**Grind Your Bones to Dust** Jan 22 2022 In his first novel, This Is Horror and Wonderland Award-nominated author Nicholas Day invites you to take a journey into a Hell that is at once uncomfortably familiar, yet unlike anything you've ever encountered before: a surveyor finds himself pursued by flesh-eating donkeys in the furthest reaches of Oregon's desert; a mass-murderer leaves the sanctity of his mountain home to pursue a long-lost love, his guide an otherworldly raven possessed by a 19th century American humorist; in nearby Klamath Falls, two estranged childhood friends set off to find a missing father with the help of two aging cowboys; and, a prisoner in her own home sees a vision of death and knows there is no escape. Pain is proselytizing. Death is the one, true faith. And everyone worships in their due time. The Gates of Nihil are wide open and waiting to GRIND YOUR BONES TO DUST

*Dust and Bones* Mar 24 2022 A freakish blizzard chokes the small town of Bug Leg, the lingering heat of summer just moments removed. The sunken wagon trails leading to and from town have been buried and offer no escape; a mysterious stranger is the last to emerge from the world outside. Children at the schoolhouse, miles from town, wearing short sleeves and shoeless, are ushered inside to gather around the wood oven to stay warm, their small supply of firewood damp and dilapidated by beetles and worms. In town, people are stranded, taking refuge in the wise words of the bartender, or in the arms of a prostitute. The stranger walks among them, his face weather-beaten and hidden beneath days of filth, his walk hampered by a long and difficult road. He carries a secret he cannot reveal and a pouch of gold coins he cannot deplete. Soon, death abounds.

[Bone Dust](#) Feb 08 2021 When the sun sets in Baltimore it is a good time to run home. Criminals and psychos roam the streets hunting for victims. Corrupt minds and decadent fortunes rule the high-rises toying with the future of the people. And most of all, at night the vampires come out to play. Desmond Blanchard is alone. He is a genius and he sweeps the

floors of a low-rent dinner theater for his tyrannical boss. When he meets an enigmatic woman named Darya and follows her down the wrong alley, his life and world are warped beyond recognition. He is killed and reborn as one of the walking dead. Now he learns of the secret world of the vampires and what they have in store for Charm City. They don't want to conquer Baltimore in their evil, as they already have, and Desmond has the chance to choose which evil should rule. The struggle will take him to the home of werewolves, the domains of black magic, the haunts of ghosts, and depths of his soul. Being dead has never been tougher.

**The Bone Garden** Dec 09 2020 A spooky and adventurous debut illustrated fantasy novel about a girl made of dust and bone and imagination who seeks the truth about the magic that brought her to life. "This magical story—and the brave girl in its pages—will haunt you in the best way." —Natalie Lloyd, New York Times bestselling author of *Over the Moon* "Remember, my dear, you do not really and truly exist." Irréelle fears she's not quite real. Only the finest magical thread tethers her to life—and to Miss Vesper. But for all her efforts to please her cruel creator, the thread is unraveling. Irréelle is forgetful as she gathers bone dust. She is slow returning from the dark passages beneath the cemetery. Worst of all, she is unmindful of her crooked bones. When Irréelle makes one final, unforgivable mistake by destroying a frightful creature just brought to life, Miss Vesper threatens to imagine her away once and for all. Defying her creator for the very first time, Irréelle flees to the underside of the graveyard and embarks on an adventure to unearth the mysterious magic that breathes bones to life, even if it means she will return to dust and be no more. Debut author Heather Kassner's *The Bone Garden* is a gorgeously written story—illustrated by Matt Saunders—humming with magic, mystery, and dark imaginings. Perfect for fans of Holly Black, Jonathan Auxier, and Katherine Arden. "[Evokes] the dreamy tone and themes of Neil Gaiman's *Coraline* and *The Graveyard Book* . . . an impressive new fairy tale that will appeal to fans of Lisa Graff's subtly magical stories." —Booklist

*Bones* Aug 24 2019 In 2014 local historian Catherine Corless made a discovery of baby bones and skeletons in the grounds of a mother and baby home in Tuam, County Galway, Ireland. Built on the grounds of an old workhouse that operated between 1921 and 1961 the discovery threw up questions about the goings-on across this and similar institutions across Ireland. Tanika Gupta's powerful drama is loosely based on these recent and historical events, drawing inspiration from Corless' discovery. Told through the eyes of Grace and her grandchildren, *Bones* is a play about loss, punishment of unmarried mothers and the legacy of the demonisation of women by Church and State, where the human and reproductive rights of women are undermined. *Bones* premiered at the Royal Central School of Speech and Drama in 2019. *Bones* is published in Methuen Drama's Plays For Young People Age 16+ series which offers suitable plays for young performers at schools, youth groups and youth theatres that have each had premiere productions by young performers in the UK.

