The New York Times bestselling Brit in the FBI series continues with this thrilling "popcorn movie in print form" (Associated Press) pitting special agents Nicholas Drummond and Michaela Caine against a private French space agency that has the power to end the world as we know it. Galactus, France's answer to SpaceX, has just launched a communications satellite into orbit, but the payload actually harbors a frightening weapon: a nuclear bomb that can trigger a massive electromagnetic pulse (EMP). When the satellite is in position, Galactus's second-in-command, Dr. Nevaeh Patel, will have the power to lay waste to the world. A former astronaut, Patel believes she is following the directions of the Numen, aliens who saved her life when she space-walked outside the International Space Station. She is convinced that with the Holy Grail—just discovered by the owner of Galactus, eccentric treasure hunter Jean-Pierre Broussard—she can be reunited with the Numen,

**The numerical record of university attendance in Germany in the last fifty years** Sep 25 2022 The question "Does the total number of students and their enrollment in different faculties meet present-day requirements" evokes keen discussion among the responsible authorities and the public today. The present stage of

these discussions and the data available, however, make it difficult to obtain a clear idea of the actual developments in this respect. The reason for this is not merely that the interests of the groups concerned frequently conflict and that certain single facts are, therefore, seized upon "as required" to prove a point, but mainly because the difficulty lies in forming a clear picture of the interrelation of the factors involved. The present study therefore aims at depicting the development of university attendance statistically and to take such information as a basis for ascertaining, describing and, where possible, quantitatively analysing the most important influences in order to finally discuss whether the anticipated development can be evaluated in the light of the knowledge thereby gained. Basic trends in sociological processes can be more readily discerned if sufficiently large groups are considered and their development traced over as long a period as possible. This thought has prompted the inclusion of only the following groups of faculties for study, without further subdivisions: Engineering (civil engineering, mechanical engineering, including ship building, electrical engineering, mining and metallurgy, but excluding architecture and geodesy). Natural Science (mathematics, physics, astronomy, geophysics, meteorology, chemistry, biology, zoology, geography, geology, mineralogy, among others). Law. Economics (political

**The Last Voyage of the Yankee Seas** Sep 13 2021 Crime scene: Sweden and the Baltic. A harmless enough accident puts Laura on the scent of a murder whose traces lead back to those nineteen-eighties, which risked seeing the Cold War go red hot all of a sudden: from NATO's double-track agreement, SS20 and Pershing cruise missiles, Strategic Defence Initiative, also known as Star Wars, all the way to the Fall of the Berlin Wall and the implosion of the USSR - those were the catchphrases of that turbulent decade. For neutral, yet politically rollercoasting Sweden beyond ABBA and Pippi L., it all boiled down to the bizarre episode known as "Whiskey on the Rocks," aka the grounding of S-363, by whose sombre, silent shadow Laura and her sister Solitaire are being guided to the nest of the Grey Albatrosses, a Rotary of the international crime élite presided over by the mysterious Schramm. As always, the name Laura Forster vouches for exciting as well as humorous entertainment, seasoned, this time, with an unabashed homage to the unique biotope of the

Stockholm and Åland Island skerries, Morlockian submariners and the endangered species of Tall Ship sailors.

### **The Last Karankawas** Dec 04 2020

"Beautiful, complex, and subversive, *The Last Karankawas* is an important book about Texas from a powerful new voice in American fiction. I loved it." —Elizabeth Wetmore, New York Times bestselling author of *Valentine* A blazing and kaleidoscopic debut about a tight-knit community of Mexican and Filipino American families on the Texas coast from a voice you won't soon forget. Welcome to Galveston, Texas. Population 50,241. A popular tourist destination and major shipping port, Galveston attracts millions of visitors each year. Yet of those who come to drink by the beach, few stray from the boulevards to Fish Village, the neighborhood home to individuals who for generations have powered the island. Carly Castillo has only ever known Fish Village. Her grandmother claims that they descend from the Karankawas, an extinct indigenous Texan tribe, thereby tethering them to Galveston. But as Carly ages,

