transmission

wondering what

fluid to used in your

manual

transmission below

find the answer to

what fluid do i need

it is important to

use the correct fluid

oil in you manual

transmission the

vehicle

manufacturers have

done extensive

testing to specify

the correct fluid the

oil is designed to

reduce friction and

automatic

transmission fluid

wikipedia Nov 27

2019 web

automatic

transmission fluid

atf is a kind of

transmission fluid

used in vehicles

with automatic

transmissions it is

typically coloured

red or green to

distinguish it from

motor oil and other

fluids in the vehicle

the fluid is

optimized for the

special

requirements of a

transmission such

as valve operation

brake band friction

and the torque

converter as

automatic vs

manual

transmission fluid is

there a difference

Jan 22 2022 web

automotive

transmission fluid

types automatic

transmission fluid is

distinctly different

from transmission

fluid made for

manual

transmissions in the

us most passenger

cars have an

automatic

transmission which

means the

transmission

changes gears as

required

automatically the

driver does not

need to take
