[Gail Godwin](#) May 26 2022 Gail Godwin peoples her novels and stories with insightful, sympathetic characters seeking to transcend the ordinariness of their existence, and it is for such consistently vivid characterization that this Alabama writer is renowned. Godwin has expressed her wide-ranging concerns in numerous works of fiction from [The Odd Woman](#) (1974) and [A Mother and Two Daughters](#) (1982) to [A Southern Family](#) (1987), which received both the Janet Kafka Prize and the Thomas Wolfe Award. Eschewing the critical approach that to date has presented Godwin-as-woman-writer or Godwin-as-Southern-writer, Jane Hill introduces Godwin as a novelist who articulates women's and Southern issues within the larger framework of human experience. In this first book-length critical study of Godwin, Hill focuses exclusively on the novels, examining craft and narrative technique. Hill has worked conversations and correspondence with Godwin into her analysis to create a personal perspective that greatly enhances the book. A clear and cogent introduction, [Gail Godwin](#) offers all those interested in contemporary American literature a fuller understanding of this popular writer.

[Escaping the Castle of Patriarchy](#) Oct 19 2021 The themes of Gail Godwin's novels parallel issues brought into focus by American feminism during the 1970s and 1980s. Of primary importance in Godwin's fiction is individual female development. It is intimately tied to, even dependent upon, her female characters' relations to men. This study is an exploration of developmental patterns among the main female characters in Gail Godwin's novels from these decades. presented in an overview intended to provide a background to Godwin's fiction. Chapter 2 outlines the feminism inherent in Godwin's novels and introduces her treatment of the theme of Southern womanhood, s

important in most of her work. Chapters 3 through 5 present close readings of her novels, focusing on female patterns of developments as linked to the treatment of male-female relationships. The conclusion summarizes the above analyses.

Mar 28 2020 The Literature of the United States of America American literature over the last four hundred years has developed distinctive qualities and traditions, partly engendered by the land itself. The rich variety of literature flourished as the land was colonised and cultivated. In this new edition Marshall Walker has updated his wide-ranging study of American literature by giving greater attention to poets from Hart Crane and e.e.Cummings to John Ashbery and A.R.Ammons and to novelists from William Burroughs and Kurt Vonnegut to John Irving. More space is given to drama, from the later works of Tennessee Williams and Arthur Miller to the plays of Sam Shepard and David Mamet. The special concerns of Black, Jewish and Women writers are explored as this book demonstrates that American literary history can no longer be considered largely in terms of regional dominances.

Mar 24 2022 "True, time is the villain and we are trapped in him. True, love is sometimes not returned. True, friends are sometimes false. But to be aware of this—all of it—and still want to go on living, that is the triumph. It is the reward." As a young woman and aspiring author, Gail Godwin kept a detailed journal of her hopes and dreams, her love affairs, daily struggles, and small triumphs as she yearned for the day when she would finally become a published writer. At the urging of her friend Joyce Carol Oates, Godwin has distilled these early journals into two parts: This second and final volume opens in London in 1963 and concludes with the triumphant sale of Godwin's first novel in 1969. Newly divorced and filled with literary ambition, Godwin arrives in London in 1962. At the start of this second volume, the call to write has become ingrained in the trajectory of her life. Though she is hobbled by a tedious but well-paying job with the U.S. Travel Service ("I thought I should no more be doing this job than raising skunks"), Godwin's journals brim with the emotional complexity and intellectual curiosity that will soon distinguish her novels, and a sharp wit that belies her twenty years. Through these pages, Godwin's development as a writer takes center stage, bolstered by her keen observations of human relationships—especially those between men and women: "I want to exploit, define, name place this ever-shifting contest between men and women." Her own love affairs are varied, doomed, and fascinating: There's a short-lived engagement to a rugby player, a dalliance with a policeman, a tortured marriage to a psychiatrist obsessed with Scientology. "Men have let me down," she writes, "and I construct my meaning in the emptiness they've left behind." Leaving London and all its passionate wonders and disappointments, Godwin arrives in Iowa City to study at the Iowa Writers' Workshop. There, taught by Kurt Vonnegut and José Donoso, building friendships with Jane Barnes, John Casey, David Plimpton, and John Irving, Gail Godwin finally achieves her dream—and a published novelist is born. The Making of a Writer, Volume 2 is a remarkable window into the life of one of the most notable American writers of a generation, and an extraordinarily candid look at the very heart of a woman who has written herself to acclaim.