she begins to imagine a life elsewhere, undefined by her family's history. Meanwhile, her boyfriend and all-star shortstop turned seaman, Jess, treasures the salty, familiar air. He's gotten chances to leave Galveston for bigger cities with more possibilities. But he didn't take them then, and he sure as hell won't now. When word spreads of a storm gathering strength offshore, building into Hurricane Ike, each Galveston resident must make a difficult decision: board up the windows and hunker down or flee inland and abandon their hard-won homes. Moving through these characters' lives and those of the extraordinary individuals who circle them, Kimberly Garza's *The Last Karankawas* weaves together a multitude of voices to present a lyrical, emotionally charged portrait of everyday survival. The result is an unforgettable exploration of familial inheritance, human resilience, and the histories we assign to ourselves, reminding us that the deepest bonds are forged not by blood, but by fire. ### [The Last 100 Years \(give or take\)](#) and [All That](#) Jan 17 2022

A fascinating and hilarious gallop through twentieth-century British history, by comedian Al Murray. An awful lot has happened in the last 100 years or so. In fact, when you look at how much went on in the 20th century, it's amazing it didn't take longer than that. And what have we learnt? A few obvious lessons include: megalomaniac men with moustaches in charge of countries tend to turn out to be BAD; anyone who thinks they can explain let alone sort out the Middle East is WRONG; France simply cannot be relied upon; America may or may not be the cause of everything GOOD and BAD in the world (depending on who you ask). This isn't your bog-standard history book. We all know that history books (Which Shall Not be Questioned because they ARE ALL TRUE according to our History Teachers of Yore) are dry and dull, and they go on as if there's only ONE version of history (spoiler: it's all about perspective). Enter Al Murray, alter-ego of everyone's favourite Pub Landlord. Al knows his way around 20th century Britain, and he's good enough to illuminate it for you. From the Big Bang of the 20th Century, DOUBLEYOUDOUBLEYOU ONE, to the eve of the new Millennium (when all the computers in the World DIDN'T stop working and the Queen had to do the Hokey Cokey with Tony Blair) and all the

forgotten tales in between, this is a brilliantly funny, irreverent and eye-opening whistle-stop tour of Britain since 1914. *Kunst - ein Mitmachbuch für Kinder* Jan 05 2021 Kunst selbst gestalten, nach dem Vorbild berühmter Werke: Dazu gibt es hier viele Anregungen und genaue Anleitungen. Ab 9. *James Fenimore Coopers The Last of the Mohicans / Der letzte Mohikaner* Nov 15 2021 Der zweite Band der Lederstrumpf-Quintologie (siehe S. 4) um den Trapper Natty Bumppo (hier: Hawkeye / Falkenauge) in der authentischen Bearbeitung Georg J. Feurig-Sorgenfreis unter Zugrundelegung der vollständigen und getreuen Übertragung von 1841 des Johann Friedrich Leonhard Tafel, fast eines Zeitgenossen von Cooper, in der Kollektion Abenteuer- & Reiseerzählungen, bietet den vollständigen Text; ein knappes Drittel, Kapitel 1 bis 10, zusätzlich parallel Englisch-Deutsch, damit jeder Leser, selbst der mit geringeren Englischkenntnissen, die Art des Originals, seine Übersetzung und Bearbeitung zwanglos nachzuvollziehen vermag, um dann darauf vertrauen zu können, es nicht mit einer von den vielen verstümmelnden, verkürzenden Editionen zu tun zu haben, dass lediglich veraltete Orthographie, Grammatik und sprachliche Ungeschicklichkeiten beseitigt wurden, ohne die Integrität von Coopers Werk oder Tafels Übersetzung zu beschädigen. Georg J. Feurig-Sorgenfrei hat

es, wie auch schon bei Franz Trellers Nikunthas, König der Miami (Orlando Syrg Taschenbuch, 2. Aufl., ORSYTA 22017), geschafft, mit seiner neuen, vollständigen und kongenialen sprachlichen Überarbeitung solche Schwächen zu eliminieren, ohne Zauber und Essenz anzutasten. Das gesamte Werk als Parallelausgabe zu publizieren wäre freilich zu umfangreich geworden, der Herausgeber ist aber davon überzeugt, dass der gebotene zweisprachige Teil mehr als ausreicht, um seinem dargelegten Zweck zu genügen.

