Reading the Origins of Totalitarianism In 2020 Oct 27 2022 First published in 1951, *The Origins of Totalitarianism* is frequently ranked amongst the top non-fiction books of the 20th century and all time. Having witnessed the great tragedies of WWII, Arendt's work is full of hard-won lessons learned in the aftermath of great horrors-lessons certainly applicable to the unrest of today. This short book seeks to synthesize and relate the dense and much needed wisdom of Arendt's insight into totalitarianism for today. Meant as a guide through Arendt's masterwork, this short volume clearly and concisely draws out the enduring and relevant themes. Specifically written to address the confusion and unrest of our times, this guide summarizes and explains Arendt's insight into: movements, ideology, the rootlessness of mass society, and much more. After a succinct yet detailed exploration of the major themes of *Origins*, a short editorial conclusion explicitly connects Arendt's insights to today's political situation in a nonpartisan manner. This succinct book will be of great interest to anyone seeking nuanced and detailed thought on the foundational problems and history of our unrest today.

Fascism, Totalitarianism and Political Religion Feb 19 2022 9/11 and its aftermath demonstrate the urgent need for political scientists and historians to unravel the tangled relationship of secular ideologies and organized religions to political fanaticism. This major new volume uses a

series of case studies by world experts to further our understanding of these complex issues. They examine the connections between fascism, political religion and totalitarianism by exploring two inter-war fascist regimes, two abortive European movements, and two post-war American extreme right-wing movements with contrasting religious components. A highlight of this collection is a fresh article from Emilio Gentile, recently awarded an international prize for his contributions to our appreciation of the central role played by political religion in the modern age. This is preceded by an editorial essay by Roger Griffin, one of fascist studies' most original thinkers. Alongside these contributions the reader is presented with a wealth of work that redefines the complex concept of 'totalitarian movement' and our understanding of generic Fascism. Taken as a whole, it comprehensively analyses the links between particular totalitarian movements and regimes and the concrete historical phenomena produced in the light of current, radical theories of fascism, totalitarianism and political religion. This book will be of great interest to all students and scholars of international relations, politics and contemporary history. This volume was previously published as a special issue of the journal *Totalitarian Movements and Political Religions*.

Science Fiction: A Guide for the Perplexed Jan 06 2021 From its beginnings in the works of H.G. Wells and Jules Verne to the virtual worlds of William Gibson's *Neuromancer* and *The Matrix*, *Science Fiction: A Guide to the Perplexed* helps students navigate the often perplexing worlds of a perennially popular genre. Drawing on literature as well as example from film and television, the book explores the different answers that criticism has offered to the vexed question, 'what is science fiction?' Each chapter of the book includes case studies of key texts, annotated guides to further reading and suggestions for class discussion to help students master the full range of contemporary critical approaches to the field, including the scientific, technological and political contexts in which the genre has flourished. Ranging from an understanding of the genre through the stereotypes of 1930s pulps through more recent claims that we are living in a science fictional moment, this volume will provide a comprehensive overview of this diverse and fascinating genre.

Elemente und Ursprünge totaler Herrschaft Sep 26 2022

Über Tyrannei Illustrierte Ausgabe Jul 12 2021 NICHT FÜR LESEGRÄTE MIT KLEINEM BILDSCHIRM GEEIGNET! FARBBILDSCHIRM EMPFOHLEN! Timothy Snyders Brandschrift "Über Tyrannei" ist 2017 erschienen, aber schon heute ein Klassiker in der Tradition von Hannah Arendt und George Orwell. Kein anderes Buch trifft so sehr den politischen Nerv unserer Zeit, in der überall auf der Welt die Demokratien unter dem Ansturm eines neuen Autoritarismus wanken. Es appelliert an uns alle, sich dieser Entwicklung entgegenzustellen, und präsentiert 20 Lektionen für alle, die jetzt handeln wollen - und nicht erst, wenn es zu spät ist. Nun hat sich Nora Krug, die Schöpferin von "Heimat" und vielfach preisgekrönte Illustratorin, von diesem Text zu einem außergewöhnlichen grafischen Kunstwerk inspirieren lassen. Indem sie Snyders Kombination aus historischen Perspektiven und konkreten Maximen in ihre ganz eigene Bildsprache überträgt, gewinnt das Kultbuch eine völlig neue Dimension - so aufwühlend politisch und ästhetisch faszinierend, dass jede Seite förmlich vibriert von visueller Energie.