**Bone Dust and Beginnings Large Print Edition** Jul 28 2022 It All Starts Here Long years after nuclear war devastated the world and split reality, a group of gunfighters have come from the western radiation zones, obeying a forgotten code. On an impossible quest to find those who came before them, these fighters are searching through the remnants, hoping to prove the myth of sanctuary. Alexa culled her companions from the dwindling herd of humanity, sensing they alone may have the strength to make the journey. Each battle fought at her side tightens their bonds. For the fighters, the quest is about redemption and rebuilding what they've lost. For Alexa, the quest is a relentless hunt for her missing father, and nothing will stand in her way, not even the love she has for her crew. Bone Dust and Beginnings Book one will take the new crew through their first adventure together and introduce them to the drastic changes in their world, including trolls, zombies, ghosts, and desperate vampires. If her crew can complete their quest, they'll earn a chance to heal the rift in reality. If they fail, monsters will be here to stay and humans will become the myth. This large-print edition fits the recognized standards for readers with some vision impairments. It is 20PT Arial font, spaced at 1.5, with a margin of 0.05. Most books are published in 12 or 14, meaning this novel will start out 4-5 times larger than average. Then, it can be increased even further by using your magnifications settings.

*Nettle & Bone* Feb 29 2020 From Hugo, Nebula, and Locus award-winning author T. Kingfisher comes an original and subversive fantasy adventure. \*A very special hardcover edition, featuring gold foil stamp on the casing and custom endpapers illustrated by the author.\* This isn't the kind of fairytale where the princess marries a prince. It's the one where she kills him. Marra never wanted to be a hero. As the shy, convent-raised, third-born daughter, she escaped the traditional fate of princesses, to be married away for the sake of an uncaring throne. But her sister wasn't so fortunate—and after years of silence, Marra is done watching her suffer at the hands of a powerful and abusive prince. Seeking help for her rescue mission, Marra is offered the tools she needs, but only if she can complete three seemingly impossible tasks: —build a dog of bones —sew a cloak of nettles —capture moonlight in a jar But, as is the way in tales of princes and witches, doing the impossible is only the beginning. Hero or not—now joined by a disgraced ex-knight, a reluctant fairy godmother, an enigmatic gravewitch and her fowl familiar—Marra might finally have the courage to save her sister, and topple a throne. "Nettle & Bone is the kind of book that immediately feels like an old friend. Fairytale mythic resonance meets homey pragmatism in this utterly delightful story. It's creepy, funny, heartfelt, and full of fantastic characters I absolutely loved!" —Melissa Caruso, author of *The Tethered Mage* At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Florentine poet whose dead body shaped Italy from the Middle Ages and the Renaissance to the Risorgimento, World War I, and Mussolini's fascist dictatorship. Dante, whose *Divine Comedy* gave the world its most vividly imagined story of the afterlife, endured an extraordinary afterlife of his own. Exiled in death as in life, the Florentine poet has hardly rested in peace over the centuries. Like a saint's relics, his bones have been stolen, recovered, reburied, exhumed, examined, and, above all, worshiped. Actors in this graveyard history range from Lorenzo de' Medici, Michelangelo, and Pope Leo X to the Franciscan friar who hid the bones, the stone mason who accidentally discovered them, and the opportunistic sculptor who accomplished what princes, popes, and politicians could not: delivering to Florence a precious relic of the native son it had banished. In *Dante's Bones*, Guy Raffa narrates for the first time the complete course of the poet's hereafter, from his death and burial in Ravenna in 1321 to a computer-generated reconstruction of his face in 2006. Dante's posthumous adventures are inextricably tied to major historical events in Italy and its relationship to the wider world. Dante grew in stature as the contested portion of his body diminished in size from skeleton to bones, fragments, and finally dust: During the Renaissance, a political and literary hero in Florence; in the nineteenth century, the ancestral father and prophet of Italy; a nationalist symbol under fascism and amid two world wars; and finally the global icon we know today.