Husbands, Lovers, and Dreamlover Aug 05 2020 "What do novels like Lisa Alther's Kin flicks, Erica Jong's Fear of Flying, Gail Godwin's Glass People, Gael Greene's Blue Skies, No Candy, and Anne Roiphe's Up the Sandbox! have in common? This study argues that besides being informed by women's liberation issues, they offer critical representations of masculine identity. The novels present protagonists who in marriage, love affairs, and erotic fantasies encounter a variety of men/masculinities. Husbands, Lovers, and Dreamlovers investigates the types of masculinities that are mobilized as "objects of desire" in these and other women's novels of the 1970s."--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. The History of Southern Women's Literature June 24 2019 Many of America's foremost, and most beloved, authors are also southern and female: Mary Chesnut, Kate Chopin, Ellen Glasgow, Zora Neale Hurston, Eudora Welty, Harper Lee, Maya Angelou, Anne Tyler, Alice Walker, and Lee Smith, to name several. Designating a writer as "southern" if her work reflects the region's grip on her life, Carolyn Perry and Mary Louise Weaks have produced an invaluable guide to the richly diverse and enduring tradition of southern women's literature. Their comprehensive history—the first of its kind in a relatively young field—extends from the pioneer woman to the career woman, embracing black and white, poor and privileged, urban and Appalachian perspectives and experiences. The History of Southern Women's Literature allows readers both to explore individual authors and to follow the developing arc of various genres across time. Conduct books and slave narratives; Civil War diaries and letters; the antebellum, postbellum, and modern novel; autobiography and memoirs; poetry; magazine and newspaper writing—these and more receive close attention. Over seventy contributors are represented here, and their essays discuss a wealth of women's issues from four centuries: race, urbanization, and feminism; the myth of southern womanhood; preset images and assigned social roles—from the belle to the mammy—and real life behind the facade of meeting others' expectations; poverty and the labor movement; responses to Uncle Tom's Cabin and the influence of Gone with the Wind. The history of southern women's literature tells, ultimately, the story of the search for freedom within an "insidious tradition," to quote Ellen Glasgow. This teeming volume validates the deep contributions and pleasures of an impressive body of writing and marks a major achievement in women's and literary studies.

Dream Children Nov 19 2021 "Compelling, beautiful. . . Miraculous. . . Astonishing. . . So deeply satisfying, as to be breathtaking." --The Philadelphia Inquirer In fifteen extraordinary and lyrical short stories, esteemed novelist Gail Godwin has created worlds in which we discover ourselves as lovers, mothers, wives, and friends. Carefully, delicately, Ms. Godwin peels back the layers of defense and reveals women who search for meaning and connection in a world of abstraction and isolation. In "Dream Children," a reckless young wife finds herself unable to separate from the child she has lost; in "My Love, His Summer Vacation," the mistress of a married man so closely follows his every action that she has no life of her own; and in "Indulgences," a woman makes a list of her lovers, only to wonder if she can love. A keen observer of both heart and mind, Ms. Godwin has conjured up a stunning collection of stories that strike at the center of our lives. "In Dream Children, Gail Godwin shows her capabilities as a clear-seeing uncoverer of thought. . . . What she knows about the workings of the human mind it deals with grand tragedies, tiny sorrows, she knows with conviction." --The Christian Science Monitor "The work of a writer who is moving confidently to the forefront of contemporary American fiction." --The Miami Herald "The stories are all. . . detailed with expertise and frosted with elegance." --Kirkus Reviews

