Political Science and Digitalization - Global

Perspectives Oct 16 2021  
Digitalization is not only a new research subject for political science, but a transformative force for the discipline in terms of teaching and learning as well as research methods and publishing. This volume provides the first account of the influence of digitalization on the discipline of political science including contributions from 20 different countries. It presents a regional stocktaking of the challenges and opportunities of digitalization in most world regions.

College Music Curricula for a New Century Mar 29 2020  
College Music Curricula for a New Century considers what a more inclusive and socially engaged curriculum of musical study might look like in universities. Its goal is to create dialogue about how to transition to new paradigms and how they might be implemented in practical terms, based on existing experiments taking place nationally and internationally.
