Robert E. Howard's Conan the Cimmerian Barbarian May 29 2020 This 860-page collection contains all of Robert E. Howard's Conan the Cimmerian stories published during his lifetime, contextualized with biographical details of their author. The hardcover, a Multimedia Bundle Edition, includes the e-book and audiobook editions as downloadable bonus content. Excerpt from Introduction: "When the first Conan of Cimmeria story appeared in the pages of Weird Tales magazine in December 1932, nothing quite like it had ever before appeared in print. Author Robert E. Howard had been writing stories broadly similar to it for half a decade; but it was with Conan, and the Hyborian Age storyworld in which he was placed, that Howard finally fully doped out the sub-genre that would become known as "sword and sorcery," of which Howard is today considered the founding father. "Conan's origins date back to an experiment in 1926 titled "The Shadow Kingdom," featuring the character Kull, exile of Atlantis. The idea -- Howard's great innovation -- was, at its core, historical fiction set in a pre-historical period. That pre-historical period -- being, of course, lost in the mists of time -- could contain anything Howard might like to include: evil races of sentient snake-things, sorcerers, undead creatures, demons walking upon the earth, anything. "In other words, Howard was creating a secular mythology. "And as with any mythology, secular or no, there would be a hero, a Ulysses or a Theseus, an exceptional man of legend striding through that myth-world, sword in hand, righting wrongs and slaying supernatural monsters and, along the way, providing metaphorical insight onto his world and ours. "At the same time, he was finding success with another historical-fiction-fusion innovation: The grim,

savage English Puritan Solomon Kane. Kane's world was the skull-strewn chaos of Europe and north Africa during the Thirty Years War, in the early 1600s. Little enough is known about specific events during that dark time that it was possible to take historical liberties with it as a storyworld, so that it could accommodate dark magic, walking skeletons, vampires, magic staffs, and, of course, N'Longa the witch-doctor. "Howard quickly realized he was onto something with Solomon Kane. The first Solomon Kane story, "Red Shadows," appeared in August 1928 in *Weird Tales*, and readers loved it. Here was a dark, brooding world of menace and witchcraft connected pseudo-genealogically to their own. It was easy for readers to "take the ride" -- to suspend their disbelief and envision Kane's adventures as a part of the real world. "But, perhaps the connection with the real world was too close. The countries of 1630s Europe are well known; the causes of the conflict fully understood. There was only so much Howard could do in Solomon Kane's world. Moreover, Solomon Kane is just a hard character to root for. Unlike Kull, he is, not to put too fine a point on it, really not a sane man. "So it makes perfect sense that after the shadowy, prehistoric world of Kull and the dark, necromantic world of Solomon Kane, Howard would combine these two precursors to develop a world that was far enough into the distant past to be free of actual historical constraints -- like Kull's -- yet close enough to the present to still exist as echoes and legends in the world's mythologies. "And so Howard created The Hyborian Age, circa 10,000 B.C. And to play the role of our avatar as we explore this shadowy, almost-historical world, he gave us Conan the Cimmerian - to tread the jeweled thrones of the Earth under his sandalled feet." The H.P. Lovecraft Omnibus 2 May 09 2021 Tales of gothic horror.

Goodbye Barbary Lane Apr 20 2022 By turns hilarious and heartbreaking, Armistead Maupin's bestselling Tales of the City novels—the final three of which are collected in this third omnibus volume—stand as an incomparable blend of great storytelling and incisive social commentary on American culture from the seventies through the first two decades of the new millennium. “These final days of his San Francisco friends and lovers, gay and straight, are seriously moving... Maupin deftly illustrates how far America and the pioneering Anna have come, and nearly forty years into the series, his writing remains wildly addictive but is deeper and richer.”—People The last three novels of Armistead Maupin’s bestselling, critically-acclaimed Tales of the City are now available for the first time as an omnibus edition. The epic series, published between 1978 and 2014, spans the decade before the AIDS crisis through the era of marriage equality following an unforgettable set of characters, whose diverse sexual identities helped set the social stage for the ongoing sexual revolution. Goodbye Barbary Lane—comprised of Michael Tolliver Lives (2007), Mary Ann in Autumn (2010), and The Days of Anna Madrigal (2014)—brings closure to the lives and legacies of the characters through which generations have found connection to America’s larger cultural struggles over the past four decades. Joining two companion omnibus volumes, 28 Barbary Lane and Back to Barbary Lane, Goodbye Barbary Lane presents all of “Mr. Maupin’s adeptness at fluid dialogue, his flair for shaping characters who thread the needle between pop archetypes and singular human beings, and his great gift for intricate if occasionally preposterous plotting” (New York Times).