These parole lists were microfilmed in 1985 for the author in three rolls identified as Fee 418. This publication gathers in one place The South Carolinians who were under arms at the end. It is the third book in a trilogy including Broken Fortunes and Dark Hours. It will be of value to genealogists and historians."--Jacket.

**The last Samurai** Jun 10 2021 Hollywood hat die Geschichte für sich entdeckt. Nach einer Ära der Sandalen- und Piratenfilme in den 60er und 70er Jahren, welche zum Teil ungewollt komisch wirken, präsentiert die Traumfabrik seit dem Erfolg von Ridley Scotts Gladiator im Jahr 2000 in regelmässigen Abständen Filme, welche historische Stoffe verarbeiten. So entstand mittlerweile für dieses Phänomen der Begriff von Historywood. Im Gegensatz zu den Sandalen- und Piratenfilmen wirken diese auf den Betrachter als authentische Geschichtsdarstellungen. Um das zu erreichen betreibt Hollywood einen grossen Aufwand: Mittels modernster Technik werden alte Kulturen (Rom, Japan etc.) wieder zum Leben erweckt, Historiker wirken hinter der Kamera als Berater und selbst die Drehbuchautoren erforschen historische Fakten. Und trotz dieses Aufwands erfolgt bei nahezu jedem Film ein Aufschrei der Wissenschaft, im Film würden Fakten nicht authentisch verarbeitet und gar verfälscht. Dabei wird übersehen, dass es sich beim populären Unterhaltungskino um eine Kunstform handelt, welche eigenen Regeln unterworfen ist. Drehbuch und Film folgen einem Muster, um die zu erzählende Geschichte für das Publikum spannend zu präsentieren. So muss an dieser Stelle gefragt werden, ob der Film als Transportmedium für geschichtliche Inhalte geeignet ist, und ob man den Wert des

Filmes als Transportmedium nur an seiner authentischen Faktenwiedergabe festmachen kann, bzw. darf. Um sich diesem Thema zu nähern, gilt es einen Brückenschlag zwischen den Disziplinen der Geschichtswissenschaften und denen der Medienwissenschaften herzustellen. Jede für sich betrachtet kann der Komplexität dieser Problematik nicht gerecht werden.

*The Last Stand* May 09 2021 This is the archetypal story of the American West. Whether it is cast as a tale of unmatched bravery in the face of impossible odds or of insane arrogance receiving its rightful comeuppance, Custer's Last Stand continues to captivate the imagination. Nathaniel Philbrick brilliantly reconstructs the build-up to the Battle of the Little Big Horn through to the final eruption of violence. Two legendary figures dominate the events: George Armstrong Custer and Sitting Bull. Those involved are brought vividly to life, as well as the history, geography and haunting beauty of the Great Plains. This book provides a thrilling account of what happened there - and why - at the end of June 1876.

**The last of the barons** Mar 19 2022 *The Last Heroes of Leningrad* May 21 2022 Alexandra Wachter investigates how survivors of the Siege of

Leningrad (1941-44) were able to come to terms with their memories in Soviet and post-Soviet society. Subject to political fluctuations, official remembrance ranged from enforced silence to extensive exploitation for propaganda purposes, a framework which corresponded with psychological strategies to cope, but not deal, with trauma: repression, denial, acting-out and idealization. Based on a combination of oral history interviews, ethnographic and archival research, this study examines narratives and activities of child and adolescent survivors. Individual experiences are related to varying degrees of involvement in survivors' organisations, and thick description adds to the understanding of trauma in the context of a (post-)totalitarian society.