**Dust Off the Bones** Mar 31 2020 "Arresting, powerful, and very much worth reading."—Scott Simon (NPR) "A tale of violence and redemption in the Australian Outback....Fast-paced and brimming with colorful, realistic detail, the novel poses disturbing questions about the Australia's historic cruelty to its native inhabitants....A complex, sophisticated morality play." (Starred Kirkus Review) The author of the acclaimed *Only Killers and Thieves* returns to turn-of-the-century Australia in this powerful sequel that follows the story of brothers Tommy and Billy McBride, the widow of their family's killer, Katherine Sullivan, and the sadistic Native Police officer Edmund Noone In 1890, estranged brothers Tommy and Billy McBride are living far apart in Queensland, each dealing with the trauma that destroyed their family in different ways. Now 21, Billy bottles his guilt and justifies his past crimes while attempting to revive his father's former cattle run and navigate his feelings for the young widow Katherine Sullivan. Katherine, meanwhile, cherishes her newfound independence but is struggling to establish herself as head of the vast Broken Ridge cattle empire her corrupt late husband mercilessly built. But even in the outback, the past cannot stay buried forever. When a judicial inquest is ordered into the McBride family murders and the subsequent reprisal slaughter of the Kurrong people, both Billy and Police Inspector Edmund Noone – the man who led the massacre – are called to testify. The inquest forces Billy to relive events he has long refused to face. He desperately needs to find his brother, Tommy, who for years has been surviving in the wilderness, attempting to move on with his life. But Billy is not the only one looking for Tommy. Now the ruthless Noone is determined to find the young man as well, and silence both brothers for good. An enthralling, propulsive adventure that builds in suspense, told in gorgeous prose and steeped in history and atmosphere, *Dust Off the Bones* raises timeless issues of injustice, honor, morality, systemic racism, and the abuse of power. With an unflinching eye, Paul Howarth examines the legacy of violence and the brutal realities of life in a world remarkably familiar to our own.

*Annual Report on the Administration of the Department of Agriculture and Commerce, North-Western Provinces and Oudh, for the Year Ending 31st March ...* Jan 28 2020

*Holy Bones, Holy Dust* Oct 31 2022 Relics were everywhere in medieval society. Sainly morsels such as bones, hair, teeth, blood, milk, and clothes, and items like the Crown of Thorns, coveted by Louis IX of France, were thought to bring the believer closer to the saint, who might intercede with God on his or her behalf. In the first comprehensive history in English of the rise of relic cults, Charles Freeman takes readers on a vivid, fast-paced journey from Constantinople to the northern Isles of Scotland over the course of a millennium. In "Holy Bones, Holy Dust," Freeman illustrates that the pervasiveness and variety of relics answered very specific needs of ordinary people across a darkened Europe under threat of political upheavals, disease, and hellfire. But relics were not only venerated--they were traded, collected, lost, stolen, duplicated, and destroyed. They were bargaining chips, good business and good propaganda, politically appropriated across Europe, and even used to wield military power. Freeman examines an expansive array of relics, showing how the mania for these objects deepens our understanding of the medieval world and why these relics continue to

**Bleached Bones in the Dust** Apr 24 2022 For twenty years, bounty hunter Montgomery Drake searched for Lomax Rhinehart, to make him pay for an atrocity he committed during the war. When Drake's friend, Wallace Sheckley, tells him he's found Rhinehart, he follows him to Sunrise. But Arnold Hays and his gunslingers have the town in the grip of fear. Then Sheckley goes missing and Rhinehart cannot be found. Hays is key to discovering what has happened to both men. But will

Drake's gun get the answers?

**Bone Dust** Sep 17 2021 Fifth book in the Gina Mazzio RN Medical Thriller series

*The Bone Thief* Jul 04 2020 Fans of Tim Burton and Wes Anderson will love this new fantasy novel by #1 New York Times bestselling author Alyson Noël in which a ragtag team of eleven-year olds with otherworldly abilities set out to solve the mystery behind the sudden onset of ordinary events plaguing their very unusual town. Compared to other more ordinary towns, Quiver Hollows is a very strange, very curious place. It is also home to longtime friends Grimsly, Ollie, Ming, and Penelope. In a town where everyone is spectacularly abnormal, Grimsly feels bad about being terribly, unforgivably normal, as the town's pet funeral director. So when a series of strange and disturbing mundane occurrences begins plaguing Quiver Hollows, well, Grimsly fears his growing celebrity just might be to blame since everyone knows that the things you focus on the most have an uncanny way of shaping your world. The group of friends also learn that the bones in the pet cemetery are thought to be the source of the strange magic that binds the town of Quiver Hollows. With the bones now gone, the town's magic is quickly dissipating. Will it ultimately become as common and ordinary as everywhere else?
