The Cambridge Companion to Gandhi Oct 24 2019 Even today, six decades after his assassination in January 1948, Mahatma Gandhi is still revered as the father of the Indian nation. His intellectual and moral legacy, and the example of his life and politics, serve as an inspiration to human rights and peace movements, political activists and students. This book, comprised of essays by renowned experts in the fields of Indian history and philosophy, traces Gandhi's extraordinary story. The first part of the book explores his transformation from a small-town lawyer during his early life in South Africa into a skilled political activist and leader of civil resistance in India. The second part is devoted to

Gandhi's key writings and his thinking on a broad range of topics, including religion, conflict, politics and social relations. The final part reflects on Gandhi's image and on his legacy in India, the West, and beyond.

Saraswatichandra Oct 28 2022 In this retelling of Govardhanram Tripathi's sprawling magnum opus, *Saraswatichandra*, Sameer Acharya makes accessible and brings to life for a modern readership one of Indian literature's great classics. *Saraswatichandra* has long been regarded as one of the finest works of Gujarati fiction. It had a profound impact on millions of Indians, including Mahatma Gandhi, seeking to navigate the development of an Indian identity while recognizing a changing political and cultural climate. It is believed that the main character, *Saraswatichandra*, was an inspiration to Gandhi and many of India's freedom fighters, as a man who sought to learn about a nation of people, so he could devote his life to uplifting that nation, particularly the poor and uneducated. The characters and storylines in *Saraswatichandra* have gone on to inspire millions of people and has been recreated in both film and television. It is the story of unrequited love between *Saraswatichandra*, a quiet, romantic and selfless young man who seeks to serve his countrymen, and Kumud, the beautiful and kind-hearted daughter of a prominent minister of a princely state in the Indian state of Gujarat. *Saraswatichandra* and Kumud are arranged to be married. But due to family conflicts, *Saraswatichandra* breaks off the engagement and seeks to live out his life in service to God and his people. But he can't ignore his love for

Kumud. He attempts to get to her home and beg her father's permission to marry her. But he arrives too late. Kumud was quickly married off to another man, Pramadhan, also the son of a prominent and wealthy minister. And while Saraswatichandra was devastated, in his heart he had to know if Kumud was happy in her new life. He travels to Suvarnapur, where Kumud lives with her husband and his family. Saraswatichandra disguises his true identity and ends up working for Kumud's father-in-law, before he learns that seeing him every day was torture for her. Not wishing to cause her any more pain, Saraswatichandra leaves Suvarnapur. Their fates align and they both end up at the same holy ashram on the Gujarat coast, where they must reconcile their feelings while acknowledging society's customs and traditions. The key themes from the original storyline remain just as prevalent today as they were when it was first published. How should an individual weigh his or her ambition with the expectations and needs of others, particularly family? Should someone follow their heart and seek individual happiness above all, or otherwise pursue a path that will please others at the cost of individual happiness? Sons, even devoted ones, often have difficult relationships with fathers. But they still might seek their respect and appreciation even if it means choosing a path that is frowned upon. But what if that path serves a nobler purpose and gives an individual deeper fulfillment? Is that selfish behavior by a son, or an honorable choice by a man? Saraswatichandra is at heart, a love story. And yet, the reader is left to wonder how should cultural values and political opinions be shaped by outside forces? Is it

acceptable to consider new ways of thinking that challenge centuries of structure and tradition if it leads to personal happiness? Can a woman remain single and still be respected? Can a man and a woman successfully work together as friends without suspicion from others?

Spirituality in Modern Literature Dec 18 2021 Fictional literature, when enkindled with spiritual ideas, creates an appeal that transcends time and place. This has been the case with many literary works produced in India and other parts of the world, and this is so even in our modern times characterized by consumerist culture that hardly sees below the surface of things. A compilation from 'Prabuddha Bharata', this book presents to the readers, through a series of articles, a systematic record of some of those writers who added the spiritual dimension to their fictional works in India and the Americas. Translation Reconsidered Nov 24 2019 The present work is an interdisciplinary study cutting across the disciplines of translation studies, genre studies, literary history and cultural history. It primarily deals with a phase of transition in the socio-cultural history of Bengal but has implications for the study of Indian literature as a whole. It takes the view

that “translation” does not merely relocate the text in the target language, but negotiates several sets of relationships between the two cultures involved, altering the nature of relations between them. The study considers the mediating and shaping agency of “genre” in this context. Not only are works translated but genres are translated too, and assume striking and unprecedented shapes in the linguistic culture of the target audience.

Simple & Effective Science For Self Realization (German) May 23 2022 In moments of reflection, it is only natural to wonder what is the true purpose in life and to ask, behind the constant efforts made just in “living”, what is it that we are seeking? In the book “Self Realization”, Gnani Purush (embodiment of Self knowledge) Dada Bhagwan reveals the science of Self realization, describing that attaining knowledge of Self is ultimate life purpose, and is the beginning of lasting, permanent happiness. Dadashri explains that all beings continuously seek happiness – but can only be satisfied by spiritual happiness beyond the fleeting temporary pleasures of life. Becoming Self realized is a spiritual

awakening which allows such happiness to begin to be experienced – because true happiness, or bliss, lies within the Self itself. Having gained Self knowledge, spiritual development and spiritual awareness begin - initiating a spiritual transformation which can result in ultimate liberation, or moksha. Whether interested to discover ultimate life purpose, wanting to learn the true meaning of spirituality, or on a spiritual quest to attain spiritual enlightenment, “Self Realization” is a unique resource among the many spiritual books available today.