1984 by George Orwell (Book Analysis) Apr 21 2022 Unlock the more straightforward side of 1984 with this concise and insightful summary and analysis! This engaging summary presents an analysis of 1984 by George Orwell, a dystopian novel which presents an uncomfortably realistic portrayal of the future, a future where the government controls everything and residents are kept under constant surveillance. In a society where dissidence is brutally punished and history is altered to suit the State, Winston Smith is one of the few people who still opposes the totalitarian regime which runs the country with an iron fist. The novel, which has been described as a "masterpiece" by The Guardian, was written in 1948 (which is how the title came about: the reversal of the final two digits) and, after it was published the following year, went on not only to become a major success, but also to have a significant influence on the English language. George Orwell was a British writer who was born in British India in 1903. A strong critic of totalitarianism, he has written a number of books denouncing dictatorships, such as that of Stalin in the 20th century. Find out everything you need to know about 1984 in a fraction of the time! This in-depth and informative reading guide brings you: • A complete plot summary • Character studies • Key themes and symbols • Questions for further reflection Why choose BrightSummaries.com? Available in print and digital format, our publications are designed to accompany you on your reading journey. The clear and concise style makes for easy understanding, providing the perfect opportunity to improve your literary knowledge in no time. See the very best of literature in a whole new light with BrightSummaries.com!

Totalitarianism and the Prospects for World Order Oct 15 2021 A remarkably prescient thinker, Aleksandras Shtromas devoted his life to understanding totalitarianism and political change. This posthumous collection of writings, edited by Robert Faulkner and Daniel J. Mahoney, addresses some of the topics that preoccupied Shtromas throughout his life, including totalitarian regimes, postcommunist transitions, the fates of the Baltic states, and the nature of political revolutions.

British History - Teacher Guide Aug 13 2021 This convenient teacher's guide is all a parent or teacher needs to easily grade the 11th grade student assignments for British History: Observations & Assessments from Early Cultures to Today. Assignments with answers, learning objectives, grading criteria, and short essay questions are included. This course is designed for a student to practice independent learning. The guide will assist teachers by offering: 34 chapters for 34 weeks of study Chapters include 5 lessons taking approximately 30 minutes each The final lesson of the week is an exam covering the week's instruction Student questions are organized in the back for easy use in testing and review Teachers, parents, or students can grade assignments daily or weekly As the teacher, you will enjoy partnering with your student as he or she processes British history while developing or strengthening a Christian world view.

Building an ESL Collection for Young Adults Nov 16 2021 A one-stop annotated bibliography of more than 500 recommended titles for young adults

Ester and Ruzya Dec 25 2019 In this "extraordinary family memoir,"* the National Book Award-winning author of The Future Is History reveals the story of her two grandmothers, who defied Fascism and Communism during a time when tyranny reigned. *The New York Times Book Review In the 1930s, as

waves of war and persecution were crashing over Europe, two young Jewish women began separate journeys of survival. Ester Goldberg was a rebel from Bialystok, Poland, where virtually the entire Jewish community would be sent to Hitler's concentration camps. Ruzya Solodovnik was a Russian-born intellectual who would become a high-level censor under Stalin's regime. At war's end, both women found themselves in Moscow. Over the years each woman had to find her way in a country that aimed to make every citizen a cog in the wheel of murder and repression. One became a hero in her children's and grandchildren's eyes; the other became a collaborator. With grace, candor, and meticulous research, Masha Gessen, one of the most trenchant observers of Russia and its history today, peels back the layers of time to reveal her grandmothers' lives—and to show that neither story is quite what it seems. Praise for Masha Gessen "One of the most important activists and journalists Russia has known in a generation."—David Remnick, *The New Yorker* "Masha Gessen is humbly erudite, deftly unconventional, and courageously honest."—Timothy Snyder, author of *On Tyranny*