The Making of a Writer Jul 16 2021 Gail Godwin was twenty-four years old and working as a waitress in the North Carolina mountains when she wrote: "I want to be everybody who is great; I want to create everything that has ever been created." It is a declaration that only a wildly ambitious young writer would make in the privacy of her journal. In the heady days of her literary apprenticeship, Godwin kept a daily chronicle of her dreams and desires, her travels, love affairs, struggles, and breakthroughs. Now, at the urging of her friend Joyce Carol Oates, Godwin has distilled these early journals, which run from 1961 to 1963, to their brilliant and charming essence. The Making of a Writer opens during the feverish period following the breakup of Godwin's first marriage and her stint as a reporter for The Miami Herald. Aware that she is entering one of the great turning points of her life as she prepares to move to Europe, Godwin writes of the "100 different hungers" that consume her on the eve of departure. A whirlwind trip to New York, the passengers and their stories on board the SS Oklahoma, the shock of her first encounters with Danish customs (and Danish men)—Godwin wonderfully conveys the excitement of a writer embracing a welter of new experience. After a long, dark Scandinavian winter and a gloriously romantic interlude in the Canary Islands, Godwin moves to London and embarks on the passionate engagements that will

inspire some of her finest stories. She records the pleasures of soaking in the human drama on long rambles through the London streets—and the torment of lonely Sundays spent wrestling these impressions into prose. She shares her passion for Henry James, Marcel Proust, Lawrence Durrell, Thomas Wolfe—and her terror of facing twenty-six with nothing to show but a rejected novel and a stack of debts. “I do not feel like a failure,” Godwin insists as she sits down yet again to the empty page. “I will keep writing, harder than ever.” Like Virginia Woolf’s *A Writer’s Diary*, Gail Godwin’s journals brim with the urgency and wit of a brilliant literary mind meeting the world head on. An inspired and inspiring volume, *The Making of a Writer* opens a shining window into the life and craft of a great writer just coming into her own.

Each writer is presented in an essay/interview reflecting the dynamic that develops naturally when two vital minds meet to discuss topic of mutual interest. The writers talk about the role of memory, space, and family in their work, about politics, dreams, and race, about their mothers and children and alma maters, about book reviewing and their agents, editors, and publishers, and about each others’ work. A bibliography of principal works follows each essay. A valuable contribution to writers both female and male, for above all else, this is a book about writing.

Glass People Feb 20 2022 "POWERFUL. . .GODWIN IS BRILLIANT. . .DEFTLY PLOTTED AND IMAGINED. . . [It] deepened my long-cherished belief about certain forms of art: that in exploring extremities of human behavior in forcing us to wade through real or metaphorical blood, such art saves us from these experiences and is cathartic in the best sense of the term." --Joyce Carol Oates *The Washington Post* Francesca married her husband Cameron, an ambitious Los Angeles district attorney, because he asked. Beautiful and pampered, she has never worked and has never wanted to. She lives only to appreciate the finer things and to be adored. But after four years of marriage, she finds herself unable to move, to dress in the morning, or to take the elevator outside. Lately, she finds her days drifting by in a haze. She'd like to leave Cameron, but the effort seems too great. Instead, she visits her mother, once her closest confidante, now indifferent and distant. As Francesca prays for rescue, change makes a surprise appearance, and suddenly she is faced with the choice between an awkward life and a slow, comfortable death. . . . "Deceptively subtle: it would be easy to skim right over all the deep things the author is saying and read her book as a well-written surface story of a beautiful woman who makes an abortive bid for freedom....I have been crying out for contemporary woman's new consciousness to express or define itself in a good novel....Here it is: *Glass People* by Gail Godwin." --Anatole Broyard *The New York Times*