James Fenimore Coopers Indianerbild: The Last of the Mohicans und The Pioneers Aug 12 2021 James Fenimore Coopers Werk markiert den Beginn der Indianerliteratur des 19. Jahrhunderts. In seinen Indianerromanen stellt Cooper die Beziehung der Angloamerikaner zu den Indianern dar und entwirft darüber hinaus ein Bild des Indianers, das am Nachhaltigsten die Vorstellung vom typischen Indianer in der Literatur geprägt hat. Hierbei ist Cooper einerseits der europäischen Aufklärung verpflichtet, die den noble savage "erfand". Andererseits greift Cooper auch das puritanische Feindbild des

Indianers, den satanic savage, auf. Im Ganzen präsentiert Cooper ein stereotypisierendes Bild des Indianers, indem er ihn unter die simple Dichotomie des "guten" und des "bösen" Indianers subsumiert. Dennoch problematisiert Cooper bestimmte Klischees des Fremden, indem er einzelne Indianer individualisiert. Hierbei wird zunächst auf die Traditionen und Quellen eingegangen, denen Coopers Indianerdarstellung verpflichtet ist. Das Buch richtet sich vor allem an Studierende und Mitarbeiter im Fachbereich Amerikanistik sowie an alle Interessierten auf dem Gebiet der Indianerliteratur.

**The Last Wolf** Jul 11 2021 The best nature writer working in Britain today' - Los Angeles Times Book Review In *The Last Wolf*, Jim Crumley explores the place of the wolf in Scotland - past, present and future - and challenges many of the myths that have been regarded for centuries as biological fact. Bringing to bear a lifetime's immersion in his native landscape and more than twenty years as a professional nature writer, Crumley questions much of the written evidence on the plight of the wolf in light of contemporary knowledge and considers the wolf in today's world, an examination that ranges from Highland Scotland to Devon and from Yellowstone in North America to Norway and Italy, as he pursues a more considered portrait of the

animal than the history books have previously offered. Within the narrative, Crumley also examines the extraordinary phenomenon of wolf reintroductions physically transforming the landscapes in which they live that even the very colours of the land change under the influence of teeming grasses, flowers, trees, butterflies, birds, and mammals that flourish in their company, Crumley makes the case for their reintroduction into Scotland with all the passion and poetic fervour that has become the hallmark of his writing over the years. This is an elegant, erudite and imaginative account that readdresses the place of the wolf in modern Scotland.

**The Last Love of George Sand** May 29 2020 George Sand is one the most celebrated writers and controversial personalities of nineteenth-century France; she is as famous for her bohemian lifestyle as for her written work. *The Last Love of George Sand* portrays the writer, political activist, and cultural figure as she starts a new chapter in her ever-surprising life: the mature years with her last lover, the young and talented engraver Alexandre Manceau. A turning point came for George Sand in 1849. After her political involvement in the revolution of 1848, Sand retreated to her country property, Nohant, with her son Maurice and started writing new plays. One day, Maurice introduced her to Alexandre Manceau, a young and shy artist thirteen years her junior. At forty-five, she was at the

pinnacle of her career. She had a long history of tumultuous love affairs with famous artists such as Musset, Chopin, and Mérimée, but she had never experienced a peaceful and balanced relationship. With Manceau, Sand discovered that she could be loved, and fall in love herself, without drama. Their relationship would last fifteen years, and prove to be the most prolific period of Sand's life, with fifty books published including the novels *Elle et lui*, inspired by her relationship with Musset, and *Le dernier amour*, written just ten days after Manceau died of tuberculosis. Although much has been written about George Sand, most of the previous biographies are focused on her more turbulent times. In *The Last Love of George Sand*, Evelyne Bloch-Dano looks back on Sand's life from the vantage point of her years with Manceau.