Zizek: A Guide for the Perplexed Sep 21 2019 One of the most widely-read thinkers writing today, Slavoj Žižek's work can be both thrilling and perplexing in equal measure. *Žižek: A Guide for the Perplexed* is the most up-to-date guide available for readers struggling to master the ideas of this hugely influential thinker. Unpacking the philosophical references that fill Žižek's writings, the book explores his influences, including Lacan, Kant, Hegel and Marx. From there, a chapter on 'Reading Žižek' guides the reader through the ways that he applies these core theoretical concepts in key texts like *Tarrying With the Negative*, *The Ticklish Subject* and *The Parrallax View* and in his books about popular culture like *Looking Awry* and *Enjoy Your Symptom!* Major secondary writings and films featuring Žižek are also covered.

A Study Guide for Political Theories for Students: TOTALITARIANISM Jun 23 2022 Designed with busy students in mind, this concise study guide examines major political theories and is organized into the following easily digestible sections: overview, history, theory in depth, theory in action, analysis and critical response, topics for further study, and bibliography.

Teaching History with Film Nov 04 2020 *Teaching History with Film* provides a fresh, engaging, and clear overview of teaching with film to effectively enhance social studies instruction. Using cases of experienced teachers to illustrate accomplished history teaching through movies, this text provides pre- and in-service teachers with ideas for implementing film-based lessons in their own classrooms and offers a deeper understanding of the thorny issues involved in using film to teach history. The second edition is completely revised and updated including: two entirely new case studies; a new chapter focusing on using international film and incorporating a more global view in the classroom; and additional material on using film to tackle difficult and controversial issues; as well as updates to all of the cases. Each section of the book focuses on how teachers can effectively support the development of students' historical film literacy through topics such as using film to develop interpretive skills, to explore controversial issues, and to develop historical empathy. By developing the skills students need to think critically about the past or what they think they know about history, the lessons in this book illustrate how to harness the pedagogical

power of film to provide the tools necessary for rigorous inquiry and democratic citizenship. Special features include: "Reflection on the Case," following each chapter, analyzing and discussing the strengths and limitations of the teacher's approach as well as providing strategies for using and choosing films specific to the educational outcome Sample unit outlines, descriptions of class texts and films, worksheets, essay questions, viewer guides, and exercises for the classroom throughout Discussion of the practical considerations facing classroom teachers, including juggling time restraints, issues of parental permission, and meeting standards

A Dictionary of 20th-Century Communism May 30 2020 An encyclopedic guide to 20th-century communism around the world The first book of its kind to appear since the end of the Cold War, this indispensable reference provides encyclopedic coverage of communism and its impact throughout the world in the 20th century. With the opening of archives in former communist states, scholars have found new material that has expanded and sometimes altered the understanding of communism as an ideological and political force. A Dictionary of 20th-Century Communism brings this scholarship to students, teachers, and scholars in related fields. In more than 400 concise entries, the book explains what communism was, the forms it took, and the enormous role it played in world history from the Russian Revolution through the collapse of the Soviet Union and beyond. Examines the political, intellectual, and social influences of communism around the globe Features contributions from an international team of 160 scholars Includes more than 400 entries on major topics, such as: Figures: Lenin, Mao, Stalin, Ho Chi Minh, Pol Pot, Castro, Gorbachev Events: Cold War, Prague Spring, Cultural Revolution, Sandinista Revolution Ideas and concepts: Marxism-Leninism, cult of personality, labor Organizations and movements: KGB, Comintern, Gulag, Khmer Rouge Related topics: totalitarianism, nationalism, antifascism, anticommunism, McCarthyism Guides readers to further research through bibliographies, cross-references, and an index

Reader's Guide to the Social Sciences May 10 2021 This 2-volume work includes approximately 1,200 entries in A-Z order, critically reviewing the literature on specific topics from abortion to world systems theory. In addition, nine major entries cover each of the major disciplines (political economy; management and business; human geography; politics; sociology; law; psychology; organizational behavior) and the history and development of the social sciences in a broader sense.