Gandhi 1914-1948 Aug 22 2019 'A vivid, absorbing read' Sunday Times 'Magisterial' Literary Review The magnificent new biography of Gandhi by India's leading historian A New York Times Notable Book of 2018 Gandhi lived one of the great 20th-century lives. He inspired and enraged, challenged and galvanized many millions of men and women around the world. He lived almost entirely in the shadow of the British Raj, which for much of his life seemed a permanent fact, but which he did more than anyone else to destroy, using revolutionary tactics. In a world defined by violence on a scale never imagined before and by ferocious Fascist and Communist dictatorship, he was armed with nothing more than his arguments and example. This magnificent book tells the story of Gandhi's life, from his departure from South Africa to his assassination in 1948. It is a book with a Tolstoyan sweep, both allowing us to see Gandhi as he was understood by his contemporaries and the vast, varied Indian societies and landscapes which he travelled through and changed beyond

measure. Drawing on many new sources and animated by its author's wonderful sense of drama and politics, Gandhi is a major reappraisal of the crucial years in this titanic figure's story.

Translating India Mar 21 2022 The cultural universe of urban, English-speaking middle class in India shows signs of growing inclusiveness as far as English is concerned. This phenomenon manifests itself in increasing forms of bilingualism (combination of English and one Indian language) in everyday forms of speech - advertisement jingles, bilingual movies, signboards, and of course conversations. It is also evident in the startling prominence of Indian Writing in English and somewhat less visibly, but steadily rising, activity of English translation from Indian languages. Since the eighties this has led to a frenetic activity around English translation in India's academic and literary circles. Kothari makes this very current phenomenon her chief concern in *Translating India*. The study covers aspects such as the production, reception and marketability of English translation. Through an unusually multi-disciplinary approach, this study situates English translation in India amidst local and global debates on translation, representation and authenticity. The case of Gujarati - a case study of a relatively marginalized language - is a unique addition that demonstrates the micro-issues involved in translation and the politics of language. Rita Kothari teaches English at St. Xavier's College, Ahmedabad (Gujarat), where she runs a translation research centre on behalf of Katha. She has published widely on literary

sociology, postcolonialism and translation issues. Kothari is one of the leading translators from Gujarat. Her first book (a collaboration with Suguna Ramanathan) was on English translation of Gujarati poetry (Modern Gujarati Poetry: A Selection, Sahitya Akademi, New Delhi, 1998). Her English translation of the path-breaking Gujarati Dalit novel Angaliyat is in press (The Stepchild, Oxford University Press). She is currently working on an English translation of Gujarati short stories by women of Gujarat, a study of the nineteenth-century narratives of Gujarat, and is also engaged in a project on the Sindhi identity in India.

Bombay Novels Dec 26 2019 Mumbai? Bombay? How do we explain this city and ourselves within it? How do the city and the city dweller together allow for representations of urban life to arise in literature and the fine arts? This book is an understanding of Mumbai, both as an architectural and literary space, through the lens of spatial criticism and the technique of flânerie. As an icon of experiences, Mumbai is felt through the simultaneous acts of walking, observing, remembering and articulating. In analyzing four novels, namely Baumgartner's Bombay, Ravan and Eddie, Shantaram and Baluta, the book claims that the characters and their authors offer an alternative vision of the city, as they also construct a transient place for themselves. This act of flânerie is an act of transgression as it turns the outside into the inside, changing public space into private space. As the characters serve to disrupt meaning, uncover hidden histories and expose power relations

involved in the representation of place, they actualize many possibilities and meanings. Using the novel as a literary device, the authors have told stories, not only of the protagonist-flâneur, but also of people around them; sometimes in detail, sometimes in passing. In contesting, claiming and owning the lives, the stories, and the city, the humane aspect is never forgotten.

Dalit Text Apr 10 2021 This book, companion to the much-acclaimed Dalit Literatures in India, examines questions of aesthetics and literary representation in a wide range of Dalit literary texts. It looks at how Dalit literature, born from the struggle against social and political injustice, invokes the rich and complex legacy of oral, folk and performative traditions of marginalised voices. The essays and interviews systematically explore a range of literary forms, from autobiographies, memoirs and other testimonial narratives, to poems, novels or short stories, foregrounding the diversity of Dalit creation. Showcasing the interplay between the aesthetic and political for a genre of writing that has 'change' as its goal, the volume aims to make Dalit writing more accessible to a wider public, for the Dalit voices to be heard and understood. The volume also shows how the genre has revolutionised the concept of what literature is supposed to mean and define. Effervescent first-person accounts, socially militant activism and sharp critiques of a little-explored literary terrain make this essential reading for scholars and researchers of social exclusion and discrimination studies, literature (especially comparative literature), translation studies, politics, human rights and culture studies.

Being Middle-class in India Mar 29 2020 Hailed as the beneficiary, driving force and result of globalisation, India's middle-class is puzzling in its diversity, as a multitude of traditions, social formations and political constellations manifest contribute to this project. This book looks at Indian middle-class lifestyles through a number of case studies, ranging from a historical account detailing the making of a savvy middle-class consumer in the late colonial period, to saving clubs among women in Delhi's upmarket colonies and the dilemmas of entrepreneurial families in Tamil Nadu's industrial towns. The book pays tribute to the diversity of regional, caste, rural and urban origins that shape middle-class lifestyles in contemporary India and highlights common themes, such as the quest for upward mobility, common consumption practices, the importance of family values, gender relations and educational trajectories. It unpacks the notion that the Indian middle-class can be understood in terms of public performances, surveys and economic markers, and emphasises how the study of middle-class culture needs to be based on detailed studies, as

everyday practices and private lives create the distinctive sub-cultures and cultural politics that characterise the Indian middle class today. With its focus on private domains middleclassness appears as a carefully orchestrated and complex way of life and presents a fascinating way to understand South Asian cultures and communities through the prism of social class.
