brain Exploded Apr 12 2021 After a full-throttle brain bleed at the age of twenty-five, Ashok Rajamani, a first-generation Indian American, had to relearn everything: how to eat, how to walk and to speak, even things as basic as his sexual orientation. With humor and insight, he describes the events of that day (his brain exploded just before his brother's wedding!), as well as the long, difficult recovery period. In the process, he introduces readers to his family—his principal support group, as well as a constant source of frustration and amazement. Irreverent, coruscating, angry, at times shocking, but always revelatory, his memoir takes the reader into unfamiliar territory, much like the experience Alice had when she fell down the rabbit hole. That he lived to tell the story is miraculous; that he tells it with such aplomb is simply remarkable. More than a decade later he has finally reestablished a productive artistic life for himself, still dealing with the effects of his injury—life-long half-blindness and epilepsy— but forging ahead as a survivor dedicated to helping others who have suffered a similar catastrophe.

THE DARK WORLD May 26 2022 It is a fantasy novel about the adventure of five people in a parallel world. It is about true friendship, love and the relationship among people.

The Dark World Oct 31 2022 "Welcome To The Dark World. A World kept from the eyes of humans. Where all manner of Dark Creature live, fight, and thrive. But certain Creatures are about to find that there is more to the dark than blood and bite. "Her name...is Alexandria Stone." These are some of the last words Xavier Delacroix hears from his

beloved Eleanor Black...just before she bursts into a Lycan Creature. And if this wasn't enough to rattle Xavier's brilliant mind, other Vampires--including Dracula himself--have become elusive and are speaking vaguely about Xavier's supposedly brilliant blood. But with a human to find, Lycans to kill, and a World to protect, Xavier is not so sure what to believe anymore--or who."--Page 4 of cover.

Enchantment and Disenchantment Nov 27 2019 In a famous episode of the eighteenth-century masterpiece *The Dream of the Red Chamber*, the goddess Disenchantment introduces the hero, Pao-yü, to the splendors and dangers of the Illusory Realm of Great Void. The goddess, one of the divine women in Chinese literature who inspire contradictory impulses of attachment and detachment, tells Pao-yü that the purpose of his dream visit is "disenchantment through enchantment," or "enlightenment through love." Examining a range of genres from different periods, Wai-yee Li reveals the persistence of the dialectic embodied by the goddess: while illusion originates in love and desire, it is only through love and desire that illusion can be transcended. Li begins by defining the context of these issues through the study of an entire poetic tradition, placing special emphasis on the role of language and of the feminine element. Then, focusing on the "dream plays" by T'ang Hsien-tsu, she turns to the late Ming, an age which discovers radical subjectivity, and goes on to explore a seventeenth-century collection of classical tales, *Records of the Strange* from the Liao-chai Studio by P'u Sung-ling. The latter half of the book is devoted to a thorough analysis of *The Dream of the Red Chamber*, the most profound treatment of the dialectic of enchantment and disenchantment, love and enlightenment, illusion and reality. They have done this in order to maximize their ability to service their customers in markets worldwide, exploit greater opportunities for growth, maximize their profitability and increase their business value. It is the strength and quality of the relationships and connections that we build with other players that will ultimately determine the effectiveness and the success of our business. *International Supply Chain Relationships* looks at these complex connections, covering long-term inter-organizational relationships, situational inter-organizational relationships, multi-disciplinary global engineering teams, technologies and innovations, supply chain communication, supply chain coordination, and future trends. *International Supply Chain Relationships* aims to provide supply chain practitioners in any type of business with ideas, tools and strategies that they can readily access, interpret and put into practice speedily and pragmatically to create value for their own international business. In many instances, supply chain projects bring together people from different disciplines who may come from different cultures and ethnic backgrounds. Add in long distances and different time zones and the complexities and challenges of sustaining successful working relationships increase even more. This book provides case studies which illustrate how to manage these arrangements effectively.