A Story Larger than My Own Feb 29 2020 In 1955, Maxine Kumin submitted a poem to the *Saturday Evening Post*. “Lines on a Half-Painted House” made it into the magazine—but not before Kumin was asked to produce, via her husband’s employer, verification that the poem was her original work. Kumin, who went on to win the Pulitzer Prize for poetry, was part of a groundbreaking generation of women writers who came of age during the midcentury feminist movement. By challenging the status quo and ultimately finding success for themselves, they paved the way for future generations of writers. In *A Story Larger than My Own*, Janet Burroway brings together Kumin, Julia Alvarez, Jane Smiley, Erica Jong, and fifteen other accomplished women of this generation to reflect

on their writing lives. The essays and poems featured in this collection illustrate that even writers who achieve critical and commercial success experience a familiar pattern of highs and lows over the course of their careers. Along with success comes the pressure to sustain it, as well as a constant search for subject matter, all too frequent crises of confidence, the challenges of a changing publishing scene, and the difficulty of combining writing with the ordinary stuff of life—family, marriage, jobs. The contributors, all now over the age of sixty, also confront the effects of aging, with its paradoxical duality of new limitations and newfound freedom. Taken together, these stories offer advice from experience to writers at all stages of their careers and serve as a collective memoir of a truly remarkable generation of women.

Changing the Story Dec 29 2019 "... Changing the Story... gives an excellent and well-informed account of the differences between the American, Canadian, British, and French attitudes towards feminism and feminist fiction and literary theory... a very readable book... which reminds us that literature can change us, and that through it we can change ourselves." -- Margaret Drabble "A distinctive contribution -- clear, elegant, precise, and well-read -- to the feminist discussion of narrative, of Anglo/Canadian/white North American novelists, and to contemporary fiction. Greene tracks how feminist novelists draw upon, and negotiate with traditional narrative patterns, and how their critical approach implicates, and provokes, social change. The book brings us to an intelligent post-humanism which does not scant the social meanings of metafictional critique. And, in addition, this book remembers hope." -- Rachel Blau DuPlessis "Changing the Story is an invaluable guide to the feminist classics of the last three decades. This is cultural criticism at its best: engaged, re-visionary, and politically astute." -- Nancy K. Miller "Greene tells a very good tale about how feminist fiction emerged, developed, made changes in the world, and now threatens to wane." -- The Women's Review of Books "Her probing analysis... should captivate general readers as well as academics." -- WLW Journal "Changing the Story is an important work of feminist criticism certain to spark controversy within the feminist community." -- American Literature The feminist fiction movement of the 1960s--1980s was and is as significant a movement as Modernism. Gayle Greene focuses on the works of Doris Lessing, Margaret Drabble, Margaret Atwood, and Margaret Laurence to trace the roots of the feminist literary explosion. She also speculates on the future of feminist fiction in the current regressive period "post feminism."

No Man's Land May 02 2020 How do writers and their readers imagine the future in a turbulent time of sex war and sex change? And how have transformations of gender and genre affected literary representations of "woman," "man," "family," and "society"? This final volume in Gilbert and Gubar's landmark three-part No Man's Land: The Place of the Woman Writer in the Twentieth Century argues that throughout the twentieth century women of letters have found themselves on a confusing cultural front and that most, increasingly aware of the artifice of gender, have dispatched missives recording some form of the "future shock" associated with profound changes in the roles and rules governing sexuality. Divided into two parts, Letters from the Front is chronological in organization, with the first section focusing on such writers of the modernist period as Virginia Woolf, Zora Neale Hurston, Edna St. Vincent Millay, Marianne Moore, and H.D., and the second devoted to authors who came to prominence after the Second World War, including Gwendolyn Brooks, Sylvia Plath, Margaret Atwood, Toni Morrison, and A.S. Byatt. Embroiled in the sex antagonism that Gilbert and Gubar traced in The War of the Words and in the sexual experimentations that they studied in Sexchanges, all these artists struggled to envision the inscription of hitherto untold stories on what H.D. called "the blank pages/of the unwritten volume of the new." Through the works of the first group, Gilbert and Gubar focus in particular on the demise of any single normative definition of the feminine and the rise of masquerades of "femininity" amounting to "female female impersonation." In the writings of the second group, the critics pay special attention to proliferating revisions of the family

romance--revisions significantly inflected by differences in race, class, and ethnicity--and to the rise of masquerades of masculinity, or "male male impersonation." Throughout, Gilbert and Gubar discuss the impact on literature of such crucial historical events as the Harlem Renaissance, the Second World War, and the "sexual revolution" of the sixties. What kind of future might such a past engender? Their book concludes with a fantasia on "The Further Adventures of Snow White" in which their bravura retellings of the Grimm fairy tale illustrate ways in which future writing about gender might develop.