Back to Barbary Lane Dec 16 2021 By turns hilarious and heartbreaking, Armistead Maupin's bestselling Tales of the City novels—the fourth, fifth and sixth of which are collected in this second omnibus volume—stand as an incomparable blend of great storytelling and incisive social commentary on American culture from the seventies through the first two decades of the new millennium. “Tearing through [the tales] one after the other, as I did, allows instant gratification; it also lets you appreciate how masterfully they're constructed. No matter what Maupin writes next, he can look back on the rare achievement of having built a little world and made it run.”—Walter Kendrick, Village Voice Literary Supplement Armistead Maupin's uproarious and moving Tales of the City novels have earned a unique niche in American literature and are considered indelible documents of cultural change from the seventies through the first two decades of the new millennium. The nine classic comedies, some of which originally appeared as serials in San Francisco newspapers, have won Maupin critical acclaim around the world and enthralled legions of devoted fans. Back to Barbary Lane comprises the second omnibus of the series—Babycakes (1984), Significant Others (1987), and Sure of You (1989)—continuing the saga of the tenants, past and present, of Mrs. Madrigal's beloved apartment house on Russian Hill. While the first trilogy celebrated the carefree excesses of the seventies, this volume tracks its hapless, all-too-human cast across the eighties—a decade troubled by plague, deceit, and overweening ambition. Like its companion volumes, 28 Barbary Lane and Goodbye, Barbary Lane, Back to Barbary Lane is distinguished by what The Guardian of London has called "some of the sharpest and most speakable dialogue you are ever likely to read."

Excerpt from Introduction: "When the first Conan of Cimmeria story appeared in the pages of Weird Tales magazine in December 1932, nothing quite like it had ever before appeared in print. Author Robert E. Howard had been writing stories broadly similar to it for half a decade; but it was with Conan, and the Hyborian Age storyworld in which he was placed, that Howard finally fully doped out the sub-genre that would become known as "sword and sorcery," of which Howard is today considered the founding father. "Conan's origins date back to an experiment in 1926 titled "The Shadow Kingdom," featuring the character Kull, exile of Atlantis. The idea - Howard's great innovation - was, at its core, historical fiction set in a pre-historical period. That pre-historical period - being, of course, lost in the mists of time - could contain anything Howard might like to include: evil races of sentient snake-things, sorcerers, undead creatures, demons walking upon the earth, anything. "In other words, Howard was creating a secular mythology. "And as with any mythology, secular or no, there would be a hero, a Ulysses or a Theseus, an exceptional man of legend striding through that myth-world, sword in hand, righting wrongs and slaying supernatural monsters and, along the way, providing metaphorical insight onto his world and ours. "At the same time, he was finding success with another historical-fiction-fusion innovation: The grim, savage English Puritan Solomon Kane. Kane's world was the skull-strewn chaos of Europe and north Africa during the Thirty Years War, in the early 1600s. Little enough is known about specific events during that dark time that it was possible to take historical liberties with it as a storyworld, so that it could accommodate dark magic, walking skeletons, vampires, magic staffs, and, of course, N'Longa the witch-doctor. "Howard quickly realized he was onto something with Solomon Kane. The first Solomon Kane story, "Red Shadows," appeared in August 1928 in Weird Tales, and readers loved it. Here was a dark, brooding world of menace and witchcraft connected pseudo-genealogically to their own. It was easy for readers to "take the ride" - to suspend their disbelief and envision Kane's adventures as a part of the real world. "But, perhaps the connection with the real world was too close. The countries of 1630s Europe are well known; the causes of the conflict fully understood. There was only so much Howard could do in Solomon Kane's world.

Moreover, Solomon Kane is just a hard character to root for. Unlike Kull, he is, not to put too fine a point on it, really not a sane man. "So it makes perfect sense that after the shadowy, prehistoric world of Kull and the dark, necromantic world of Solomon Kane, Howard would combine these two precursors to develop a world that was far enough into the distant past to be free of actual historical constraints - like Kull's - yet close enough to the present to still exist as echoes and legends in the world's mythologies. "And so Howard created The Hyborian Age, circa 10,000 B.C. And to play the role of our avatar as we explore this shadowy, almost-historical world, he gave us Conan the Cimmerian - to tread the jeweled thrones of the Earth under his sandalled feet."