Das Dritte Reich des Traums Apr 28 2020 Charlotte Beradt, die als Journalistin in Berlin arbeitete, wurde ab 1933 nicht mehr beschäftigt, floh 1939 nach England und 1940 weiter nach New York. Charlotte Beradt sammelte Träume, die zwischen 1933 und 1939 geträumt wurden, und befragte dazu Menschen ihrer Umgebung: Schneiderin, Nachbar, Tante, Milchmann, den befreundeten Unternehmer, den Arzt ... Fünfzig „von der Diktatur diktierte Träume“ hat sie in ihren 1966 erstmals erschienenen Klassiker der Traumdokumentation aufgenommen. Eine erste Auswahl, 1943 in einer amerikanischen Zeitschrift erschienen, begann mit den Sätzen: „Ich erwachte schweißgebadet, mit zusammengebissenen Zähnen. Wieder, wie in zahllosen Nächten davor, war ich in einem Traum von einem Ort zum nächsten und immer weiter gejagt worden - angeschossen, gefoltert, skalpiert. Aber in dieser

Nacht kam mir in den Sinn, daß ich wohl nicht die einzige unter Abertausenden war, die durch die Diktatur zu solchen Träumen verurteilt wurde. Was meine Träume beherrschte, mußte auch ihre beherrschen - atemlose Flucht über Felder, Versteck auf schwindelerregend hohen Türmen, Sichverkriechen in Gräbern, die SS-Männer stets auf den Fersen. Ich begann, andere Leute nach ihren Träumen zu befragen.“

Asia: Case Studies in the Social Sciences - A Guide for Teaching Apr 09 2021 The material in this study is covered by Myron L. Cohen on religion and family organization in China; John R. Bowen on family, kinship, and Islam in Indonesia; Robert W. Hefner on hierarchy and stratification in Java; and Nancy Rosenberger on gender roles in Japan. Further material is provided by William W. Kelly on rural society in Japan; Theodore C. Bestor on urban life in Japan; Stephen R. Smith on the family in Japan; Doranne Jacobson on gender relations in India; Lawrence A. Babb on religion in India; Owen M. Lynch on stratification, inequality, and the caste system in India; Laurell Kendall on changing gender relations in Korea; Andrew G. Walder on comparative revolution in China and Vietnam, Maoism, and the sociology of work in China and Japan; Moni Nag on the comparative demography of China, Japan, and India; and Helen Hardacre on the new religions of Japan. Other contributors offering information through case studies are Hiroshi Ishida on stratification and mobility in Japan; Robert C. Liebman on work and education compared in Japan and the US; Joseph W. Elder on education, urban society, urban problems, and industrial society in India; Andrew J. Nathan on totalitarianism, authoritarianism, and democracy in China; Jean C. Oi on mobilisation and participation in China; Edwin A. Winckler on political development in Taiwan; Carl H. Lande on political parties and representation in the Philippines ; Clark N. Neher on political development and political participation in Thailand; and Benedict R. O'G. Anderson on political culture, the military, and authoritarianism in Indonesia. The final chapters of this work include studies by Stephen Philip Cohen on the military in India and Pakistan; Paul R. Brass on democracy and political participation in India; T.J. Pempel on Japanese democracy and political culture, political parties and representation, and bureaucracy in Japan; Han-kyo Kim on political development in South Korea; and Thomas G. Rawski on the economies of China and Japan.

Reading Russian Sources Mar 08 2021 Reading Russian Sources is an accessible and comprehensive guide that introduces students to the wide range of sources that can be used to engage with Russian history from the early medieval to the late Soviet periods. Divided into two parts, the book begins by considering approaches that can be taken towards the study of Russian history using primary sources. It then moves on to assess both textual and visual sources, including memoirs, autobiographies, journals, newspapers, art, maps, film and TV, enabling the reader to engage with and make sense of the burgeoning number of different sources and the ways they are used. Contributors illuminate key issues in the study of different areas of Russia's history through their analysis of source materials, exploring some of the major issues in using different source types and reflecting recent discoveries that are changing the field. In so doing, the book

orientates students within the broader methodological and conceptual debates that are defining the field and shaping the way Russian history is studied. Chronologically wide-ranging and supported by further reading, along with suggestions to help students guide their own enquiries, *Reading Russian Sources* is the ideal resource for any student undertaking research on Russian history.