Old Lovegood Girls Oct 07 2020 "As always, wry, beady-eyed, acute." -Margaret Atwood, via Twitter From the bestselling, award-winning author of *Flora and Evensong* comes the story of two remarkable women and the complex friendship between them that spans decades. When the dean of Lovegood Junior College for Girls decides to pair Feron Hood with Merry Jellicoe as roommates in 1958, she has no way of knowing the far-reaching consequences of the match. Feron, who has narrowly escaped from a dark past, instantly takes to Merry and her composed personality. Surrounded by the traditions and four-story Doric columns of Lovegood, the girls--and their friendship--begin to thrive. But underneath their fierce friendship is a stronger, stranger bond, one comprised of secrets, rivalry, and influence--with neither of them able to predict that Merry is about to lose everything she grew up taking for granted, and that their time together will be cut short. Ten years later, Feron and Merry haven't spoken since college. Life has led them into vastly different worlds. But, as Feron says, once someone is inside your "reference aura," she stays there forever. And when each woman finds herself in need of the other's essence, that spark--that remarkable affinity, unbroken by time--between them is reignited, and their lives begin to shift as a result. Luminous and masterfully crafted, *Old Lovegood Girls* is the story of a powerful friendship between talented writers, two college friends who have formed a bond that takes them through decades of a fast-changing world, finding and losing and finding again the one friendship that defines them.

Grief Cottage Feb 08 2021 Longlisted for the 2020 Grand Prix de littérature américaine Publishers Weekly Best Books of 2017 (Top 10) Chicago Public Library Best of the Best Books 2017 Indie Next Summer 2018 Pick For Reading Groups The haunting tale of a desolate cottage, and the hair-thin junction between this life and the next, from bestselling National Book Award finalist Gail Godwin. After his mother's death, eleven-year-old Marcus is sent to live on a small South Carolina island with his great aunt, a reclusive painter with a haunted past. Aunt Charlotte, otherwise a woman of few words, points out a ruined cottage, telling Marcus she had visited it regularly after she'd moved there thirty years ago because it matched the ruin of her own life. Eventually she was inspired to take up painting so she could capture its utter desolation. The islanders call it "Grief Cottage," because a boy and his parents disappeared from it during a hurricane fifty years before. Their bodies were never found and the cottage has stood empty ever since. During his lonely hours while Aunt Charlotte is in her studio painting and keeping her demons at bay, Marcus visits the cottage daily, building up his courage by coming ever closer, even after the ghost of the boy who died seems to reveal himself. Full of curiosity and open to the unfamiliar and uncanny given the recent upending of his life, he courts the ghost boy, never certain whether the ghost is friend or follows some sinister agenda. *Grief Cottage* is the best sort of ghost story, but it is far more than that--an investigation of grief, remorse, and the memories that haunt us. The power and beauty of this artful novel wash over the reader like the waves on a South Carolina beach.

How We Are Changed by War Mar 31 2020 The prolonged conflict in Iraq has shown us war's transformative effect. Civilians rivet themselves to events happening halfway around the world, while young soldiers return home from battlefields, coping with the memories of those events. How We Are Changed by War examines our sense of ourselves through the medium of diaries and wartime correspondence, beginning with the colonists of the early seventeenth century, and ending with the diaries and letters from Iraqi war vets. The book tracks the effects of war in private writings regardless of the narrator's historical era allowing the writers to 'speak' to each other across time to reveal a profound commonality of cultural experience. Finally, interpreting the narratives by how writers conveyed the content adds a richer layer of meaning through the lenses of psychology and literary criticism, providing a model for any society to examine itself through the medium of its members' informal writings.
