The Supplement to the Twelfth Mental Measurements Yearbook May 14 2021 Customers who place a standing order for the Tests in Print series or the Mental Measurements Yearbook series will receive a 10% discount on every volume. To place your standing order, please call 1-800-848-6224 (in the U.S.) or 919-966-7449 (outside the U.S.). The Mental Measurements Yearbooks are widely regarded as essential references for users and developers of tests. Each yearbook contains reviews of commercially available tests published or revised since the previous edition. A biennial publication schedule for yearbooks and supplements was introduced in 1988 to facilitate access to test evaluation information and better meet the needs of test consumers. The Supplement to the Twelfth Mental Measurements Yearbook contains original reviews of tests published or revised since the 1995 edition of the Mental Measurements Yearbook. Tests are listed in alphabetical order for easy reference. Indexes of titles, classified subjects, names, acronyms, and scores, as well as an index and a directory of publishers, are included. A helpful indexing system integrating references across Buros Institute publications is also provided.

Research Impact and the Early Career Researcher Dec 09 2020 Research Impact and the Early Career Researcher documents experiences and perspectives on the emerging concept of research impact from a range of disciplines and places them within an analytical and critical discursive framework. Combining personal reflections with research essays, it provides the reader with a multi-dimensional perspective on research impact and how it connects to the research lives and practice of early career researchers. Research impact is playing an ever-increasing role in international research policy and government strategy. This book: Explores the arrival of impact into the national research consciousness Discusses how to build capacity and skills within research impact and how this might impact academic career progression in an international job market Offers advice on balancing national expectations with institutional expectations on research in terms of funding and career progression Offers suggested ways forward whilst actively challenging what constitutes research impact Research Impact and the Early Career Researcher provides a much-needed research base for studies of research impact and the extent to which it has altered, changed, and influenced the research practice of early career academics. It is an essential guide for any new

and early career researchers wishing to navigate the complex landscape in order to meaningfully contribute to the impact agenda.

The Mind is Not the Heart Jul 04 2020 Salber, an early proponent of the health facilitator role in community medicine, has written a collection of intelligent and insightful personal essays about the relationships between a doctor, patients, and the community served. Salber--physician, woman, mother, wife, researcher, and Jew--recounts her experiences training to be a doctor in her birthplace, apartheid-torn South Africa, as well as her subsequent work with the poor and underprivileged in Boston and rural North Carolina. This is the portrait of an extraordinary humanist who delights in caring for and curing ordinary people. A recommended purchase for academic libraries, particularly those with women's studies programs.

Homeschooling High School Sep 05 2020 Prospective homeschoolers are parents looking for an alternative to the mainstream educational system for their offspring. But homeschooling children at high school level strikes fear into

even the most dedicated of homeschoolers. They need information and answers to their questions. And with the current educational and unemployment problems in South Africa, young people need clear direction and guidance to help them achieve their goals. In addition to exploring the popular ways to gaining a recognised matric certificate outside the formal school system, Homeschooling High School also challenges readers to rethink their values, particularly the value they place on certification, and to consider some unconventional or alternative paths to success. In a clearly presented format, the book includes advice on legal matters, identifying appropriate courses, sourcing study material, tips on entrepreneurship, financing tertiary studies and the testimonies of successful homeschooled graduates. Homeschooling High School is a comprehensive guide to plotting a path through high school and beyond.

Writing and Speaking in the Technology Professions Nov 27 2019 An updated edition of the classic guide to technical communication Consider that 20 to 50 percent of a technology professional's time is spent communicating with others. Whether writing a memo, preparing a set of procedures, or making an oral presentation, effective communication is vital to your professional success. This anthology delivers concrete advice from the foremost experts on how to communicate more effectively in the workplace. The revised and expanded second edition of this popular book completely updates the original, providing authoritative guidance on communicating via modern technology in the contemporary work environment. Two new sections on global communication and the Internet address communicating effectively in the context of increased e-mail and web usage. As in the original, David Beer's Second Edition discusses a variety of approaches, such as: * Writing technical documents that are clear and effective * Giving oral presentations more confidently * Using graphics and other visual aids judiciously * Holding productive meetings * Becoming an effective listener The new edition also includes updated articles on working with others to get results and on giving directions that work. Each article is aimed specifically at the needs of engineers and others in the technology professions, and is written by a practicing engineer or a technical communicator. Technical engineers, IEEE society members, and technical writing teachers will find this updated edition of David Beer's classic Writing and Speaking in the Technology Professions an invaluable guide to successful communication.

Of Diamonds and Dentistry Mar 12 2021 Brian La Trobe retired from Dental practice in 1986 to pursue his environmental interests. He designed South Africa's first energy from waste programme using the landfill site of Grahamstown South Africa. Later, on behalf of the South African Research Commission, he researched and developed a sanitation treatment system which required no water. He then established a company to field test the technology. Finally in 1993 the Enviro Loo unit went into production. To date some 55,000 units have been sold into the African market and exported internationally to many Countries, including the USA. Some years ago, he retired as Chairman of Enviro Options (Pty) Ltd. He now lives in retirement with his wife, Peggy, in Johannesburg where he occupies his time recording old memories.