Das Zeitalter des Überwachungskapitalismus Jul 20 2019 Gegen den Big-Other-Kapitalismus ist Big Brother harmlos. Die Menschheit steht am Scheideweg, sagt die Harvard-Ökonomin Shoshana Zuboff. Bekommt die Politik die wachsende Macht der High-Tech-Giganten in den Griff? Oder überlassen wir uns der verborgenen Logik des Überwachungskapitalismus? Wie reagieren wir auf die neuen Methoden der Verhaltensauswertung und -manipulation, die unsere Autonomie bedrohen? Akzeptieren wir die neuen Formen sozialer Ungleichheit? Ist Widerstand ohnehin zwecklos? Zuboff bewertet die soziale, politische, ökonomische und technologische Bedeutung der großen Veränderung, die wir erleben. Sie zeichnet ein unmissverständliches Bild der neuen Märkte, auf denen Menschen nur noch Quelle eines kostenlosen Rohstoffs sind - Lieferanten von Verhaltensdaten. Noch haben wir es in der Hand, wie das nächste Kapitel des Kapitalismus aussehen wird. Meistern wir das Digitale oder sind wir seine Sklaven? Es ist unsere Entscheidung! Zuboffs Buch liefert eine neue Erzählung des Kapitalismus. An ihrer Deutung kommen kritische Geister nicht vorbei.

Community After Totalitarianism Dec 05 2020 Starting with a definition of political modernity from the angle of its greatest trial, namely totalitarianism, this study pursues two questions: How to conceptualize community after the experience of totalitarianism? And, what can the Eastern Orthodox intellectual tradition contribute to this debate? In both parts of Europe, totalitarianism raised the same political philosophical challenge: How to conceptualize the relationship between the individual and community in the light of the absolute communization of society and the simultaneous absolute atomization of individuals which totalitarianism had brought about? In contemporary Western political philosophy, the reflection upon this experience has taken three principled directions: the unequivocal embrace and conceptual elaboration of liberalism for which the works of John Rawls and Jürgen Habermas are exemplary, the communitarian critique of liberalism for which the works of Charles Taylor and Alasdair MacIntyre are representative, and the postmodern critique which, most clearly expressed in the works of Jean-Luc Nancy, ties the question of community back to the singular human being. In the present study, I add to these three approaches a viewpoint which challenges the limits of all of them. Focusing on the works of Sergej Horužij and Christos Yannaras, I demonstrate how these authors, while accepting the lesson of totalitarianism, seek foundations for their conceptualization of community and human subjectivity in the spiritual and intellectual tradition of Eastern Christianity. My aim is to re-think the political problematic of modernity from the East and beyond liberal, communitarian and postmodern political philosophy in order to extend the interpretative space of political modernity, to sharpen the problematic of community and the human subject after the experience of totalitarianism, and to single out those elements which are especially pertinent for a post-totalitarian philosophy of community: the quality of freedom, the role of

practices, and the meaning of tradition.

Totalitarianism and Literary Discourse Aug 01 2020 The collection *Totalitarianism and Literary Discourse* represents selected proceedings from the conference, *Totalitarianism and Literary Discourse: 20th Century Experience*, held in Tbilisi, Georgia, in October 2009. The Tbilisi conference pioneered scholarly inquiry into post-Soviet space, which evaluated political and cultural realia, emphasizing the challenges facing literature and culture in totalitarian strangleholds, various kinds of ideological diktat, their possible forms and consequences. The Soviet type of totalitarianism was especially accentuated. Decades after the collapse of the Soviet Union, full comprehension of the process of Sovietization has become possible, and in the field of literary studies scholars have worked on a number of issues: assessing conceptual and motivational models of Soviet-period texts; demonstrating the reaction of literary discourse to intellectual terror and systematizing alternative models offered by anti-Soviet discourse; exhibiting the myths and stereotypes of the totalitarian epoch; and classifying literary genres. The collection *Soviet Totalitarianism and Literary Discourse* has gathered papers by scholars from almost all of the post-Soviet states, as well as of some other countries. It is a first attempt to solve the above-mentioned issues and offers a wide array of questions.

The Bloomsbury Companion to Arendt Mar 28 2020 Hannah Arendt's (1906-1975) writings, both in public magazines and in her important books, are still widely studied today. She made original contributions in political thinking that still astound readers and critics alike. The subject of several films and numerous books, colloquia, and newspaper articles, Arendt remains a touchstone in innumerable debates about the use of violence in politics, the responsibility one has under dictatorships and totalitarianism, and how to combat the repetition of the horrors of the past. *The Bloomsbury Companion to Arendt* offers the definitive guide to her writings and ideas, her influences and commentators, as well as the reasons for her lasting significance, with 66 original essays taking up in accessible terms the myriad ways in which one can take up her work and her continuing importance. These essays, written by an international set of her best readers and commentators, provides a comprehensive coverage of her life and the contexts in which her works were written. Special sections take up chapters on each of her key writings, the reception of her work, and key ways she interpreted those who influenced her. If one has come to Arendt from one of her essays on freedom, or from yet another bombastic account of her writings on Adolph Eichmann, or as a student or professor working in the field of Arendt studies, this book provides the ideal tool for thinking with and rediscovering one of the most important intellectuals of the past century. But just as importantly, contributors advance the study of Arendt into neglected areas, such as on science and ecology, to demonstrate her importance not just to debates in which she was well known, but those touched off only after her death. Arendt's approaches as well as her concrete claims about the political have much to offer given the current ecological and refugee crises, among others. In sum, then, the *Companion* provides a tool for thinking with Arendt, but also for showing just where those thinking with her can take her work today.

Reading Guide Feb 07 2021

Totalitarianism and Political Religions Volume III Mar 20 2022 Available for the first time in English language translation, the third volume of Totalitarianism and Political Religions completes the set. It provides a comprehensive overview of key theories and theorists of totalitarianism and of political religions, from Hannah Arendt and Raymond Aron to Leo Strauss and Simone Weill. Edited by the eminent Professor Hans Maier, it represents a major study, examining how new models for understanding political history arose from the experience of modern despotic regimes. Where volumes one and two were concerned with questioning the common elements between twentieth century despotic regimes - Communism, Fascism, National Socialism, Maoism - this volume draws a general balance. It brings together the findings of research undertaken during the decade 1992-2002 with the cooperation of leading philosophers, historians and social scientists for the Institute of Philosophy at the University of Munich. Following the demise of Italian Fascism (1943-45), German National Socialism (1945) and Soviet Communism (1989-91), a comparative approach to the three regimes is possible. A broad field of interpretation of the entire phenomenon of totalitarian and political religions opens up. This comprehensive study examines a vast topic which affects the political and historical landscape over the whole of the last century. Moreover, dictatorships and their motivations are still present in current affairs, today in the twenty-first century. The three volumes of Totalitarianism and Political Religions are a vital resource for scholars of fascism, Nazism, communism, totalitarianism, comparative politics and political theory.

Rousseau: 'The Discourses' and Other Early Political Writings Aug 21 2019 This two volume collection forms a comprehensive anthology of Rousseau's political writings.

Der Geschmack von Asche Oct 03 2020 Die Jahrzehnte kommunistischer Herrschaft in den osteuropäischen Ländern haben in praktisch jeder Familie Fragen aufgeworfen, die nach dem Fall des Eisernen Vorhangs irgendwie beantwortet werden müssen. Diese „posttraumatischen“ Störungen in Ländern und Gesellschaften, die nach ihrer Identität suchen, sind das Thema dieses Buchs. Es ist eine Reise in die Seelenlandschaften der Menschen und die Summe einer zwanzigjährigen Beschäftigung. Marci Shore spürt den Geistern des Kommunismus im gegenwärtigen Osteuropa nach, vor allem in Polen, Tschechien, der Slowakei und Rumänien. Sie interessiert sich für das, was Geschichte aus den Menschen und ihren Leben gemacht hat. Sie hat Menschen in Prag, Krakau, Warschau, Vilnius, Kiew, Moskau, Bukarest besucht, aber auch in der Provinz und in den jeweiligen Enklaven in New York, Jerusalem und Wien. Das Buch ist von hoher literarischer Qualität, geradezu betörend schön geschrieben. Es atmet eine tiefe Humanität, und man spürt, dass die Ich-Erzählerin eine ungewöhnlich kluge und sympathische Frau ist; sie wirkt wie ein Medium zwischen den porträtierten Menschen und dem Leser, durch das hindurch man sich sehr gut in die jeweilige Situation hineinversetzen kann, von der sie berichtet.

History in Literature Jan 26 2020 Alphabetically arranged articles discuss the major events, figures and movements of the twentieth century and how they have been depicted in literature.

Life Stories: A Guide to Reading Interests in Memoirs, Autobiographies, and

Diaries Oct 23 2019 Memoirs, autobiographies, and diaries represent the most personal and most intimate of genres, as well as one of the most abundant and popular. Gain new understanding and better serve your readers with this detailed genre guide to nearly 700 titles that also includes notes on more than 2,800 read-alike and other related titles. • A list of subjects and suggested "read-alikes" accompany each title • Appendixes cover awards, websites, and resources • Detailed indexes provide further points of access

[Eichmann in Jerusalem](#) Sep 02 2020 The controversial journalistic analysis of the mentality that fostered the Holocaust, from the author of *The Origins of Totalitarianism* Sparking a flurry of heated debate, Hannah Arendt's authoritative and stunning report on the trial of German Nazi leader Adolf Eichmann first appeared as a series of articles in *The New Yorker* in 1963. This revised edition includes material that came to light after the trial, as well as Arendt's postscript directly addressing the controversy that arose over her account. A major journalistic triumph by an intellectual of singular influence, *Eichmann in Jerusalem* is as shocking as it is informative—an unflinching look at one of the most unsettling (and unsettled) issues of the twentieth century.

Eastern Left, Western Left Jun 30 2020

Der Weg zur Knechtschaft Feb 25 2020 Das Kultbuch des renommierten Nationalökonomen und intellektuellen Gegenspielers von John Maynard Keynes. "Selten schafft es einmal ein Ökonom, mit einem Buch das breite Publikum aufzurütteln. Eine große Ausnahme bildet ›Der Weg zur Knechtschaft‹, jenes legendäre Buch des späteren Nobelpreisträgers Friedrich A. v. Hayek [...]. Ein Jahr vor Kriegsende popularisierte Hayek damit im Londoner Exil seine in den zwanziger und dreißiger Jahren gewonnenen Überzeugungen, vor allem die These, dass jeder Planwirtschaft eine Tendenz zum Totalitarismus innewohnt und dass es keinen Mittelweg zwischen Sozialismus und Marktwirtschaft geben kann. ›Der Weg zur Knechtschaft‹ hat zentrale Bedeutung für jene Ideen, die man heute, leicht missverständlich, als ›Neoliberalismus‹ bezeichnet; die Überzeugung, dass ökonomische Probleme am besten über freie Märkte gelöst werden sollen und der Anteil des Staates zurückgeführt werden sollte. Einprägsam besonders Hayeks Begründung, warum Planwirtschaft und Demokratie nicht zusammenpassen."

The Study of Totalitarianism Jul 24 2022

Teaching World History Using the Internet Jun 18 2019 Reproducible activities for the classroom. With teachers guide.

Cracking the Common Core Dec 17 2021 This book guides teachers in grades 6-12 to strategically combine a variety of texts—including literature, informational texts, and digital sources—to meet their content-area goals and the demands of the Common Core State Standards (CCSS). It presents clear-cut ways to analyze text complexity, design challenging text sets, and help students get the most out of what they read. Provided are practical instructional ideas for building background knowledge, promoting engagement, incorporating discussion and text-based writing, and teaching research skills. Appendices offer sample unit plans for English language arts, history/social studies, and science classrooms. More than 20 reproducible coaching templates and other tools can be downloaded and printed in a convenient 8 1/2" x 11" size.

On Tyranny May 22 2022 #1 NEW YORK TIMES BESTSELLER • A "bracing" (Vox)

guide for surviving and resisting America's turn towards authoritarianism, from "a rising public intellectual unafraid to make bold connections between past and present" (The New York Times) "Timothy Snyder reasons with unparalleled clarity, throwing the past and future into sharp relief. He has written the rare kind of book that can be read in one sitting but will keep you coming back to help regain your bearings."—Masha Gessen The Founding Fathers tried to protect us from the threat they knew, the tyranny that overcame ancient democracy. Today, our political order faces new threats, not unlike the totalitarianism of the twentieth century. We are no wiser than the Europeans who saw democracy yield to fascism, Nazism, or communism. Our one advantage is that we might learn from their experience. On Tyranny is a call to arms and a guide to resistance, with invaluable ideas for how we can preserve our freedoms in the uncertain years to come.

The Lost Debate Aug 25 2022 Brings to light critiques of modern tyranny written by German socialist intellectuals before and during World War II about the definition, origins, nature, and means of overcoming totalitarianism.

Study Guide on Nineteen Eighty-Four by George Orwell Nov 23 2019 Ray Moore's Study Guides provide insights into demanding and important texts. In Nineteen Eighty-Four George Orwell describes a tyrannous state in which individuality is completely crushed and the rule of the Party symbolized by Big Brother, is absolute. It is a warning against totalitarianism that remains relevant today. Includes: - An introduction - A list of characters with detailed notes; - In-depth analysis of the the biographical, ideological and historical background, genre, setting, narrative voice, themes, symbols, etc.; - Per chapter commentary, and questions to guide the reader to a deeper understanding of the novel.; - glossary of literary terms; - guide to further reading; - two graphic organizers for student's notes,; - and more.

The Psychology of Totalitarianism Jun 11 2021 The world is in the grips of mass formation—a dangerous, collective type of hypnosis—as we bear witness to loneliness, free-floating anxiety, and fear giving way to censorship, loss of privacy, and surrendered freedoms. It is all spurred by a singular, focused crisis narrative that forbids dissident views and relies on destructive groupthink. Desmet's work on mass formation theory was brought to the world's attention on The Joe Rogan Experience and in major alternative news outlets around the globe. Read this book to get beyond the sound bites! Totalitarianism is not a coincidence and does not form in a vacuum. It arises from a collective psychosis that has followed a predictable script throughout history, its formation gaining strength and speed with each generation—from the Jacobins to the Nazis and Stalinists—as technology advances. Governments, mass media, and other mechanized forces use fear, loneliness, and isolation to demoralize populations and exert control, persuading large groups of people to act against their own interests, always with destructive results. In The Psychology of Totalitarianism, world-renowned Professor of Clinical Psychology Mattias Desmet deconstructs the societal conditions that allow this collective psychosis to take hold. By looking at our current situation and identifying the phenomenon of "mass formation"—a type of collective hypnosis—he clearly illustrates how close we are to surrendering to totalitarian regimes. With

detailed analyses, examples, and results from years of research, Desmet lays out the steps that lead toward mass formation, including: An overall sense of loneliness and lack of social connections and bonds A lack of meaning—unsatisfying “bullsh*t jobs” that don’t offer purpose Free-floating anxiety and discontent that arise from loneliness and lack of meaning Manifestation of frustration and aggression from anxiety Emergence of a consistent narrative from government officials, mass media, etc., that exploits and channels frustration and anxiety In addition to clear psychological analysis—and building on Hannah Arendt’s essential work on totalitarianism, *The Origins of Totalitarianism*—Desmet offers a sharp critique of the cultural “groupthink” that existed prior to the pandemic and advanced during the COVID crisis. He cautions against the dangers of our current societal landscape, media consumption, and reliance on manipulative technologies and then offers simple solutions—both individual and collective—to prevent the willing sacrifice of our freedoms. “We can honor the right to freedom of expression and the right to self-determination without feeling threatened by each other,” Desmet writes. “But there is a point where we must stop losing ourselves in the crowd to experience meaning and connection. That is the point where the winter of totalitarianism gives way to a spring of life.” “Desmet has an . . . important take on everything that’s happening in the world right now.”—Aubrey Marcus, podcast host “[Desmet] is waking a lot of people up to the dangerous place we are now with a brilliant distillation of how we ended up here.”—Robert F. Kennedy, Jr.

Post-Mao China Sep 14 2021 Challenges the view that post-Mao China has moved away from communist totalitarianism.
